For names and descriptions see Page 4
All remittances by Postoffice or Express Order, Bank Draft and Registered Letter are at our risk. Do not send money in ordinary letters without registering; it is not safe; we will not be responsible, and if lost you must not expect us to make it up. But when sent as directed an extra plant (if plant order) or seeds (if seed order) will be given to cover cost of P. O. Order or Registering, if the order amounts to $1.00 or more.

We would appreciate the address of a few of your friends who buy Plants, and will send them our Catalogue.
SPRING, 1907

THE GEO. H. MELLEN CO. INNISFALLEN GREENHOUSES
INCORPORATED 1894. ESTABLISHED 1877.

For thirty years it has been the aim of the INNISFALLEN GREENHOUSES to supply the best quality in Plants, Seeds, Bulbs and Fruits, and to treat everyone with the utmost fairness and liberality. That we have succeeded in gaining the confidence of our customers is shown by the fact that we hold their patronage from year to year and through their recommendation add hundreds of new friends each year.

We want our customers to have the best possible service and if at any time anything should occur to cause you any dissatisfaction, we trust you will bring it to our attention and we will do our best to adjust it in a manner satisfactory to you.

If you should by chance receive more than one copy of this catalogue, kindly hand the extra one to a friend.

SCHEDULE OF CLUB RATES

LIBERAL TERMS FOR CLUB ORDERS

Although our prices will be found as low as offered in other catalogues, we make the following additional inducements for the sending of LARGER ORDERS. Get your friends to order with you, for the larger the order, the more you get for your money.

Do not understand, however, that it is necessary to form a club, as an individual order is entitled to the same rates. Anyone who has time and does not wish to spare the money can secure their own plants without cost by soliciting their neighbors to unite with them in ordering.

EXCEPTIONS: These Club Rates are not allowed on NURSERY STOCK, pages 80-95; Special Offers and Collections, and a few other articles where it is expressly stated, must not be included in Club Rates. Nor can we allow any of these to be selected as premiums.

Please remember this when ordering, and if possible keep above named exceptions separate from that part of your order entitled to Club Rates.

MAIL CLUB RATES

Plants, Etc., by Mail Prepared.

Anyone sending us $1.00 may select Plants, Bulbs and Seeds from Catalogue to value of 10 cents extra.
Anyone sending us $2.00 may select Plants, Bulbs and Seeds from Catalogue to value of 30 cents extra.
Anyone sending us $3.00 may select Plants, Bulbs and Seeds from Catalogue to value of 50 cents extra.
Anyone sending us $4.00 may select Plants, Bulbs and Seeds from Catalogue to value of 75 cents extra.
Anyone sending us $5.00 may select Plants, Bulbs and Seeds from Catalogue to value of $1.00 extra.
Anyone sending us $6.00 may select Plants, Bulbs and Seeds from Catalogue to value of $1.50 extra.
Anyone sending us $7.00 may select Plants, Bulbs and Seeds from Catalogue to value of $1.75 extra.
Anyone sending us $8.00 may select Plants, Bulbs and Seeds from Catalogue to value of $2.00 extra.
Anyone sending us $9.00 may select Plants, Bulbs and Seeds from Catalogue to value of $2.25 extra.
Anyone sending us $10.00 may select Plants, Bulbs and Seeds from Catalogue to value of $2.50 extra.

PLEASE NOTE EXCEPTIONS ABOVE STATED.

EXPRESS CLUB RATES

Plants, Etc., sent by express, purchasers to pay charges when goods are received. The liberal rates here offered, together with the extras we always add, will far more than pay for the amount of the express charges.

Anyone sending us $2.00 may select Plants, Bulbs and Seeds from Catalogue to value of 60 cents extra.
Anyone sending us $3.00 may select Plants, Bulbs and Seeds from Catalogue to value of $1.00 extra.
Anyone sending us $4.00 may select Plants, Bulbs and Seeds from Catalogue to value of $1.50 extra.
Anyone sending us $5.00 may select Plants, Bulbs and Seeds from Catalogue to value of $2.00 extra.
Anyone sending us $6.00 may select Plants, Bulbs and Seeds from Catalogue to value of $3.00 extra.
Anyone sending us $7.00 may select Plants, Bulbs and Seeds from Catalogue to value of $3.50 extra.
Anyone sending us $8.00 may select Plants, Bulbs and Seeds from Catalogue to value of $4.00 extra.
Anyone sending us $9.00 may select Plants, Bulbs and Seeds from Catalogue to value of $4.50 extra.
Anyone sending us $10.00 may select Plants, Bulbs and Seeds from Catalogue to value of $5.00 extra.

PLEASE NOTE EXCEPTIONS ABOVE STATED.

A WORD ABOUT EXPRESS CHARGES

Some Florists are offering to prepay express charges on certain orders, but when so sent the soil is removed from the roots of the plants, and they are packed the same as for mail, the cost for sending being no more than it would be if the plants were sent by United States Mail.

We are willing to send any plant order by prepaid express, provided you are willing to have the plants come to you without soil, and that your selection is made strictly in accordance with our Mail Rates.

All plants except dormant stock that we send by express, charges to be paid by the purchaser, are packed with ball of soil on the roots, thus insuring their uninterrupted growth when received.

We pack as light as possible consistent with safety, and our customers have the benefit of a 20 per cent. reduction from regular merchandise express rates.

INDIVIDUAL ORDERS ARE ALLOWED THE SAME RATES AS CLUB ORDERS.

How to Send Club Orders.—Keep each person’s order separate, giving his or her full name, with the amount of the order. Then make your selection of the amount due you, naming plants desired as your discount.

How We Pack Our Club Orders.—Each person’s plants will be packed separately with his or her name attached, so you will have nothing to do but deliver the bundle. If the plants are to be sent by mail and you desire them to be sent direct to the person, we will do so when their order amounts to $1.00 or more.

If Plants are to be sent by Express, always mention by which Express Company you wish them sent.
WHEN BEST TO ORDER

Order Early—We strive to fill orders within a few days after they reach us, but this is frequently made impossible by delays in the mail and in getting of plants for planting time. Do not wait until you need your seeds and bulbs before ordering. Anticipate planting time by getting your orders in early. If you do not wish your seeds or plants until some later date, we will hold them ready and ship whenever desired. Unless otherwise instructed, we will ship plants as soon as possible after receipt of order.

HOW BEST TO ORDER

By writing out your order on the Order Sheets which accompany this Catalogue, you will greatly facilitate our work. Please write only one variety on a line. Additional Order Sheets will be sent free on application.

BE SURE TO SIGN NAME AND GIVE ADDRESS

Many orders reach us lacking either or both. Customers when writing about unsigned orders will aid us in identification by mentioning the number of the article ordered. We have a number of unidentified orders on hand now.

REMITTANCES

Should be made either in the form of P. O. Money Orders, Bank Draft, Express Money Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk. When money is sent as above indicated we will send a plant order shiping ticket of your selection, to amount of cost of money order, etc., if amount sent is $1.00 or more. UNITED STATES POSTAGE STAMPS will be received if currency cannot be obtained.

OUR PLANT, SEED AND FRUIT DEPARTMENTS

Are entirely separate. Often the seeds or plants on a combined order may be sent before balance of order is filled. If only one part of order is received, please wait two or three days for the balance before writing us.

WE PACK ALL PLANTS CAREFULLY

In strong boxes, which insure safe transit through the mails to the remotest part of the country.

WE GUARANTEE

That every package we send out shall reach its destination in good condition. If a package is lost, or any of its contents injured on the way, we will send again. Examine carefully on receipt and report within ten days from date, should there be any cause for complaint.

We do not guarantee that plants we send out will not be killed by drought, insects, accidents or frost after they are planted by a planter.

DISTANCE PLANTS WILL CARRY SAFELY

Judging from past experience, we really think some species would carry around the world. We forward live plants without any trouble, to the different States of the Union. We have shipped plants even to China, by mail, that were five weeks on the way, and still opened up fresh.

ALL PLANTS PLAINLY LABELED

All plants are plainly labeled with a printed label.

OUR PLANTS ARE ALL ON THEIR OWN ROOTS

And as long as any part of the plant remains it will produce uniformly the same beautiful flower. We grow them slowly to avoid forcing, our particular aim being to have a plant small enough to transport through the mail readily without injury, but with the vigor and thrift of much older plants. Consequently on being planted out a thousand of plants, the purchaser is surprised to see plants suddenly spring forth in luxuriant growth and blossom.

INDEX

On page 96 will be found an alphabetically arranged table of contents. This will greatly assist you in finding any particular plant that you may wish.

FREE BY MAIL

We send Seeds, Bulbs and Plants free by mail, at the prices named in this Catalogue to all points in the United States. This brings them to the very doors of our customers without trouble or expense.

PLANTS BY EXPRESS

We always recommend having plants sent by express, where there are many ordered, and where there is an express office near, as we can usually send much larger plants, and do not have to wish the soil off the roots, as is the case when sent by mail. When the weather is sufficiently warm we pack all express orders in strong baskets (which we furnish free), having the tops exposed. Plants packed in this manner will carry nicely for a great distance and keep for a week or ten days in a fresh condition. Pure user pays express charges, but our LIBERAL EXPRESS CLUB RATES far more than compensate for express charges.

LOST ORDERS

It occasionally happens that an order is lost in coming to us, or the goods in going to the customer; therefore, if any who order do not hear from us within a reasonable length of time, they should send a duplicate order, naming the date on which the former one was sent, and the amount of money enclosed and in what form. This will enable us to investigate the matter and fill the order with dispatch.

ALL ORDERS

Whether large or small, receive from us the same uniform, prompt and careful attention. We fill all in the order of their reception. We wish our customers to understand that it is impossible to please all who deal with us, and we should like to hear from every package we send out. If the purchaser is satisfied, it is pleasant to know it; if not, we intend that he or she become so.

OUR TERMS ARE CASH WITH ORDER

No order sent C. O. D. unless a remittance of one-fourth of the amount of the order be made to guarantee the acceptance of our goods.

CANADA POSTAGE

As postage to Canada is double the United States post rate, we must ask our Canadian friends to send 10 cents extra for each $1.00 worth ordered. Do not send Canada postage stamps or silver, as we cannot use or dispose of them.

OUTDOOR PLANTING

We are often asked the best time to plant. Always choose the most favorable time in your locality, and according to the conditions. We will send most plants as needed when desired. As there are so many degrees of latitude, and such varieties of temperature from various locations, it is impossible to dictate as to the precise time to plant out of doors. Customers must judge of this for themselves, always remembering that it is not safe to plant out until all danger of freezing is passed, and the ground becomes warm and thawed condition.

YOU CAN HAVE THE CHOICEST ROSES

Geraniums and other plants in our collection as easily and cheaply as though they were grown at your own door, if you remit as above directed. We will take all of the risk, and promise to deliver any plants you may select from our Catalogue in good planting condition.

WE EMPLOY

A large force of careful and experienced men, who have been thoroughly educated in the business, and take early to their work, handle the goods, and having as near as possible no mistake occur in getting out and packing.

OUR FALL CATALOGUE

ON THE FIRST OF SEPTEMBER we issue a Catalogue of Bulbs and Plants for Fall planting and Winter blooming, such as Hyacinths, Tulips, Narcissus, Crocus, Ixias, Freesias, etc. We mail this Catalogue to all of our customers of this and last year, and we also send it free to others who wish to order.

E Robinson, established 1877

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.
Our Color Illustrations
ON PAGES OF COVER

Two RED ROSES
Richmond and Etoile de France
(See color illustration on page 1 of cover.)

Price, 25 cents each; three for 50 cents. Large two-year-old plants, 50 cents each; three for $1.00.

RICHMOND
This is the best red forcing variety yet produced. It is of strong and rapid growth, more vigorous than any other forcing variety in commerce. It comes to perfection without special care or culture, and can be grown in the same soil and temperature and with the same treatment given to Brile and Maid. Has, very nearly the same tone of color as Liberty, with more scarlet, and does not blue with age. This variety is nearly a pure Tea, being seeded from Lady Battersea. Produces freely throughout the year long, pointed buds on tall, straight stems with elegant dark foliage. Has as delicious a fragrance as American Beauty. Was awarded the silver cup at the World’s Fair for best seedling Rose, and a special silver cup at Chicago for best seedling.

ETOILE DE FRANCE
Hybrid Tea. The Gold Medal Rose of France, and claimed by the raiser, J. Perret Ducher, to be the finest Rose he has ever sent out. A very strong, vigorous grower, with handsome green-bronzy foliage, and exceedingly free-flowering. The flowers are very large, and borne on good, long, stiff stems; color a lovely shade of clear red-crimson velveteen; very fragrant, and keeps well. In England, where it has been tried extensively during the past season, it has caused quite a sensation. This is our first year with this Rose, and our opinion is that it will become as much of a favorite as La France. Mr. J. Perret Ducher, the famous raiser of France, and introducer of this Rose, says of it: “Etoile de France will prove a grand addition to the class of Hybrid Tea Roses, because it answers to so many real wants. For bedding and massing it will be much appreciated; for cut-flower purposes it will prove a very good variety, on account of its color and free-blooming qualities.”

Prize Collection of HARDY PHLOX
(Shown on second page of cover.)

Among hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any position and flowering from early in summer until late in fall. They also improve from year to year, requiring little or no care, and are easily grown in a range of color not found in any other hardy plant. The colored plate on page 2 of our catalogue cover illustrates six choice sorts, and where a limited number is wanted we especially recommend this collection; but the entire list of standard varieties offered in the body of our catalogue are first-class in every way.

Prize Collection of Hardy Phlox

Price, 15 cents each; set of six varieties for 75 cents.
Bridesmaid—Pure white, with large crimson eye.
Athis—Tall, dark stemmed; light salmon, violet eye.
Du Quesclin—Gray-blue; starred, crimson center.
Elisabeth—Purple-crimson, light aureole.
Pantheon—The peerless pink; extra large, flat florets of salmon-rose.
The Pearl—A standard pure white; very striking.

THE NEW FERN
Nephrolepis Piersoni Elegantissima
(Shown on third page of cover.)

This is a sport from the Pierson Fern, in which the plump peculiarity of the original form is even more distinctly developed than in the original; the siphonium being again divided and standing at right angles to the midrib, makes both sides of the frond equally beautiful, while at the same time the plant is of much more compact habit, growing only one-half as tall, but with the fronds nearly twice as wide. Taking it altogether, it makes one of the most exquisite plants and one of the most valuable for table and garden decoration that has never been introduced. The cut fronds, on account of their beauty, are in great demand for table decoration, design work, and for use in boxes of loose flowers. There is nothing in the Fern line that is so handsome as this beautiful Fern when well grown, well-grown plants making most magnificent specimens. It is an aristocrat among Ferns, and is destined to become one of the most popular.
Price, 20 cents each; six for $1.00. Large plants from four-inch pots, 35 cents each; four for $1.00. Specimen plants from six-inch pots, 60 cents, two for $1.00.

Champion Grape Collection
(Shown on fourth page of cover.)

Eight one-year vines of the very finest varieties, post-paid, only 75 cents. We can send extra heavy two-year vines, same kinds, by express, for only $1.25, or same by mail, postpaid, for $1.50. Any single variety you wish at prices named.

Everyone has enough ground to plant a few grapes. They can be trained to the arbor or back fence, to the porch or house or about an old stump. The most satisfactory fruit—healthful, prolific and hardy—has bearing every year. This collection should be in every home. We offer it so low that every one may try it. Please note that the collection includes the valuable new Campbell’s Early and Niagara Grapes.

Brighton—(Red.) One of the best red Grapes in cultivation. Bunch large and compact; a strong grower and very productive, quality good. Price, 15 cents each; $1.50 per dozen.
Campbell’s Early—(Black.) A large black Grape, ripening a week earlier than Concord; good grower; berries large, good quality, and makes a moderate yield; very valuable as an early Grape. Price, 15 cents each; $1.50 per dozen.
Concord—(Black.) An old variety; does well wherever planted; good size, productive. Price, 10 cents each; 75 cents per dozen.
McIntosh—(White.) This is the first of its kind that has been introduced; a hardy, prolific, and popular White Grape in existence; fruit large and very productive; a good grower, ripening same season as Concord; quality good; valuable in every way. Price, 15 cents each; $1.50 per dozen.
Wyoming—(Red.) A popular market sort. Berry small, quality good; very productive and hardy, resembling Delaware somewhat; valuable for home use or market. Price, 15 cents each; $1.50 per dozen.
Worden—(Black.) A valuable black Grape, ripening from three days to a week before Concord. Berry large, of good quality; thin skin; very productive; vine a strong grower. The most popular black Grape grown today. It comes in early enough to avoid the rush of Concordes, and brings one to three cents per pound. Price, 15 cents each; $1.50 per dozen.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Aquilegia or Columbine

Collection of ten best varieties of this finest of hardy perennials. Shown in colors on insert. Price, 10 cents per packet, any four for 25 cents; or the whole collection of ten for 50 cents.

The Columbine is one of the finest of hardy perennials and of the easiest culture. Its handsome and curiously-shaped flowers are produced profusely during May and June. They are very suitable for permanent borders or naturalizing among groups of shrubbery or along the edge of woods. The varieties here offered are the finest extant. (See illustration on insert.)

Cerulea (Rocky Mountain Columbine)—Flowers large, petals white, sepals deep blue, spurs very long; one of the most beautiful.

Cerulea Hybrida—Flowers large and long-spurred and of many beautiful colors.

California Hybrida—Very fine, mostly with golden-yellow petals; sepals and long spurs orange-crimson.

Chrysanth—Large long-spurred golden-yellow flowers; splendid.

Chrysanth Grandiflora Alba—Very large and long pure white flowers.

Chrysanth fl. pl.—Flowers large and double, and beautiful golden-yellow in color.

Canadense (The Native Columbine)—Scarlet and yellow.

Glandulosa Major—Very large erect dark blue flowers.

Jetschaue—Large yellow flowers with red tinted sepals and spurs.

Skinneri (Mexican Columbine)—Spurs long and contracted and scarlet in color; petals and sepals yellow and green. Distinct and beautiful.

Gorgeous Collection of Choicest Flower Seeds

Offered in Mixtures

A splendid selection of showy annuals that will make a gorgeous display. All will bloom the first season. Price, any one packet, 10 cents; any four packets, 25 cents; or the whole collection of ten for 50 cents. See illustrations on insert.

Antirrhinum, Giant Scented, or Snapdragon—A new giant-flowered strain of the grand old Snapdragon, which in size and variety of bloom, either in pots or garden, almost equals Gladiolus.

Aster, Giant Comet—Improved strain of the popular Comet Asters, stronger in growth and bearing larger flowers. Mixtures of all the colors.

Arototis Grandis—A handsome new annual, growing luxuriantly in our climate and forming profusely branched bushes of blossom up to two and one-half feet in height and breadth. Its flowers are large and showy, from two and one-half to three inches across; pure white on the upper surface, embellished by a narrow yellow zone at their base; reverse of petals pale lilac.

Crocus Dwarf Cannas—These new dwarf, ever-blooming, large-flowering French Cannas bloom freely the first year from seed. The roots can be kept in the cellar over winter, and each clump will give six to eight good roots for planting out the following spring. The mixed seed we offer has been saved from the finest varieties of all colors.

Celosia Thompsoni Magnifica—A beautiful feathered Celosia, producing large, bright crimson and orange plumes. Our mixture includes some varieties of both in flowers and foliage. The plant grows about three feet high, of handsome pyramidal form, and makes one of the most effective ornamental plants.

Phlox Drummondii—This is a favorite with everybody. It thrives in almost any soil, blooming in the greatest profusion from June until late fall. Seed may be sown in the open ground in May, indoors or in hotbed earlier. The seedlings should be set out about a foot apart.

Hardy or Paradise Pinks—In these new Pinks we have a large variety of colors and markings; the color, of course, refers to the center of the flower, the remainder being white or bluish, with a band of color near the margin; the colors include bloodred, rose, crimson, white, pink, blue, spotted, lined, variegated, etc. They are excellent perennial garden plants, about one foot high, vigorous, hardy, and flower profusely during spring and early summer. The flowers are very large, double beautifully fringed, and emit a clove-like perfume.

Salvia Splendens—Splendid bedding plant. It stands heat and drought remarkably well. Blooms first year from seed, and sends up a mass of fiery red flowers. One and one half to two feet.

Sulpho-to-Bacillaria—The Sulpho-to-Bacillaria is one of the best favorites among annuals, partly because of its easy culture, but principally for its beautiful almost orchid-like flowers, which it produces from early summer until late fall. A splendid variety of colors, flowers of large size.

Seabiosa (Mourning Bride, or Sweet Seabios)—One of our handsomest summer border plants, producing in great profusion, very double flowers in a variety of shades and colors; a splendid flower for table bouquets, etc.; hardy annual.

SULPHO-TOBACCO SOAP

A Wonderful Insect Pest Exterminator

Unsurpassed for quickly exterminating all insect life on plants and flowers and in and out of doors, excellent for rose bushes, shrubs, etc. This popular Insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. For domestic purposes it rids the house of cockroaches, and is superior a wash for dogs and all animals. Prevents poultry lice. You cannot afford to be without Sulpho-Tobacco Soap, if you desire to be successful in plant culture. A trial will give highly gratifying results.

3-oz. Cake, sufficient for 11 gallons prepared solution, 10 cents; mailed postpaid, 13 cents.

8-oz. Cake, sufficient for 4 gallons prepared solution, 20 cents; mailed postpaid, 22 cents.

SPECIAL NOTICE

With every order for Sulpho-Tobacco Soap, we mail a booklet, "The Window Garden," giving valuable information on flowers and plants in the house and garden; also helpful hints about insects which infest plant life, and how to exterminate them.

Please read schedule of club rates and exceptions on page one before sending order.
Our "Giant" Collections of Two-Year-Old Roses
FOR IMMEDIATE EFFECT

These large Roses have become so popular among our customers that we devote a great deal of room to them, growing them in constantly increasing number. This spring we have a heavy stock and offer many thousand bushes at the very low figures given. We can usually furnish all the varieties enumerated in the Catalogue.

These bushes are two years old, strong and healthy. They make, of course, more of an appearance from the first than does the smaller stock, having an advantage for which we find many persons willing to incur the additional expense.

We advise all our friends to order at least part of their Roses in this large two-year-old size. They make, of course, more of an appearance practically a year the advantage in all respects. We recommend the Express Collection in preference to the Mail Offers, as the plants sent can be larger. Our two-year-olds this year are extra fine. Try one or more collections and be pleased.

GIANT COLLECTION NO. 1—Twelve two-year-old Ever-blooming Tea Roses, sent by mail, all different colors $1.25
GIANT COLLECTION NO. 2—Twelve two-year-old Ever-blooming Tea Roses, sent by express, all different colors $1.00

GIANT COLLECTION NO. 3—Ten two-year-old Hardy Ever-blooming Roses, sent by mail, all different colors $1.25
GIANT COLLECTION NO. 4—Ten two-year-old Hardy Ever-blooming Roses, sent by express, all different colors $1.00

THESE COLLECTIONS MUST NOT BE TAKEN IN CLUB RATES.
Notice—All Roses sent in these collections are to be strictly our own selection. Postage paid by us. Express paid by you. No extras or premiums allowed on these offers.

8 Very Choice Large 2-Year-Old Roses

These are fine, large plants and in superb shape. The quality of this stock is first-class. For full description of the varieties offered, see preceding pages.

THE BRIDE—See page 18.
BRIDESMAID—See page 14.
MAMAN COCHET—See page 16.
WHITE COCHET—See page 18.

We believe this to be a most satisfactory set of large Roses, and it is a rare bargain at the price asked for it.

PRICE—This Choice Selection of 8 two-year-old Roses will be sent by express (not prepaid) for $1.00, or by mail, prepaid, for $1.25. We can furnish this set of Roses in one-year plants by mail postpaid for 65 cents.

MUST NOT BE INCLUDED IN CLUB RATES.

"IMPERIAL"

Rose Collection

20 EVER-BLOOMING TEA ROSES.

For $1.00. (Postage Prepaid.)

They will delight you with exquisite and abundant bloom this summer. This offer cannot be excelled either in quantity or quality.

This collection is strictly of our own selection, and we guarantee them to be well rooted, to reach you in good condition, and to bloom the season of colors all correctly labeled. Many of our very best varieties will be included in the collection.

This offer is only made to induce you to give us a trial, and it will be to our interest to send only a fine assortment of good Roses, well rooted, that are sure to bloom freely the first year.

THE IMPERIAL COLLECTION MUST NOT BE TAKEN IN CLUB RATES.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.

ROSE NOVELTIES OF 1906

Roses on this page, excepting Baby Rambler, can not be furnished in two-year-old size.

GAINSBOURGH

We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. For beauty and size we place this variety at the head of the Hybrid Teas. The foliage is an exact counterpart of its parent, Viscountess Folkestone. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine, white, fluffy peony; but without a suggestion of stiffness, often measuring eight to nine inches in diameter. Price, 20 cents each.

KILLARNEY (H. T.)

Bright carmine-pink marbled in creamy-white; petals extremely large, and of a texture that makes it one of the most lasting of Roses; this variety has the longest bud on the stiffest stem that we have ever seen; it is a fine grower, with beautiful foliage; very free in producing strong ground shoots; a favorite with customers wherever it is known; every general florist should grow it. 25 cents each.

MILDRED GRANT

(Hybrid Tea). This is a grand Rose of vigorous, upright growth, in many respects resembling a Hybrid Perpetual. Flowers of the largest size, pure white, delicately tinted with light pink. This is a Rose of unquestioned merit, will become a standard variety. Two and one-half inch pots, 25 cents each.

O. A. SINGER

(Hybrid Tea). A fine garden Rose of clear carmine color, deepening to the center of the flower. It flowers very continuously and freely, especially fine in spring and autumn. This grand variety was sent out by Mr. Peter Lambert, the great German rosarian, and named by him in honor of Mr. A. Singer, the Oberhofgartner of Bad, Kissingen. Two and one-half inch pots, 25 cents each.

ROSALIND ORR ENGLISH

(Hybrid Tea). New pink seedling from Mme. Chatenay is unapproached in color; the bud is pointed, quite full, borne on long, slender stems, beautifully set with foliage, free in growth and bloom; the flower is very beautiful from its earliest bud form till fully expanded. Was awarded certificate of merit at the Chicago show. Two and one-half inch pots, 25 cents each.

RUMH DER GARTENWELT

(Hybrid Perpetual). An exceedingly strong growing H. P., with large dark green foliage; the flower is large and fine, on a long stiff stem; color pure deep red; very free. Two and one-half inch pots, 25 cents each.

REINE MARGUERITE D’ITALIE

(Hybrid Tea). Of bushy growth, foliage dark green, buds long and pointed, flowers large and full; color glossy carmine-scarlet, lightly tinted with vermillion; extremely free; one of the best novelties of recent years, especially as a red garden Rose. Two and one-half inch pots, 25 cents each.

WELLESLEY

This grand Rose, seedling of 1900, Liberty crossed with Bridesmaid, retains the form of Liberty with the fullness of Bridesmaid and in color is a beautiful shade of pink, the outside of the petals being bright and clear with a silvery reverse. It is a very vigorous, healthy grower, carrying the flowers on long, stiff stems which are clothed with heavy, dark green foliage. It is remarkably free flowering and possesses unusually fine keeping qualities. Two and one-half inch pots, 25 cents each.

VENUS

Color fiery red, flower large and full, nicely rounded in form; one of the finest of the rose family. Two and one-half inch pots, 25 cents each.

ANGELA WELTER

(Tea). Flower large, very full, creamy-white, the center shading to yellow; free and fragrant. A magnificent variety, reminding one of Kaiserin in many ways. The Tea blood assures it more constant in bloom. Well worth a trial Two and one-half inch pots, 25 cents each.

CHERRY RIPE (H. T.)

An extraordinarily free-flowering H. T., branching in habit, vigorous and hardy, and as free as a Tea Rose. The flowers are medium in size, well formed, globular, light rose-crimson, almost the color of Alfred Colomb; as fragrant as American Beauty. Two and one-half inch pots, 25 cents each.

FRAU KARL DRUSCHKI

A Rose that fills a long felt want—a pure paper-white, free-flowering, large-sized Hybrid Perpetual. It is a remarkably handsome plant with bright, heavy foliage and strong, upright growth. The bloom is perfect in form on fine, long stems, and of the purest possible white. There is nothing in the line of perfectly hardy Roses that can compare with this one in form, color, and general finish. Two and one-half inch pots, 25 cents each.

BABY RAMBLER ROSE

MME. NORBERT LEAVASSEUR

A dwarf (Bush, not Climbing) form of Crimson Rambler and, furthermore, ever-blooming. Will bloom continuously throughout the summer if planted out of doors. Has the same bright crimson color as the climbing Crimson Rambler, and blooms in clusters of twenty to forty flowers at one time on plants of fair size. "Baby Rambler" is one of the best red Roses for bedding and is going to be just as popular and as extensively planted as the climbing form has been. May be grown in pots just as easily as Clotilde Soupert, Hermione, or any of the old-time pot plant varieties, and will grow and bloom with but ordinary treatment from one year's end to another. We have grown a nice lot of thirsty plants for our retail trade, and expect to please every customer by furnishing the best Rose novelty of recent years. 15 cents each; four for 50 cents; two-year plants, 35 cents each, four for $1.00.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Spray of Lily Ito.
(For description see page 8.)

Mrs. Robert Peary.
(For description see page 10.)

Spray of Taunusbluemchen.
For description see page 8.

New Ever-Blooming Rose, CLIMBING CLOTHILDE SOUPERT
In a single season small plants will grow fifteen to twenty-five feet, producing cluster after cluster of the finest formed flowers. They are distinct, large, round, full and double, with beautifully imbricated petals, and deliciously sweet. The color effect is magnificent—ivory-white shading toward the center to a silvery-rose. Cluster after cluster of flowers is produced throughout the entire season, and the bush at all times is literally loaded down with them. It needs no protection, having withstood with us a temperature of twenty degrees below zero in the open ground without protection. Price, 10c each, 3 for 25c.

Large two-year-old plants, 30c.

Climbing Clothilde Soupert.
A FAMILY OF Hardy Rambler Roses

These beautiful, new hardy climbing Roses are unequaled. There is nothing like them, after they become established, in their strong, luxuriant growth, freedom of bloom and bright colors.

Price, 10 cents each; set of 6 to 50 cents; two-year-old plants, 30 cents; any 3 for 75 cents.

CRIMSON RAMBLER.
The plant is of very vigorous growth, making shoots of from 8 to 10 feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this Rose is its remarkable color, which is of the brightest crimson, which remains undimmed to the end. The flowers are produced in great pyramidal panicles or trusses, each carrying from 30 to 40 blooms, the individual flowers measuring from 1 to 1½ inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. It is exceedingly hardy, having successfully withstood the tests in exposed situations of very severe winters. It is hardy in every latitude yet tried, as far north as the lakes.

THE YELLOW RAMBLER, AGLAIA.
This promises to supply that "long-felt want," a double yellow hardy climbing Rose, a thing which has been sought after the world over. Related to Crimson Rambler, and, like it, blooms in large trusses, often bearing from 120 to 150 flowers in a cluster lasting three or four weeks without fading. Very popular.

New Climbing Rose, PHILADELPHIA RAMBLER.
It differs from the Crimson Rambler in three important points. The color is deeper and more intense; the flowers are perfectly double to the center, very durable and of fine substance. The blooms are larger than those of Crimson Rambler. It is very free in both growth and bloom, and is a splendid addition to the Crimson Rambler section.

KEYSTONE.
This great new Rose has been thoroughly tested. It is a freer growing Rose than any other climbing variety, is perfectly hardy everywhere, blooms with wonderful freedom, is absolutely impervious to insect attacks and winter's bite. The open flower is perfectly double, resembling Clothilde Souper; buds beautifully formed; color deep, lemon-yellow. Fragrance delicious, like that of Magnolia blossom.

DOROTHY PERKINS.
Extremely hardy, withstanding the most severe winters with impunity. The flowers are borne in clusters of from 6 to 10 and are very double, with perfectly crinkled petals. Remarkably pretty pointed buds. Beautiful clear shell pink in color, lasting a long time without fading. The flowers are sweet scented. The foliage is rich, deep green, and of thick, leathery substance.

New Climbing Rose, LILY ITO.
A climbing Polyantha Rose introduced from Japan, which, when nicely trained, is very attractive. The individual flowers are small, but perfectly in form and are borne in large clusters, and are of a delicate pink tint shading to pearly white. May be described as a White Rambler. (For illustration see page 7.)

MRS. WM. C. EGAN.
Now offered for the first time. This splendid new variety is a true hardy climber or rambler. Grows 10 to 12 feet in a season, is entirely hardy, has handsome foliage and bears immense clusters of large double bright pink flowers, delightfully fragrant and exceedingly beautiful.

TAUNUSBLUEMCHEN.
A seedling from Crimson Rambler and Blanche Rebate; may be described as a rose-pink Rambler; a most profuse bloomer. This variety is as ornamental in the autumn when covered with its scarlet hips as in the spring with its sheet of bloom. (Illustrated on page 7.)
EVER-BLOOMING CLIMBING ROSES

Price, 10 cents each; any three for 25 cents. Large two-year-old plants, 30 cents; any three for 75 cents.

In the South or on the Pacific Coast, where they stand the winters, nothing can compare with them for beauty of bud and foliage. Are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

NOTE—The Roses on this page are the most rampant and vigorous in the whole Rose family. They may be kept out of doors in the North by laying them down and covering well with leaves or litter. If you want Roses to "get there quick," these are the ones to plant.

A Grand, New Velvety-Red Rose, CLIMBING METEOR—Climbing Meteor is the aeme of all red climbing Roses. It is a tree, persistent bloomer, and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor, and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of climbing Meteor.

Climbing Souvenir of Wootton—A splendid climbing variety of fine red, and is bound to become very popular. It is a very strong, rapid grower throwing out thick canes and bearing large clusters of deep violet-crimson flowers. In the South and on the Pacific slope this will be of the greatest value, as a free-blooming red climber has always been in great demand.

Climbing Paul Neyron (Madame Wagram)—Paul Neyron has always been known as the largest Rose extant. In climbing Paul Neyron we have the largest size coupled with its bright, fresh pink color, that no Rose excels. And it is also a true perpetual bloomer. The flowers of all climbers. This Rose is a wonder. Be sure and try it.

Climbing Devoniensis—Identical in all respects with the Tea Rose "Devoniensis," except it has the-climbing habit; flowers of great size, very double; a magnificent variety.

Chromatella, or Cloth of Gold—A grand Rose for the South. Clear bright yellow, very sweet and beautiful. It blooms rather sparingly, but makes up for this deficiency by being wonderfully beautiful.

Caroline Marniessse—A hardy ever-blooming bedding Rose that deserves more than ordinary attention. Flowers medium size, pure white, very double and borne in clusters. Of easy culture and free bloomer. Perfectly hardy if slightly protected. This we consider one of the most desirable Roses for cemetery planting, as it is quite hardy and produces its clusters of pure white flowers throughout the season.

Caroline Goodrich, or Climbing General Jacqueminot—This Rose has finely formed, very double flowers, and its fragrance is most delicious. This is a hardy Climbing Tea, and should not be classed with the hardy climbers that bloom but once a year. The color is the same as that of General Jacqueminot.

Golden Chain, or Climbing Safrano—(Reve d'Or.) A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron; good size, full and sweet.
EVER-BLOOMING CLIMBING ROSES—Continued.

New Ever-blooming Rose, CLIMBING MALMAISON

There is no finer pink than the old, well-known Malmaison, or "Souvenir" of the South, and we are sure that our patrons, one and all, will be glad to hear that we have a climbing variety that is identical with the parent. This variety will prove perfectly hardy south of Washington, D.C.

LAMARQUE

White with sulphur center, sometimes pure white, very large, full flowers, fragrant and makes beautiful buds; an excellent Rose. Well-established plants bear thousands of its beautiful white buds.

A Remarkable New Rose

MRS. ROBERT PEARY, or CLIMBING KAISERIN

This is by all odds the most remarkable new Rose of recent introduction. It is an offspring of that grand variety, Kaiserin Augusta Victoria. The flowers are extra large, full, deep and double. They are of excellent substance, and produced on long, stiff stems, like a forcing Rose. The buds are long and pointed, a remarkable feature not found in any other climbing Rose. Pure ivory-white. The fragrance is delicious. It grows to perfection outdoors, throwing up numerous shoots ten to fifteen feet high in a single season. Illustrated on page 7.

MARY WASHINGTON

Its flowers are of medium size, pure white, perfectly double to the center, sweet, and borne in endless number all summer. It is a vigorous and rapid grower, and at once becomes a general favorite. It makes a great profusion of double buds, which are borne on long stems and usually in large clusters. Its fragrance is tinged with old-fashioned musky flavor. It is admired in olden times.

OPHIRE

Nasturtium—yellow, suffused with coppery-red; good size, double; a very distinct sort.

PRESIDENT CLEVELAND

Also known as Climbing Marie Guillot

It is one of the most rapid, growing and vigorous climbing Roses we have ever seen. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful and the fragrance is delightful.

PILLAR OF GOLD

Pillar of Gold introduces the Rose lover to something quite different in beautiful flower. The color of its flowers places it in a distinct class by itself. In Pillar of Gold we have a jewel. The blooms are double to the center, of the largest size, and come in immense numbers or bunches of from five to ten blooms on a single branch, and the effect throughout the summer is a perfect sheet of gold. The color is a deep yellow flushed with coppery-yellow, and the fine double petals shows touches of bright rose. If you have seen the deep yellow of Mademoiselle Francisca Kruger in the fall, when the nights get cool, then you get an idea of the beautiful deep golden-yellow of this Rose.

REINE MARIE HENRIETTE

An excellent crimson-flowered ever-blooming climber. The flowers are exquisitely formed, very full and double, nicely tea scented, strong growing and very free flowering.

SOLFATERRE

Fine, clear sulphur-yellow; large, double, full and fragrant; an excellent climbing Rose; valuable.

Marechal Niel

W. A. RICHARDSON

Branches strong and spreading; flowers of good size, full, of fine form; color orange-yellow; a new shade of Noisette

The Superb Yellow Rose, MARECHAL NEIL

The Most Popular of All

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its perfection, and are almost massive in dimensions. It is almost universally held to be the finest climber indoors or out where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the larger plants. This superb Rose is especially recommended for the Southern States, where it requires but little outdoor protection.

We have grown for this season one of the grandest lots of this famous Rose ever seen, and offer them in three sizes, as follows: Nice, well-established plants, 10 cents each; two-year-old plants, 35 cents each; extra large plants, by express only, 50 cents.

WHITE MARECHAL NIEL

It is the counterpart in every respect of Marechal Niel, its parent, save the color of the flower, which is a pale creamy-white; totally distinct. Price, 10 cents each; two-year-old plants 35 cents each; extra large plants, 50 cents each.
Superb Collection of EVER-BLOOMING HYBRID Tea Roses

THE HYBRID TEA AND BOURBON ROSES are the hardiest of the ever-bloomers, standing the winter in the northern latitudes with but little protection, and are perfectly hardy south of the Ohio River without any protection whatever. They bloom constantly throughout the summer. The flowers increase in size and beauty as the weather becomes cooler, coming into perfection in autumn. The following collection has no equal.

PRICE—Any 6 for 60c; any 12 for $1.00. Two-year-old plants, 30c each; any 6 for $1.50, or 12 for $2.50. May be taken in club rates.

Kaiserin Augusta Victoria.

New Pure White Royal Tea Rose.
KAISERIN AUGUSTA VICTORIA,
The Best White Rose in the World.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have elegant white Roses that have elegant buds, but when full blown are not all that is desired. Then again we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color, pure creamy-white. It far surpasses any other white Rose in all particulars, and has a much richer perfume. 10c.

Bessie Brown.

BEtSSI BROWN
(Hybrid Tea.)

We know no better way to impress upon our customers the great value of this variety than to say that it is as strong growing, as free blooming, as attractive, and as hardy as President Carnot, a Rose whose beauty has taken the country by storm. We regard it as one of the finest Roses in cultivation. The flowers are very large and highly built and double; color is a creamy-white with a beautiful shade of pale tender flesh, resembling gloss silk. It is highly scented and a most magnificent Rose in the open ground. 10c.
Superb Collection of Ever-Blooming Hybrid Tea Roses—Continued.

Gruss An Teplitz—As a bedding Rose this is one of the finest and most useful varieties ever sent out. The color is brightest scarlet, shading to deep, rich velvety-red. It is very fragrant. The freest grower and the most profuse of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the younger growth being a bronzy plum color. A queen among scarlet bedding. It is a perfect sheet of richest crimson-scarlet all summer. 15 cents.

Hermosa—The Old Favorite—Everybody knows this famous variety. It has been held in high esteem for many years and will always be popular, as it embraces so many desirable traits that go to make up the ideal Rose. It is hardy as an oak and always covered with its clear pink blooms; there is not a shade or color of any kind to mar its purity. We doubt if any Rose ever grown will take its place. No Rose will give more general satisfaction. 15 cents.

La Detroit—This new Breitmeyer Rose, which has been so largely exhibited and advertised. Shell pink, shading to soft rose; reverse of outer petals cream-colored; fragrance like that of old Bon Silene. In form it is large, cup-shaped; petals shell-like. Rich, glossy foliage; a rampant, vigorous grower, producing long shoot, and we believe a fine Rose. Forces will 15 cents.

Mrs. Robert Garrett—A beautiful large Rose of exquisite shape, finish and blending of colors. The flowers are large, on strong stems, clothed with heavy foliage. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. Color a glowing shell-pink, very deep in the center; the fragrance is delicate and pleasant. 15 cents.

Mme. Abel Chatenay—A wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy-rose. Shaded rose-vermilion and tinged with salmon. The base of the petals is very highly colored. Flowers borne on long stems. Exceedingly well adapted for vases of cut flowers. 10 cents each.

Pink La France—It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring, its rose shades with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, or it is hardy beyond question. It blooms continuously. The flower is large, finely cut, endures for a great length of time, is exquisitely colored and fragrant in the highest degree. Price 10 cents.

Pernet's Triumph—The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very strong and beautiful, and such good substance that the flowers retain their beauty for a long time. 10 cents.

Red La France—Color a rich, deep, even pink throughout. The growth of the plant is vigorous, the habit good, and the flowers, which are thrown up well above the foliage, are produced very freely. 15 cents.

Striped La France—This beautiful new Rose is free in bloom; nicely striped. A beautiful bright Rose on a satin-pink ground. Very distinct and showy. 10 cents.

Souvenir De President Carnot—A charming new French Rose. A strong, clean, healthy grower, with handsome bronze-green foliage and large, neatly shaped buds, of large size, of exquisite shape, with heavy, thick shell-like petals; buds long and pointed, similar to Niphotos, but very much larger and all borne on long, stiff, erect stems. Color a delicate, rose-pink, shaded a trifle deeper at center. Very profuse bloomer. 15 cents.

White La France—It is identical with La France, except in color. Purely white, sometimes tinted with fawn. Don't fail to get this Rose. 10 cents.

THE HEAVENLY METEOR

A velvety-red everbloomer of the deepest glowing crimson; as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy bright foliage of the deepest green. This is unquestionably the best dark velvety-red Rose yet produced. Grand, both in bud and flower. 10 cents.

Antoine Rivoire—A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy-flesh, on a yellow ground, shaded with a border of carmine. Flowers five inches in diameter. A remarkable variety of great worth. 10 cents.

Beauty of Stapleford—Bright pink color, shaded carmine; large size, very full, perfect form, delightfully scented; a constant and very free bloomer. 10 cents each.

Dinsmore—It is a vigorous, healthy Rose of dwarf, branching habit, and is simply loaded with flowers all summer long, being even more profuse than most of the tender ever-blooming Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. We recommend it as being the finest garden Rose ever offered. 10 cents.

Pernet's Triumph—The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very strong and beautiful, and such good substance that the flowers retain their beauty for a long time. 10 cents.

Red La France—Color a rich, deep, even pink throughout. The growth of the plant is vigorous, the habit good, and the flowers, which are thrown up well above the foliage, are produced very freely. 15 cents.

Striped La France—This beautiful new Rose is free in bloom; nicely striped. A beautiful bright Rose on a satin-pink ground. Very distinct and showy. 10 cents.

Souvenir De President Carnot—A charming new French Rose. A strong, clean, healthy grower, with handsome bronze-green foliage and large, neatly shaped buds, of large size, of exquisite shape, with heavy, thick shell-like petals; buds long and pointed, similar to Niphotos, but very much larger and all borne on long, stiff, erect stems. Color a delicate, rose-pink, shaded a trifle deeper at center. Very profuse bloomer. 15 cents.

White La France—It is identical with La France, except in color. Purely white, sometimes tinted with fawn. Don't fail to get this Rose. 10 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
TWELVE SPECIAL FAVORITES IN
Hardy Ever-blooming Roses.

THE COLLECTION here offered has been especially selected from this most popular class of Roses. We can recommend every one of them for beauty, profuse bloom and hardiness. If you can only have a few Roses, don't fail to get this collection. It will give you unbounded satisfaction. We have made the price very moderate, placing them within reach of all.

Price, 10 cents each; entire set of 12 for $1.00. Two-year-old plants, 25 cents each; any 6 for $1.25; set of 12 for $2.25. Club rates will further reduce the price of this collection.

Bessie Brown—Considered one of the finest of the Roses of introduction. It is of the Hybrid Tea class and will stand frost if slightly protected. Blooms are of enormous size, of heavy substance, and are perfect in shape, lasting splendidly when cut. The color is snowy-white, faintly tinged with pink. A fine, strong, free grower, producing long stems, well clothed in foliage quite up to the flower.

Burbank—A perfectly hardy, free flowering, ever-blooming Rose. The flowers are double, of fine form, nearly 3 inches across. The color is a deep rose pink, shading to a beautiful soft rose at the center. The petals are well incurved, so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. Delightfully fragrant.

Clothilde Soupert—Color a French white, deepening to a rosy blush in the center, exceeding in distinctness of shadings to the well known Mahogany. Its greatest value lies in its compact, vigorous habit, and wonderful profusion of bloom, and foliage throughout the season. Form and substance of the flowers are so perfect that the hots weather does not cause a deterioration of either, so that even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

Champion of the World—Every one wants a hardy-ever-blooming Rose. From early summer until frost it can be depended upon to produce flowers in abundance; color rich glossy pink, delightfully fragrant, and such a strong, vigorous grower that it is almost invulnerable against attacks of insects.

Duchesse de Brabant—This Rose combines exquisite perfume, beautiful coloring and matchless profusion of flowers. It follows a soft, light rose, with heavy shading of amber and salmon. Quite hardy.

Helen Gambier—Great Yellow Garden Rose. The growth is free and vigorous, very free-blooming, flowers of splendid substance and a delightful shade of deep rich golden-yellow. Extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the flower is divided into golden-yellow, with light orange tints, while the older petals lessen to lemon yellow, giving a combination of tints and tones unequalled in their beauty.

Helen Gould—A better Rose for general purposes, excepting winter-blooming, than American Beauty, the dream and hope of every Rose grower. The flowers are full and perfectly double; the buds beautifully made, long and pointed. The color is a warm, rosy-crimson. It will grow to perfection in the ordinary living room and will produce its lovely flowers continuously throughout the entire fall and winter.

Clothilde Soupert.

Mosella—Mosella is a stronger grower, flowers are a little larger than the Clothilde Soupert, but appear the same way in clusters and on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of the petals. It will make a great bedder and is perfectly hardy.

Mme. Jules Grezez—An exceedingly free-blooming variety, with very bright, large, full, finely formed flowers. Superb and worthy of a page description. Color a distinct and charming shade of satiny-pink. This is a winner.

Madame Margottin—A famous Rose. Flowers very large, full and double, borne profusely. Color dark citron-yellow, bright red center. A strong grower and a remarkably fine Rose in every way.

Mlle. Franziska Kruger—The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps.

Queen's Scarlet—This is, without any doubt, the very best of the red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums.
Choice Ever-Blooming Tea Roses

On the next six pages we present an excellent selected list of ever-blooming Tea Roses, composed of the best white, red, yellow and pink in their various shades, no inferior varieties are offered and no mistake will be made in ordering from this list. As a guide in making selection from this collection we give at the close, lists of varieties according to color. See page 19.

**Price, 10 cents each, any 6 for 50 cents; large two-year-old plants, 25 cents each; any six for $1.50**

---

**ALLIANCE FRANCO-RUSSE**

A new Rose of exquisite kind and color, ranked by many enthusiasts as the best yellow Tea Rose. The flowers are of large size, perfectly double to the center, and perfect in shape, both in bud and blossom. The color is magnificent—deep, rich, lemon-yellow, with creamy-yellow center with tints of sulphur. It is beautiful beyond description. A strong, healthy grower and one of the grandest Roses in this book.

---

**BRIDESMAID**

The most popular pink Tea Rose. Thousands of this variety are grown every year for cut flowers, and it is also very desirable for summer bedding out of doors. It is a delightful shade of bright pink, very free flowering and easily grown.

**CHARLES LEGRADY**

Rich and unique. This splendid Rose has proven most satisfactory for general planting. Magnificent large buds and flowers of great beauty. Color a fine chamois-red, richly shaded with darkest crimson. This rich unique coloring is one of its marked characteristics, and stamps it with a distinctive charm.

---

**CATHERINE MERMET**

One of the finest Roses grown. Faultless in form and charming in every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illuminates the base of the petals.

---

**ETOILE DE LYON**

This magnificent Tea Rose, south of the Ohio River, has proved to be perfectly hardy. Blooms in the greatest profusion, and each bud is a gem. Flowers are very large, double full and deliciously fragrant. The color is a beautiful chrome-yellow, deepening at center to pure golden-yellow.
CHOICE EVER-BLOOMING TEA ROSES—Continued.

Price, 10 cents each, any six for 50 cents; large 2-year old plants, 25 cents, any six for $1.25

**GOLDEN GATE**

There are so many beautiful Roses, and they are beautiful in so many different ways, that it scarcely seems possible for any one variety to be the most beautiful of all Roses; and yet if the question were to be decided, we are strongly of the belief that the palm would have to be awarded to the new Tea Rose, Golden Gate. This magnificent Rose is the result of a cross between those old and greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both is vastly more beautiful than either. The flowers are extra large, very full and finely formed, and of excellent substance; the buds are long and of the most desirable form; the color is a rich creamy-white, beautifully tinged with fine golden-yellow. The petals are large and broad, and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty.

**GEN. ROBERT E. LEE**

Orange-yellow, after the color of Ma Capucine, only richer and better. It is a good grower, has elegant long buds, borne on long stems. It forces easily, being at its best in mid-winter. The color is so peculiar and rich that it attracts attention wherever seen.

**MADAME DE WATTEVILLE**

The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large, and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed.

**HELEN GOULD**

This is probably the most beautiful and satisfactory Rose for general planting ever introduced in America. It has proved itself to be the strongest growing, freest blooming, largest flowering and hardiest Rose in existence. It is a better Rose for general planting than American Beauty—the dream and hope of every Rose grower for years past. The flowers are full and perfectly double, the buds beautifully made, long and pointed. The color is warm, rosy crimson, like the color of a ripe red watermelon. It is as hardy as La France.
CHOICE EVER-BLOOMING TEA ROSES—Continued.

Price, 10 cents each; any six for 50 cents. Large two-year-old plants, 25 cents; any six for $1.25

Lady Mary Corry.
LADY MARY CORRY

Growth vigorous and of erect, branching habit, blooms of good size, freely produced and perfectly formed. Color deep golden-yellow, distinct and fine.

Ivory.
IVORY, or WHITE GOLDEN GATE

Golden Gate has become so well known to all Rose growers as an extremely free forcing variety of the largest size, that all will understand what the new Rose, Ivory, is like when it is described as a pure white Golden Gate, a sport from that variety. Its extraordinary freedom, large size, heavy canes and pure color, tend to make it a valuable forcing variety.

Maman Cochet.
MAMAN COCHET

An excellent pink Rose, with rich, healthy foliage and large flowers on long, straight stems; color, deep rosy pink, the inner side of petals silvery-rose. Equally valuable for pot culture or outdoor planting.

Mrs. Ben R. Cant.
MRS. BEN R. CANT

A fine garden variety of even shade of deep rose or red, round and full, the form of a good Hybrid Perpetual. A very free grower, in fact it is one of the strongest growing Roses we have. It flowers as continuously and freely as a China Rose, and is especially fine in autumn. This Rose is bound to take rank with the best Roses grown.
Habit and creamy-white, this Rose is entirely double and very sweet-scented. Habit of growth the best.

MME. CECILE BERTHOD

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any rose we grow. The foliage is very bright. This is a Rose of magnificent size and color.

MME. LAMBARD

A first-class Rose for bedding; extra large, full flowers; very double and sweet; color a beautiful shade of rosy-bronze, passing to salmon and fawn, beautifully shaded with carmine; an elegant Rose.

MADAME CAMILLE

Delicate rosy-flesh, changing to salmon-rose, shaded and suffused with deep carmine. Tea fragrance. A magnificent variety.

MME. E. DURANTHON

This is one of the most unique colored Roses in existence. Large flowers, surmounting a long stiff stem; creamy-white outside, center pink and coppery-yellow. Extremely free. This is indeed a beauty.

MLLE. FRANZISCA KRUGER

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps.

MME. WELCHE

The flowers have great depth and substance, and are of fine globular form, with broad, thick petals and large, finely-shaped buds. The color is a beautiful shade of soft amber-yellow, deepening toward the center to fine orange or coppery-yellow, delicately tinged and clouded with pale rusty-crimson. Both flowers and buds are remarkably sweet, and the plant is a good, healthy grower.

PAPA GONTIER

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is of fine size and graceful form. Extremely free both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedding. If you desire a good Rose, one that will give entire satisfaction, you should procure this one, as it is a plant of great value.

PERLE DES JARDINS

The one Tea Rose which you cannot possibly do without. It has absolutely no weak point, but it is a perfect and popular Rose. The color is faultless, whether the waxy petals show the rich cream tint of cool weather, or take richer golden shade which a warmer sun gives them. The form of the bud is rich, rounded and luxuriant. It is only equaled in beauty by the open Rose, which is full to the center and large. It is no shy, creeping plant, but is fairly riotous in growth, sending out quantities of beautiful foliage, thick, glossy and dark, every branch being topped with the dark reddish-maroon of the young shoots, and bearing its buds high above the leaves.

PRINCESSE DE SAGAN

A strong grower, producing a long bud; flower moderately large and beautifully formed; color nankeen-yellow, with shadings of carmine; a most remarkable combination of colors.

CRIMSON VENOSA

A grand Hybrid Tea Rose that has received the endorsement and commendation of the highest European authorities. The flowers, produced on long stems, are extra large, having broad, thick petals, and long, tapering buds with delicate tea fragrance. Color a fine, clear magenta-red, sometimes passing to bright crimson. A splendid Rose, either for cut flowers or bedding.
CHOICE EVER-BLOOMING TEA ROSES—Continued.

10 cents each; 6 for 50 cents. Two-year-old, 25 cents each; 6 for $1.25.

QUEEN’S SCARLET

This is, without any doubt, the very best of the red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums.

SAFRANO

A Fine Old Rose. This is a splendid old-time Rose that has not been superseded by any newcomer of its class. It is a variety of great value, particularly for outdoor planting. It grows vigorously, and has the vitality necessary to produce a continuous crop of flowers from early summer until late in autumn; quite hardy. It is valued very highly for its beautiful buds and handsome flowers. The color is bright apricot-yellow, changing to orange and fawn, sometimes tinted with rose.

THE QUEEN

This elegant new Tea Rose originated in this country. It is a very large, pure snow-white, ever-blooming Rose; the flowers are extremely large, very full and double, and delightfully perfumed; a vigorous and healthy grower; it is considered by all who have tried it one of the most valuable pure white Roses for all purposes.

The Largest White Rose

THE BRIDE

This is undoubtedly the finest white ever-blooming Rose ever offered to the public, and we take pleasure in recommending it to all our customers. The buds are very large and of exquisite form; the petals are of fine texture and substance, and the full flower is very double, measuring from three and one-half to four inches in diameter. The color is a delicate creamy-white. The blooms can be cut with long stems, and will last in a fresh state after being cut longer than any known variety. This new Rose is a sport from Catherine Mermet, and is equally valuable either for summer or winter flowering.

SOUVENIR DE LA MALMAISON

This grand old variety, when used as a bedding Rose in summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry summers; exquisitely fragrant; a noble Rose.

SUNSET

A grand variety. The flowers are of large size, fine full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark reddish copper. Intensely beautiful, and resembling in color a splendid “Afterglow.” It is a constant and profuse bloomer.

SOUVENIR DE PIERRE NOTTING

This variety is a seedling of Marechal Niel and Maman Cochet, with beautiful closely set foliage and a strong, sturdy habit of growth. The bloom is very large, perfectly full, of elegant form; has a beautiful long bud; the colors are very bright, distinct and clear, and have no unpleasant tones—orange-yellow, bordered in carmine-rose. Promises to prove very popular. Has received not less than six gold medals and prizes.

SOUVENIR DE JEANNE CABAUD

A beautiful “Frenchey” Rose of most exquisite color. It is very large and very full, and its chief beauty is in its open state, when its appearance is that of a pink Rose set in heart of a large orange Rose; the outer petals are coppery-yellow, the center bright carmine-pink. It is a strong grower and free in bloom.

SUNRISE

This has made a sensation in England and taken first honors wherever shown. In close bud form it shows the high brilliant colors seen only in the Austrian copper, scarlet and yellow. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, inside of petals golden-yellow. The open Rose is large, perfectly double and of grand form. Foliage glossy and thick, new growths being darkest and most beautiful found among Roses.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
**YELLOW MAMAN COCHET, or MADAME DEREPA S MATRAT**

Everything considered, this is one of the most noteworthy introductions. It is the typical Cochet Rose, with its gracefully molded buds, magnificent open flowers, stiff, strong stems, heavy foliage, and with the vigor of growth and blooming capacity that has made the Cochet Roses the most reliable of their class and color. There is a great need for this variety, for it will become equally as famous as Pink and White Maman Cochet. It throws up fine, strong stems, crowned by solitary buds of grand size; the color is a good sulphur-yellow, blooms very large, perfectly double, splendid form and freely produced. It has every quality necessary to make the ideal yellow bedder, ranking with the White and Pink Cochets in value as a Summer Rose.

**WHITE MAMAN COCHET**

A grand Rose. Identical with its parent, Maman Cochet, the Queen of all pink garden Roses, except in color of flower, which is snowy white, sometimes faintly tinged with the faintest suggestion of pale blush. It has the same freedom of bloom, magnificent form of buds and flowers, which is marvelously beautiful in its perfection. The flowers are large and very double, with petals of unusually heavy texture, making it of more than ordinary value in open ground. It has the vigor of an oak, with large heavy foliage, which is impervious to disease. Of extraordinary merit.

---

**As a help in making selections, we have arranged the varieties in foregoing list according to color.**

**RED**
- Chas. Legrady, Helen Gould
- Papa Gontier, Pernet’s Triumph
- Princesse de Sagan, Queen Scarlet

**WHITE**
- Cornelia Cook, Ivory
- Marie Guillot, The Queen
- The Bride
- White Maman Cochet

**PINK**
- Bridesmaid, Catherine Mermet
- Mme. Lambard, Mme. Camille
- Maman Cochet, Souv. de la Malmaison
- Mrs. Ben. R. Cant.

**ODORLESS FERTILIZER FOR POT PLANTS**

Flowers are like people—their health depends upon their food. It must be nourishing, but not too rich, to force growth and cause reaction. The one chemically correct flower food for house plants is Walker’s Excelsior Brand. It has no odor whatever, and can be used dry or dissolved in water for sprinkling. Use it, and your flowers will flourish and their health will last.

Small size feeds twenty-five plants six months. 25 cents; large size, enough for a year, 50 cents. Sent prepaid anywhere.

With each package we send FREE the book, “How to Make the Window Garden a Success.”
BOUQUET LIST OF

CHOICE EVER-BLOOMING TEA ROSES

PRICE: 10 cents each; selection of any six for 50 cents; any fifteen for $1.25. Special offer—If left to our selection and one each $1.00. Selection of 8 two-year-old plants for $1.00. Must not be included in Club Rates.

ARCHDUKE CHARLES
Rich, bright red, large, full and double, early and constant bloomer; very hardy and good.

ANTOINE WEBER
Very perfect in bud, flower very large and very full; color "hydrangea pink." A very free grower and recommended for bedding.

ARCHDUCHESS MARIE
The color is pale citron-red, with vermillion center, an odd and rarely beautiful combination, worthy of a place in any garden.

BON SILENE
Noted for the great size and beauty of its buds, which are valued very highly for bouquets; deep rose color; sometimes bright rosy crimson; splendid for outdoor cultivation.

BOUGIES
This is a superb Rose; extra large, very double and full; exceedingly sweet tea scent; color bronze-rose or violet-rose, delicately shaded with lilac.

BEAU-AIR
A splendid Rose for bedding; fine carmine-red, with rich, velvety color; flowers large, full and double; constant and profuse bloomer; fragrant and very desirable.

BÉTHIE CLAVEL
(Bourbon.) A striped sport of Souvenir de la Malmaison. Color creamy-white, with rose center; back of petals striped violet and light rose.

COQUETTE DE LYON
Vigorous rapid grower and free-blooming bloomer; pure canary-yellow.

COMTESSE RIZA DU PARC
A fine all-rose Rose. Valuable for bedding and house culture; a strong hardy grower, constant and abundant bloomer; color soft rosy-crimson, very sweet and handsome.

CHRISTINE DE NOUE—Double Papa Goncal.
This beautiful new red Tea is a very charming Rose. The flowers are well borne upon strong stems and are uniformly double. The buds are long and finely pointed, and the color is a clear, rich maroon or deep, purplish-red, passing to lake, center sometimes streaked with silvery-white. The petals are finely imbricated, and the flowers are deliciously sweet.

CHARLES ROVOLLI!
A charming Tea Rose. Large, globular flowers; full and sweet; color, a lovely shade of brilliant carmine, changing to silver-rose; center and base of petals clear golden-yellow.

DR. GRILL
Carmine-yellow, with fawn-rose reflex. An entirely new color and one of great brilliance. The outer petals are large, round, and shell-shaped, and include a mass of shorter petals, which are of a brilliant color.

DEVONIENSIS
On account of its whiteness and sweetness. Often called the "Devonia Rose." Creamy-white, delicately flushed in the center with pink. One of the most fragrant Roses and a favorite of long standing.

DUCHESS MARIE SALVIATI
A lovely free-blooming Rose. This is a grand Rose of an attractive color, beautiful chrome-yellow, elegantly tinged with orange passing to buff, profusely flushed with pale rose; buds and outer petals exquisite orange-red. The flowers extra large, quite full and very sweet.

ELISE HEYMAN
The color is light yellow, shaded with nankeen-yellow, center rosy peach. Very free flowering. Vigorous growth, fine foliage and fairly valuable.

DOUGLAS
Dark, rich crimson; buds of good shape; very free flowering; highly recommended. A valuable variety for house culture.

FRANCOIS DUBREUIL
Fine, large double flowers, which, in color, are equal to the best of our deep-colored Hybrid Perpetuals. The flowers are large, very full and double, with thick, regularly arranged petals. Color is red, with velvety shadings; rich and very fragrant.

GENERAL TARTAS
A first-class Rose for bedding. Brilliant carmine, deeply shaded with violet-purple; extra large, very double, full and fragrant.

HENRY N. STANLEY
The color is a rare and remarkably beautiful shade of clear amber rose, delicately tinged toward the center with fine apricot-yellow; the petals are beautifully edged and bordered with rich carmine, and on the outer reverse side pass to a lovely shade of salmon or buff-rose; the flowers are large, fine, full form, excellent substance and deliciously fragrant, having a rich tea scent.

JULES FINGER
A magnificent Rose; elegant and valuable. The color is bright rosy-scarlet, beautifully shaded with intense crimson.

JEANNE DRIVON
A lovely Fairy Rose; perfect form, very double; pure white, faintly tinged crimson.

JEAN PERNET
Light yellow, suffused salmon; beautiful buds. Magnificent variety.
LEONIE OSTERIETH
We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of a good size, the flower full and double and deliciously fragrant, pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas.

LA PRINCESSE VERA
One of the finest Tea Roses. Very full and double; immense buds, which are prettily shaped and quite distinct. Color pale flesh, changing to salmon-rose, shaded with carmine.

MEDIA
Ranked by many enthusiasts as the best yellow Tea Rose. The flowers are of large size, perfectly double to the center, and perfect in shape, both in bud and blossom. The color is magnificent—deep, rich, lemon-yellow, with creamy-yellow center, with tints of sulphur.

MME. SADI CARNOT
This ought to be one of the finest Roses in the whole collection, as it is named after the wife of the late president of France. It blooms in large clusters, fine full flowers, clear, bright cherry-red, passing to magenta. Makes pretty buds; delightfully perfumed.

MADAME DE VATRY—The Creole Beauty
It makes big clean buds of great beauty and opens well, showing the large, full double flowers to great advantage. The color is a rich red, changing to silvery peach—reminds one of the delicate hues seen on the inside of the fairest deep-sea shells—rosy flesh bathed in golden amber, broad, shell-like petals, bright and beautiful; in every way a fine Rose.

MME. CAROLINE CUSTER
Bright lemon-yellow; very free and handsomely shaped; one of the finest Roses; very free flowering.

MAURICE ROUVIER
The color is a bright pinkish rose, tinted with shades of buff, veined with dark crimson, while many of the petals have a wide border of silvery-white: strong grower and prolific bloomer.

MARQUISE DE VIVENS
The color is a novel shade of rich violet, with center and base of petals cream yellow, exquisitely tinted salmon and fawn. Large, full flowers; sweet. Constant and profuse bloomer.

MME. SCIPION COCHET
Beautiful creamy-rose, with deep crimson center; flowers large, very sweet.

MME. JOSEPH SCHWARTZ
A lovely Tea Rose, extra large, globular flowers, very full and sweet. Color pure white. Tinged with pale yellow and rosish-blush; very beautiful Rose; constant and profuse bloomer.

LOUIS RICHARD
A superb Rose imported from France; extra large size; splendid full form, very double, delicious tea scent; color rich coppery-rose, changing to buff, shaded with carmine; center sometimes brilliant rosily-crimson.

RAINBOW
Makes fine buds and flowers of a beautiful shade of pink, striped and mottled with bright crimson, shaded and toned rich amber-yellow.

SOUV. D’UN AMI
The color is a deep rosy-flesh beautifully shaded with rich carmine; edges and reverse of petals silver-rose; clear and bright. Rose that will please.

SOMBREUIL
Beautiful white, tinged with delicate rose; buds are large and full, blooming in clusters.

SNOWFLAKE
This is a lovely white Rose, a pure Tea, but a foreign seedling, the finest flowering white Rose we have ever seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose.

SOUV. DE VICTOR HUGO
A splendid ever-blooming Rose, introduced from France; large tulip-shaped flowers beautifully scented and a very free bloomer; color lovely citron-red with beautiful amber and fawn shading.

VIRGINIA
A vigorous grower of bushy habit, the blooms are large and double, finely formed, lasting and of excellent substance, often remaining on the bush until dried up. Color light yellow, with a tinge of saffron at the center, and reverse of petals of pinkish cast. Perfume a delicate and delightful tea scent.

WHITE BOUGERE
A beautiful large pure white flower, with thick shell-shaped petals; fine both in bud and fully open flower. Plant is a strong healthy grower, equally valuable for pot or garden culture.

YELLOW QUEEN
One of the finest yellow Tea Roses for outdoor planting and one of the hardest of all. To section, it blooms very freely and every flower is a gem. Very large and fully double. Well established plants produce flowers equal to M. Nicot in size. Color, deep chrome-yellow.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Arbor or Hardy Climbing Prairie Roses.

These are the only Climbing Roses that are perfectly hardy everywhere, and are, consequently, of the greatest value. They can be readily trained to a height of ten to twenty feet, as they grow with very great vigor. They bloom the second year and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants.

**PRICE, 8 CENTS EACH; ANY 4 FOR 25 CENTS; TWO-YEAR-OLD PLANTS, 30 CENTS EACH; ANY 3 FOR 75 CENTS.**

- **Baltimore Belle**—Pale blush, variegated carmine, rose and white; very double flowers, in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the largest of the type.
- **Greville, or Seven Sisters**—Flowers in large clusters, varies in color from white to crimson.
- **Prairie Queen**—Flowers very large and of peculiar globular form. Bright rosy-red, changing to lighter as the flowers open.
- **Pride of Washington**—Bright amaranth, shaded rose center; large clusters, very double. Fine.
- **Tennessee Belle**—Flowers bright, beautiful pink; is more slender and graceful in growth than any of the varieties.

**THE LADY BANKS OR BANKSIAN ROSES.**

These are fine climbing or trailing Roses, should bloom the second year after planting, and are very beautiful. As the flowers are produced on the old growth, they should be pruned very little. They are strongly scented; single, very double, with downy leaves; and have a delicious violet fragrance; indeed, if you were blinded you could not detect the difference between the fragrance of the Banksia Rose and the Violet. There are two colors:

- **White Banksia**—Pure white; beautiful, perfect form. 10 cents; two-year-old plants, 30 cents.
- **Yellow Banksia**—Fine clear yellow; very full and beautiful. 10 cents; two-year-old plants, 30 cents.

**JAPANESE CREEPING OR MEMORIAL ROSES.**

These are most desirable Roses for planting on banks or slopes and for covering graves; entirely hardy everywhere.

**PRICE, 10 CENTS EACH; ANY SIX FOR 50 CENTS; TWO-YEAR-OLD PLANTS, 25 CENTS.**

- **Rosa Wichuriiana**—The single white memorial, or Japan trailing Rose. A trailing species of very rapid growth, creeping on the ground almost as closely as the Ivy. For covering the ground among shrubbery and rocks it has no equal, and is of great value in ornamental gardening on account of its beautiful foliage, which is bright green, shining as if varnished, and of an almost evergreen character—remaining green until nearly midwinter—making it attractive at all seasons of the year. It is especially beautiful when covered with its long, showy clusters of white blossoms, which are produced in the greatest profusion during the entire month of July and more sparingly throughout the season. The flowers are single, pure white, fully two inches across, with yellow stamens, and have a delicate perfume.
- **Evergreen Gem**—(Wichuriiana X Madame Hoste.) Not only evergreen, but grows during mild winter weather. Stems long, branching, rich bronze color, covering the ground closely. Foliage deep green, the young leaves fine, rich bronze color; closely matted; flowers double, produced singly on stems; yellow buff in bud, opening almost white, two or three inches in diameter. They are produced perfectly double on every branch of the clusters.
- **Mossy**—Large clusters of white, double flowers, very heavily mossed, 10 cents; two-year-old plants, 30 cents.
- **Mrs. Lovett**—New double sweet-scented Memorial Rose. Stems very strong, 2 1/2 inches in diameter, of the liveliest, most beautiful, bright rose-pink. Best of all, it is the largest as the American Beauty.
- **Manda’s Triumph**—Produces large clusters of well-formed double flowers of pure white, 2 in. in diameter.
- **Universal Favorite**—Double flowers of a beautiful rose-pink, over 2 inches in diameter.
- **Pink Roamer**—Single variety; flowers nearly 2 inches in diameter, bright, rich pink, with almost white center and orange-red stamens.

**MOSS ROSES**

A class of Roses which are much admired. The beauty of the flower consists in the delicate mossy covering which surrounds the bud, and which gives the opening flower a unique appearance. The Moss Rose bud is the most exquisitely beautiful of all Roses. It is the Queen of Queens. Moss Roses are perfectly hardy, and grow in any soil as freely as ordinary Roses.

- **Henri Martin**—Rich, glossy pink, tinged with crimson; large globular flowers, very full and sweet; finely mossed; one of the finest. Price, 15 cents each; two-year-old plants, 35 cents.
- **Comtesse de Murinais**—Flower white, sometimes tinged with flesh color; large, double cupped, buds heavily mossed. One of the best Moss Roses. Price, 15 cents each; two-year-old plants, 35 cents.
- **De Luxembourg**—Bright crimson scarlet, large and double, very sweet and mossy. Price, 15 cents each; two-year-old plants, 35 cents. These three beautiful Moss Roses in one-year-old plants, 35 cents; same in two-year-old plants, $1.00.
Hardy Hybrid Perpetual Roses

The Hybrid Perpetuals, or "June Roses," as they are commonly called, are the hardiest of all Roses, standing the cold winters of the North. After once planted they require but little care, increasing in size and beauty each year. They are covered with bloom in June, although they bloom considerably through the summer and fall; but the greatest profusion of bloom is to be seen in June. Our collection of this class of Roses comprises such varieties as are most valuable. They are strong plants, grown on their own roots, will grow and give a profusion of fragrant bloom.

Price, 15 cents each; any five for 50 cents; two-year-old plants 30 cents each; any five for $1.00

Auguste Mie—Clear, waxy rose; large and finely cupped; very fragrant. An excellent Rose.

Anna De Diesbach—(Glory of Paris). Brilliant crimson, sometimes shaded with bright maroon. Long, pointed buds, and large, finely formed, compact flowers, very full and sweet. One of the best.

Ball of Snow—(Boule de Neige). In the Ball of Snow we have a Rose of large size which is perfectly double, exquisitely fragrant, pure white in color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired, as it blooms freely all summer.

Baron de Bonstetten—Splendid large flowers, very double and full; color rich dark red, passing to deep, velvety maroon, highly scented and beautiful.

Clio—One of the grandest of the new hardy Roses. Flowers flesh color, shading to rosy-pink; large and globular and freely produced.

Countess of Rosebery—Fine carnage-red, large and full, finely cupped form, makes a handsome bush with few thorns.

François Leve—A very beautiful Rose. Soft China pink, delicately shaded carmine and blush; large, finely formed flowers, delightfully fragrant.

Giant of Battles—One of the best, if not the best hardy crimson Rose. Large, very double and sweet. One of the finest old sorts for general planting.

Gloire de l'Exposition Bruxelles—Flowers finely formed, large and perfectly double; color bright crimson. A Rose of unusual merit. We are pleased with it. One of the very best new hybrid Roses of late importation.

Gloire Lyonnaise—This grand Rose is the only yellow Hybrid Perpetual that has been produced. It cannot be called deep yellow, but rather a pale shade of chartreuse or salmon-yellow, deepest in center, sometimes passing to a rich creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large and full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you.

Paul Neyron—Deep, shining rose, very fresh and pretty, and flowers large, often measuring five inches in diameter, and it has this merit—though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless stems, which almost attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend it as Paul Neyron. Grown by thousands for its good free-blooming qualities.

General Jacqueminot—Bright, shining crimson, very rich and velvety; exceedingly brilliant and handsome; makes magnificent buds, and is highly esteemed as one of the best and most desirable for open ground and also for forcing.

La Reine—(The Queen). Beautiful, clear, rosy-pink; large, fine, full form; very fragrant.

Magna Charta—Superb, bold, full flowers, very double and sweet, borne erect on stiff, stout canes; bright satiny-pink, tinged with carmine.

Mademoiselle Marie Rady—A clear, bright red, finely penciled with rich maroon; very large, full flowers, fragrant and beautiful.

Madame Plantier—One of the old June Roses, at which time it is usually covered with pure white, perfectly double, fragrant flowers, which hang on for a long time. Makes large, dense bushes. As hard as an oak. A beautiful cemetery Rose. One of the best for forming hedges.

Madame Masson—An excellent Hybrid Perpetual noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try it.

Marshal P. Wilder—Bright cherry-carmine, very fragrant and one of the freest bloomers.

Prince Camille de Rohan—Very dark, rich, velvety-crimson, passing to intense maroon, shaded black. Large full flowers, looking at a little distance as if really black. One of the darkest Roses; very handsome.

Vick's Caprice—A striking Rose, totally unlike any other variety. The flowers are large, slightly cup-shaped, but full and deep; the petals are thick and lasting, having the ground color clear satiny-pink, distinctly striped and dashed with white and bright carmine. It makes lovely, elegant-shaped buds, which show the stripes and markings to great advantage.

AMERICAN BEAUTY ROSE Flowers very large, of beautiful form and very double; color a deep, rich rose. The fragrance is delightful, resembling La France or the old-fashioned Charles de la Rose. This popular Rose is too well known to need further

Baron de Bonstetten

Damask Rose A true ever-bloomer, each shoot producing a bud. Description. Price, small plants, 20 cents each; strong two-year-old plants, 50 cents.

BELLE OF CASTLEWOOD
A rich enamelled shell-pink, broad - petaled, incurving Japanese, a distinct and pleasing shade. Bloom of large size, solidly set on a grand stem with good foliage; extra early bloomer. BLACK HAWK
Dark velvety crimson. Extremely fine grown in sprays. Beautifully reflexed; shows no reverse. (President Roosevelt's favorite variety.) C. J. Salter

Japanese incurved, deep carmine-yellow. A lovely monster, fully nine inches across. Outer petals partly quilted and drooping, while the center builds up a mammoth incurved. Distinct from all others. One of the strongest growers.

For Further Directions See Circular Sent With Plants.

For convenience in making selection, we name on this page six lists of Chrysanthemums, each composed of varieties of same color or same character. In this way the best of each color or kind are given together, and selection can be more easily made. The following sorts are what we consider most satisfactory for amateur growers. Those marked with a (*) are the earlier flowering varieties.

One of the very finest of the broad-petaled, deep yellow varieties; early flowering.
GENERAL COLLECTION OF CHRYSANTHEMUMS—Continued.

Price, 8 cents each; sight for 50 cents. If left to our selection we will send twenty for $1.00.

Brutus—Robust habit. Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower, being flat, shows the three colors to advantage. The most beautiful combination of color yet produced. Five feet high, seven inches in diameter. Awarded first-class certificate by the C. S. A., at Boston.

Ben Wells—A monster flowered blush-white of the Japanese incurved type, with long, narrow petals.

Captain Gridley—A high built Japanese incurved of large size. White shaded blush; a beautiful variety.

Cinna—Golden-yellow flower, round and perfectly filled; lasts a very long time in perfection. Ranks high as a commercial sort, and a excellent to habit, can be planted very close. A strong grower and easy to grow; has many good points.

Cheltoni—One of the most valuable novelties of the year. A clear yellow sport from Nellie Pookett; more valuable than that variety for its fine color. Splendid for either exhibition or market purposes; lasts indefinitely, on or off the plants.

Col. Rowell—A Bonaffon shade of yellow in a magnificent bloom of largest size, with incurving center and reflexing outer petals, informally built; foliage well up to the flower, with good stiff stem; fine for exhibition or commercial.

Curly Locks—A decidedly artistic bloom of great size. Outer petals tubular and reflexed, open at the tips. Color a beautiful pink, changing to white at the center.

Cullingford—Exceedingly brilliant crimson, richly shaded with scarlet. Florets are of a beautiful, rich, velvety texture.

Daisy Moore—A very distinct sort, of great substance, reflexing and outer petals twisting, full to the center. Color, bright pink. Splendid grower; should be in every collection.

Child of Two Worlds.

Child of Two Worlds—(Pure white.) This grand sport from Louis Boehmer was well received, having many admirers at the shows. Like the parent, it is a strong grower, of good habit, considered the best white of the hairy type, and well deserves a prominent place in any set of this peculiar style of Chrysanthemum.

Col. D. Appleton—Very large, deep golden-yellow flower of fine finish and form. A vigorous, easy grower, and foliage was in nearly every prize-winning collection last fall.

Col. D. Appleton.

Dr. Enguehard—Japanese incurved. One of the best introductions of recent years; has been awarded highest honors wherever exhibited. Color, a true pink, without the least trace of purple. Stem and foliage perfect. Equally valuable for exhibition or commercial purposes. Perfectly double. Every flower is perfect; midseason variety.

Effie Dean—A beautiful sport from the fine commercial sort, Maud Dean. The color is a charming ivory-white, beautifully veined; when flower is fully developed shows the Carmine center, making it very effective.

Ethel Fitzroy—Orange-amber, shaded red; very large, easy to grow. A bold, fine Japanese incurved, with broad, curling florets; has proved a popular color with general buyers. One of the finest on the list.

Estelle—Produces extra-sized flowers of the purest white. Fine, deep form, with foliage evenly distributed along stem. Marketable blooms were cut on October 4th.

Ettine Bonaffond—Probably the largest mum extant opening at this date; Japanese incurved, with broad claw petals forming a globe; golden-yellow, shaded red; fine enough for any exhibition; exquisite in color and finish.

F. A. Cobbold—Midseason. A large, handsome flower, on a strong stiff stem, elegantly foliaged. The color is mauve-pink, very attractive; fine for exhibition or for general cutting.

Frank Hardy—An ideal white flower of great depth; of the incurved petal Japanese type; a remarkable strong, healthy grower.

Fisher's Torch—The color is a bright red, passing to the richest velvety crimson, the flame-like flower, borne at the end of a long stem, gives it the appearance of a flaming brand, hence the name.

F. J. Taggart—Most striking novelty of many years, and deucedly the best of all the plumed, or hairy varieties; a great advantage over all yellows in this class, being perfectly double and the plume-like hairs much more dense. No other variety at the shows last season attracted more attention and brought out so many exclamations of wonder and surprise. Color, light yellow, with old gold and bronze shadings. Flowers large, five inches across and very double. Give it a trial.

INNISFALLEN GREENHOUSES, SPRINGFIELD, OHIO.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
GENERAL COLLECTION OF CHRYSANTHEMUMS—Continued.

Price, 8 cents each; eight for 50 cents. If left to our selection we will send twenty for $1.00.

Florence Molyneux—A very large, pure white; fine for exhibition; requires very good culture. Stem not very strong, but a magnificent bloom.

Harry Plumridge—Has an excellent wavy-white bloom of great depth, with broad incurving petals, outer petals somewhat curled.

Hester Edwards—Pure salmon, shading to mode; a most beautiful color; a big flower; stem and foliage good.

Ivory—Unexcelled for pot culture or cutting; pure white flower of exquisite form and finish; has been shown in grand shape at all recent exhibitions; it is especially noticeable for its grand globular form, its Dahlia-like petals and absolute purity of color.

John K. Shaw—Very solid Japanese incurved; large in size, fine light pink, splendid stem and foliage; grows to a height of three and a half feet and blooms about October 15. An exceptionally fine variety for commercial use, also as a pot plant.

John Shrimpton—Rich velvety crimson—the finest red Chrysanthemum extant; has won many prizes on account of its many good qualities.

Kioto—No engraving can do justice to this unique and beautiful variety. The color is deep yellow, with a peculiar waxy luster; petals incurved and twisted; a free bloomer.

Kimberly—A pronounced improvement in yellows. Beautiful bright golden.

Leila Filkins—A lovely shade of pink, fully seven and a half inches when well grown; habit very stout, with beautiful foliage; winner of many prizes.

Lohengrin—An extra fine, bright bronze; a splendid variety; very large; will pay every grower to try it for general purpose; very showy.

Lavender Queen—A new and distinct coloring in Chrysanthemums; a soft lavender-pink. Flower is large with outer petals reflexed and center erect.

Louis Boehmer—Has a wonderful hair-like growth, or excrescence. Color, most beautiful shade of lavender-pink, shaded silvery-pink in ends of petals. Flowers splendidly incurved, inside of petals deep rose. For evening wear the Louis Boehmer is sure to be in demand. Flowers enormous; is absolutely free from taint or blight.

Kate Broomhead.

Kate Broomhead—A grand exhibition variety, producing a massive flower of golden-amber or orange—in fact, the color is much the same as in the fine old variety Source d’Or, which has never been surpassed.
General Collection of CHRYSANTHEMUMS—Continued

Eight cents each; eight for 50 cents. If left to our selection, we will send 20 for $1.00

Mrs. F. A. Constable—An exceptionally fine variety for exhibition purposes. A pure white, with petals tubular their entire length, incurving to a whorl. An exceedingly artistic flower. A variety that has taken prizes at many of the late shows.

Mrs. H. Weeks—An immense flower, with broad claw-like petals incurving to form a globe of white, a few outer petals reflexing; has made a sensation in England, and in our own country last fall appeared in fine shape at most of the principal towns.

Mrs. S. T. Murdock—One of the finest varieties in cultivation; nice glistening pink, fine globular bloom of rather short incurving petals; early midseason, stem and foliage perfect; a fine keeper.

Mrs. Henry Robinson—In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow; foliage as handsome as that of Mrs. Jerome Jones, a variety of the easiest arrangement. We do not think it possesses a single fault. Winner of twenty-six first prizes.

Marie Louise—A beautiful recurving white, with slender interlacing petals, forming a plummy globe. Received Columbian medal at the Chicago show. Not of enormous size, but of good substance; stems slender and stiff; foliage elegant; plenty of room for this graceful variety, which is a model for cut flowers.

Marion Henderson—The rich, buttery-yellow color of the flowers is superb. It is full of petals and lasts a long time, in fact although very early, it can yet be made late, because it remains perfect on the plant for a long time.

Mrs. E. Thirkell—Midseason. Deep yellow, with amber shadings; a monster bloom with whorled center and long drooping florets; easy to do and a splendid keeper; one of the sensational varieties of the year; indispensable for exhibition.

Mrs. Perrin—This is the nearest approach to the true pink so long desired. It has slender, stiff stems, a short neck, ornamental foliage. The flower is of globular form, incurved, full and with a finish as soft as satin. Color, rose-pink.

Mrs. Coombes—An extra fine very early pink variety of the largest size, blooming just after Glory of the Pacific and before Pink Ivory. Color, beautiful rose-pink, resembling Vivian Morel in color and also in style, but the petals are broader. It is a fine dwarf grower. First-class pink Chrysanthemums are scarce, and this variety will prove exceedingly valuable on account of its earliness and large size.

Monrovia—One of the very earliest bloomers, coming into bloom at the same time as Marion Henderson. Flowers good-sized and perfectly round, of a pleasing shade of deep yellow, with perfect stem and foliage.
The Queen—This grand variety still retains its place as one of the very best large pure white varieties for exhibition purposes. Flowers of immense size with nicely incurved petals.
GENERAL COLLECTION OF CHRYSANTHEMUMS— Continued.

Price, 8 cents each; eight for 50 cents. If left to our selection we will send twenty for $1.00.

TIMOTHY EATON

One of the largest of the Japanese incurved type, and winner of every cup and prize for which it has ever entered. Purest white, of true globular shape. In habit of growth and length of stem it is everything that could be desired.

T. CARRINGTON

A very large Japanese incurved; color, carmine-rose, with silvery reverse. Fine for exhibition. A great prize winner.

THE YELLOW EATON

(Dr. Oronhyatekha.) A bright yellow sport from Timothy Eaton, only a shade lighter than Appleton. Foliage very beautiful, stem first rate, and quite strong enough to hold up the monster blooms, which do not show coarseness. It is strictly A No. 1.

WILLOWBROOK

The very best early white, pure in color, large in size, showy form, informal and spreading. Each year finds this grown in increasing quantities. Very satisfactory.

W. A. MANDA

Ostrich plume type. Flowers very large, of a clear golden-yellow color. Plant is vigorous in growth and flower is borne upright on stout stems. This is the grandest introduction from Japan, and no collection can afford to be without this variety.

WILLIAM FALCONER

This grand variety will increase the popularity of and interest in this beautiful class. Color is an exquisite shade of rosy-blush, changing to a delicate flesh-pink as flowers advance in age. Flowers are of the largest size, and borne on strong, vigorous stalks.

W. F. MCNEICE

Midseason. A large and handsome variety. The petal has good substance, and the color of the flower is lavender-pearl, shading to a rich, glowing pink at the center.

Hardy Pompon Chrysanthemums

These small flowered 'Mums are becoming very popular again, as they are the only perfectly hardy ones we have, and give showers of bloom long after frost in the fall, after most other flowers are gone.

Price, 6 cents each; set of six for 30 cents.
Attila—Deep orange-maroon; very neat form.
Ethel—Blush white, good size; great keeper.
Lula—Lovely pure, snow-white; first-class in every respect.
Mrs. Vincent—Large, deep purplish-rose.
Neita—Bright, clear yellow; the best yellow variety out.
Princess Louise—Tawny-red; one of the showiest.
Rhoda—White, pink shading.

Grandmother's Hardy Garden 'Mums

The fragrant, reliable, old-fashioned Chrysanthemums that reigned supreme in the garden corners and alongside the house, in our grandmother's home. We offer two colors.

White—Price, 10 cents each; ten for 50 cents.
Pink—Price, 10 cents each; ten for 50 cents.

Wm. Duckham.

WM. DUCKHAM

The sensational variety of late years. Color, a deep clear pink, much darker shade than any other listed. Incurved with a broad petal. The flower is very large, measuring nine inches in diameter and supported by a long, stiff stem with good foliage. An exceedingly strong grower and comes in flower about November 5. Has received certificates at all the latest shows, including the St. Louis World's Fair.

SEPTEMBER FLOWERING CHRYSANTHEMUMS

Price, 10 cents each; the set of seven for 50 cents.
Carrie—Golden-yellow; four inches across; grand pot plant, does well also for bench cutting in September.
Champ de Neige—Very dwarf, forming a broad, low bush; fine for pots, covered with bloom the end of August; snow-white; a grand variety; blooms equal to Fitzwygram in size.
Esperance—Milk-white; a vigorous grower, blooming from September to November; two and a half feet high; extremely free.
Le Pactole—Fine bronze-yellow passing to pure golden-yellow as it matures; very vigorous grower.
La Vestale—Produces beautiful Jap flowers in great profusion, incurring centers with reflexing outer petals; beautiful rosy-white. September and October.
Jason—Bright chrome-yellow, a vigorous grower, with fine sized flower; late September.
Rol des Blancs—Well named the King of Whites; begins blooming early in September; equally fine disbudded or in sprays.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
The Best Varieties In Cultivation.

Price, 10 cents each except where noted; any six priced at 10 cents each for 50 cents.

The Canna, with its elegant tropical foliage, and its brilliant showy flowers, whether bedded out or grown in tubs, is one of our most ornamental plants and is of very easy culture. The improvements made in the Canna in the last few years in size and diversity of color place it in advance of all other plants for bedding purposes. In the following pages we have the cream of all the late and standard sorts. Having discarded all those that show weak points, our customers cannot go wrong on any of these varieties, as every Canna offered has some points of merit.

Remember, too, that our Cannas are started plants and not dormant roots, as are often sent out.

**AUSTRIA**

The new giant golden Lily-flowered Canna. The claim of Italia to the title of Orchid-flow-ered is not better than this to Lily-flowered. It is, in truth, a giant, with flowers six to eight inches across; a giant in its superb growth, young plants set out in June forming dense spreading clumps, with twenty to twenty-five stems six feet high, and every stem surmounted with a spike of its glorious, golden, lily-like flowers; a giant in its grand foliage; a magnificent giant in its every attribute.

**BUTTERCUP—The Finest Yellow Canna**

Two and one-half feet. An early and constant bloomer. Large, beautifully formed flowers, in fine, large, handsome trusses. Color rich, golden-yellow without markings, suggesting in its rich and pure color the wild Buttercup of the field. Always shows up bright and clear. The best of all yellow Cannas. Price, 20 cents each.

**ALLEMANIA**

The flowers are truly gigantic in size, the upper petals spreading, fully seven inches wide, and the lower petals really semi-double. It produces the largest flowers that have been obtained as yet in the way of a Canna. The outer petals are orange-scarlet, with a very broad golden-yellow border. The plant grows about five feet high with numerous musa-like glaucous leaves. We consider this variety one of the best of the orchid type.

**BUBANK**

Color, rich, canary-yellow, with a few carmine spots in throat. Giant orchid-like flowers, the upper petals measuring fully seven inches across. It is a vigorous growing plant, retaining a height of about five feet, with shiny leaves of a leathery texture.

**BLACK PRINCE**

One of the most showy and longest lasting flower of any Canna we grow. Brightest imaginable shade of crimson-scarlet. Plant is very compact in growth, throwing up straight flower spikes with well shaped trusses of bloom. Flowers remain in perfect condition for a longer period than ordinary varieties, making it one of the most valuable for planting in masses where bright red color only is desired.

**CHARLES HENDERSON**

The standard of excellence of all crimson Cannas; bright crimson, with pencillings of golden-yellow at center. About four feet in height.

**CHICAGO**

One of the showiest varieties. Brilliant orange-scarlet. An exceedingly free bloomer and a strong grower. A fine variety for bedding and one that is used very extensively in the best parks.

**DUKE OF MARLBORO**

Beautiful crimson-maroon; the largest Canna grown. A sturdy, erect grower, with fine metallic green foliage.

**DAVID HARUM**

Foliage dark bronze. Strong grower and one of the finest bloomers. Flowers are of large size, with well-rounded petals, good substance and not too compact trusses. Color, brilliant crimson-scarlet dotted with crimson spots. Pronounced by Canna experts as one of the best of the many varieties shown at the Buffalo Exposition. Height, three to three and one-half feet. Price, 15 cents.

**EGANDALE**

Probably the finest bedder of its color, if not of the whole list. Deep soft red, compact spikes of medium size; a wonder-ful, profuse bloomer, beds of it being literally a mass of red; foliage a beautiful rich purple.
French Dwarf Cannas—Continued

Price, 10 cents each except where noted; any 6 priced at 10 cents each for 30 cents.

Canna—Great clindly petals of clear yellow, irregularly overlaid with varied shades of orange-scarlet. Nothing more charming.

King Humbert—A cross between the Crozy and Orchid-flowered families. Flowers are as large as those of any of the Orchid-flowered Canna, yet have the firmness and substance of the Crozy type. Bright orange-scarlet streaked with crimson. Foliage bronze, with brownish green stripes. Grows 4 to 4½ feet. Price, 25c.

Martha Washington—The best pink. Three feet. Strong grower, and one of the finest blooming Cannas we have ever seen. Flowers are of large size, with well-rounded petals, good substance and not too compact. Color is bright, clear pink. Considered by experts to be one of the best Cannas ever introduced. It is the only bright pink Canna.

Pennsylvania — Lustrous, wavy petals of the largest size, in which the deepest shades of orange and scarlet are exquisitely blended. Individual petals 2 to 2½ inches wide, make up flowers and trusses of imposing proportions, the flower stalks rearing their lovely burdens high above the foliage.

Partenope—Flowers of extra large size, the broad, wavy petals glisten like silk; the prevailing color is orange, delicately streaked with scarlet tints, and suffused with salmon; early and a free bloomer; green foliage; five to six feet in height.

Florence Vaughan—A splendid yellow Canna of large size and most perfect form, petals being broader than Mine. Crozy; color brilliant golden-yellow dotted with scarlet; vigorous grower and very free bloomer; one of the best Cannas in cultivation.

Mlle. Berat—This is a pink variety of French origin. Entirely distinct from any other sort. It is much the darkest of all the pink Cannas, being dark carmine-pink. Heads of bloom are held very erect and well above foliage. A showy effective bedder. One of the finest introductions.

Papa Nardy—(New.) Magnificent heads of broad, round-petaled flowers, a lively carmine-rose. One of the best of recent introductions. 20 cents each.

Queen Charlotte—(New German Canna.) A most distinct rich crimson-scarlet with wide gold border on every petal. A very handsome plant; medium in height, compact grower; broad, green leaves. It is a profuse bloomer, and the flower spike, which is full and well formed, stands well above the leaves, yet not so tall as to appear drawn or ungainly.

Shenandoah presents the novel combination of dark foliage and cerise-pink flowers 3½ to 4 feet.

Secretaire Chabannes—A beautiful orange with deeper shading. The color is rich and pleasing; its greatest value consists in massing it in conjunction with other high-colored sorts. Height about 4 feet. Green foliage.

Tarrytown—Brilliant carmine-crimson. Its particular value lies in the carliness and abundance of flowers, which are large, its branching habit and the length of time the flowers remain after opening. Flowers are thrown well above the foliage. 2 or 3 spikes of flowers being on the same stem at the same time. Height about 4 feet.
Geraniums

GENERAL COLLECTION OF DOUBLE Geraniums.

Price, 10 cents each; any Six for 50 cents; any Fifteen for $1.00.

Geraniums were natives of South Africa from whence they were introduced into England as early as 1690. During the intervening centuries, and especially of recent years, their improvement has been very marked, both in the size of the individual flower and the truss, which is wonderful when compared with the size of a dozen years ago. Many of the single flowers are larger than a silver dollar, and the trusses are immense balls of vivid color; while in color we find the purest white to delicate rose, brilliant scarlet, rich crimson, and many other shades.

Among the single flowers is one of the most beautiful and potent plants in the hothouse in cultivation. Everybody grows them because they would not know how to get along without them. There are millions of Geraniums planted each year, and the demand is still on the increase. Nothing can be more beautiful than a bed of Geraniums; it is a dazzling sight throughout the entire summer. The brightness of the sunshine, the more brilliant and beautiful they become. They seem to delight in our hot, dry summers. They are equally desirable for winter blooming, but if wanted for this purpose they should be grown in pots and not allowed to bloom much during summer.

Aquarelle—Flowers, semi-double; white, bordered with bright carmine. Fine fancy sort.

Alcibiades—One of the best and showiest of the failges. In growth it bears rose color with white center; flower very large; one of the finest in the fancy section, and a very strong grower.

Alphonse Ricard—An excellent semi-double, a strong grower; has four petals, branching. Produces immense trusses of bloom, color bright orange-red.

Beauty Potevine—Semi-double. One of the very finest of the Brunet race. The color is a brilliant semi-double, perfecting apricot in the center; trusses colossal, florets two and one-fourth inches in diameter. Created a sensation at the Paris Exposition.

Bishop Vincent—The handsome flowers are bright cherry, mixed with solferino in a most charming manner. The flowers are of a large size, and are carried on magnificent, large, massive trusses. A very profuse bloomer; stands the hottest sun without scorching.

B. K. Bliss—A splendid bedder, blooming without intermission and standing the sun well. The flowers are a beautiful, rich scarlet; fine large florets of most perfect circular form. The best shaped flower of its class.

Bertha de Pressly—Absolutely the only double pure delphinium pink on the market that does not fade in summer. One of the most free and continuous bloomers, the flowers of a well-grown plant completely covering the foliage. In growth it is one of those short jointed, compactly formed plants that always make beautiful specimens.

Bruanti—Bed of Gold—Artists in color who have for the past two seasons seen it flower declare it to be a rich golden-orange shade of the most brilliant color. The flowers are of the largest size, most perfectly shaped in large trusses opening freely at all seasons.

California—Rich orange shade of the most brilliant hue—we need not add another word to its color. The flowers are of the largest size, most perfectly shaped, in large trusses; opening freely at all seasons.

Contraste—Among the most beautiful of new double Geraniums is Contraste. The flowers and trusses are very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is beautiful.

Crepuscule—Another fine Geranium, raised by Bruant. Trusses large and freely produced, dark purplish-crimson, marked at the center with capucine-red. Best of the color.

Colossus—Florets quite circular, semi-double, two and one-half inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy-crimson. Very fine in bloom. One of the very largest and finest among the double reds.

Col. Barre—Semi-double, dwarf, and very fine; an entirely new color in this choice section. The lower petals are rosy pink, upper petals darker and marked scarlet at the base. Most of the florets throw from six to eight petals, and have much the elegance of form of the finest of the Ivy-leaved section. Both florets and trusses are of unusual size.

Decorador—A variety very similar to A. Ricard, the lower a trifle larger, the color a bit deeper; a grand grower, imported from England, where it is highly valued as a bedder.

Eulalie—Clear salmon, shading to pearly-white; round the eye; a lovely, delicate color, and one of the most perfectly formed flowers, both in pip and truss, ever seen. Some of our last novelties in this shade were so good that we quite despaired of ever making any advance upon them, but this is a genuine surprise in every way.

Please read schedule of club rates and exceptions on page one before sending order.
General Collection of DOUBLE GERANIUMS—Continued

Price, 10 cents each; any six for 50 cents; fifteen for $1.00.

Harriet Thorpe—The handsomest light flowers we have yet seen. Delicate blush with pearl-pink, the edge of each flower having a wire-like edge of deep pink, resembling a Picotee more than a Geranium, trusses large and well shaped.

Hubert Charron—Beautiful semi-double flower, pure white, with a reddish-carmine band around each petal, frequently delicately mottled throughout the whole flower. Excellent as specimen pot plants or for summer bedding.

John A. Doyle—This remarkable Geranium is a cross between Grand Chancellor and Brunant, and is destined to take the most prominent place in bedding or pot Geraniums. It is a strong, vigorous grower, throwing its trusses up well above the foliage; of enormous size and of the richest and most vermilion-scarlet. It is a phenomenal bloomer.

Jas. Y. Murkland—Bright peach-rose, broadly margined with white.

Jean Vial—The grandest pink Geranium we have grown. Flowers semi-double, two to two and one-half inches in diameter, made up into very large trusses. Of a beautiful, clear, rosy-pink color, with distinct white blotch at the center. The plant itself is a rapid, vigorous grower, yet compact and shapely. As near perfection as a Geranium can be, both in freedom of bloom and ease of cultivation.

Jean de la Brete—It has large, Camellia-shaped florets of rosy-carmine, shading to scarlet and vermilion, and is marbled in white at the center; a near approach to the Aureole section. One of the finest and showiest varieties of recent introduction.

Le Soleil—Without exception, the most intense scarlet bedding Geranium on the market. Very effective when planted in masses; a perfect flower carpet.

La Favorite—La Favorite is a pure, double white Geranium, as free-flowering as the single varieties, and which can be used for planting in pots for furnishing a supply of beautiful white flowers for vases, etc., or for pot culture for winter forcing.

Louis Fiho—Bright orange-scarlet, shaded salmon; plant very free and flowers very perfect. A good variety.

L. Contable—Plant of perfect habit; very free; large, full, double flowers, of a beautiful bright rose color. An extra fine variety.

Miss Frances E. Willard—This very choice variety originated with this establishment in 1889, being one of several seedlings raised from seed obtained from a flower of White Swan. It is of vigorous growth; the flower stalks are very long and are carried well above the foliage; the color is a delicate blush, shaded with pearl-pink, a most charming piece of shading.

Countess de Harcourt.

Countess de Harcourt—In the Countess de Harcourt we have the finest double white Geranium ever introduced, and, unlike other double white Geraniums, it is suitable for bedding and flowers as profusely as the best single varieties. It is a dwarf, compact-growing variety, with handsome banded foliage of a light healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless snowy-white, retaining their pure whiteness even in the heat of summer. In the fall the plants can be taken in the house, where they will again bloom profusely. One hundred and four trusses and buds have been counted upon a single exhibition plant. The Countess de Harcourt will astonish all who grow it.

Emerson—A most charming variety, having large trusses of double flowers of clear nankeen-salmon.

E. H. Trego—This is the best scarlet Geranium yet produced. We have tested this variety for the past year, and can truly say it is the largest flower and brightest scarlet Geranium we have yet seen, and that it cannot be excelled for bedding purposes. The color is a deep scarlet of exquisite shade; the florets are regular in form, more than semi-double, and about two and one-half inches in diameter. Trusses enormously large on long stems. Foliage and habit are all that could be desired. It has also proved an excellent winter bloomer.

Elmira—This we consider the finest pink bedding Geranium to date for our climate. The plant is a strong, vigorous grower and a prolific bloomer; flowers are perfect in form and are borne well above the foliage on long foot stalks; color, a clear, bright pink. It stands the sun admirably and for massing there is nothing that equals it in its color.

Fleur de Rose—An improvement on Jean Vial. It is deeper in color, the form of flower is more perfect, and it is of even better habit.

Geoffrey de St. Hilare—Large spherical trusses of glowing scarlet, rayed with intense violet-crimson. A strong bushy variety of great merit, and after a thorough trial we can recommend it as unequalled in its class.

Miss Frances E. Willard.
General Collection of DOUBLE GERANIUMS—Continued

Price, 10 cents each; any 6 for 50 cents; 15 for $1.00.

Ora Hill (New Semi-Double.)—This American-bred novelty has all the marks of a good one. The growth is short, pointed, compact, and bushy; heavily zoned foliage; unusually attractive. Flowers are borne freely in nicely rounded trusses; in color a deep glowing cerise.

Queen of Fairies—Large, round florets of very waxy appearance; colors carmine and white, with carmine center; each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. One of the prettiest; splendid bedder.

Richelieu—No Geranium in our list is more attractive. Individual flowers are of good size, borne in close, round trusses. Color, bright orange-scarlet. One of the most profuse bloomers.

Rosebud Geranium—Florets like perfect rose-buds. The habit of growth is dwarf and compact, making this variety one of the most desirable for pot culture. The novelty and merit, however, are principally in the flower, the perfect trusses of miniature rosebud florets, which are wonderfully attractive and pleasing. The color is bright scarlet, frayed with purple shading, and the substance most lasting.

Sir Trevor Lawrence—A unique variety, with very large trusses of perfect shaped flowers with round petals. Color, an exquisite shade of rose-pearl.

Mme. Jaulin—Has been pronounced the finest of all the smaller double-flowered varieties. Plant is of dwarf but robust habit of growth, flowers of good size and very abundant. Center of flower delicate pink, outside pure white. A decidedly attractive variety.

Marquis de Castelaine—A giant among Geraniums. Produces a wealth of bloom the whole season. Flowers two inches and over in diameter. Trusses of bloom five to seven inches across. Petals broad, arranged to form a round flower of perfect shape. Color, deep, rosy-scarlet, shading into pure scarlet at the edge of upper petals. We consider it one of the best red Geraniums.

Mountesquieu—Soft lavender-pink of even shade; form of a Rose; circular in form; a grand variety.

Marvel—Rich, bright crimson; one of the best dark colored bedding varieties. The plant is compact and low growing in form, making excellent plants for massing; very free flowering; always a stunner.

Mme. Landry—Flowers very large, immense trusses on long, rigid stems; semi-double. Plant remarkably free from bloom, being a mass of flower until the end of the season; color, rich salmon, shaded orange, edge of petals of a brighter shade than the rest of the flower; a beautiful and distinct variety.

Mrs. Buchner—This grand new variety is one of the best bedders of the class. The constitution and growth are excellent; the trusses are exceedingly large on long foot-stalks, the florets are very large and of a magnificent pure snow-white; never out of bloom; one of the most desirable of the family.

Theocrito—Very fine trusses of bloom, of beautiful pearl-white, tinted with rose-lilac. The blooming quality of this variety cannot be surpassed. It is a fine bedder, as well as excellent variety for pots.

Thos. Meehan—Fine semi-double, bright orange-magenta; flowerings freely; in large trusses of well opened flowers with distinctly fluted petals.

S. A. Nutt—This is the darkest and richest double Geranium grown. It is a very bright, dark, deep, rich, velvety mallow, an excellent bedder and a perfect pot plant; one that must find its way into every collection; always in bloom.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
General Collection of Single Geraniums

Price, 10 cents each; selection of any six for 50 cents; any fifteen for $1.00

Hecla—Crimson-scarlet or carmine of the loveliest shade; florets large and finely formed. One of the finest fancy reds.

Jasper—Bright orange flowers deeply shaded; white eye.

Marguerite de Layres—A grand single white, plants a mass of white bloom, trusses of the grandest size, florets extra large and of the purest white. The plant is robust. Grand for pots or bedding. It is by far the best single white.

Madame Bruant—This might properly be called the Pansy-flowered Geranium. Fine trusses of bloom in great profusion; individual flowers large, of fine shape, center of flower white, veined with carmine-lake, the five petals regularly and distinctly bordered with bright salmonino.

Mme. J. Cibiel—Salmon-pink, with enormous Hyacinth-like truss on long stems; one of the best single bedders.

Mlle. L. Moyot—A variety with striped flowers; very distinct from others of its class. Large white trusses, bordered with vermilion; very free; constant in bloom; extra fine for massing.

M. P. Morlan—Plant very free, enormous trusses; large flowers of rosy-salmon; center white, surrounded by a band of bright salmon.

Mrs. E. G. Hill—the center of each petal is soft, light salmon, bordered with rosy-salmon and veined deep rose; frequently throws six petals.

Master Christine—Bright, rose-pink, shaded lightly to the center. A fine one for bedding or pot culture.

Madonna—A magnificent bedding variety; trusses are of extraordinary size, almost Pansy form; the color is a soft, light pink, a beautiful and distinct shade.

Nellie Woods—We feel like calling this the queen of all the single, round-flowering varieties. The flower is of enormous size, perfectly round; the color is rich, glowing crimson-scarlet; a very telling color.

Phylis—Pale salmon-rose; one of the most delicately beautiful flowers imaginable. The blooms are very large, of faultless form; single, large and compact.

Precursor—Large, flowered single, pure white, occasionally tinted flesh in the older flowers. An especially novel variety for the reason that this class of Geranium has never before included a white flowering sort.

Phonograph—Soft, clear pink, with white flame on upper petals; very fine truss.

Richmond Beauty—A brilliant scarlet-crimson, with large, wide petals. The two upper petals: florset round; color, clear and striking. Probably the finest fancy bedding single extant.

Scarlet Cloth—Splendid red shade of scarlet; extra large floret and truss.

Souvenir de Miranda—Round florets, upper petals cream-white, with a distinct rosy-pink border; lower petals salmon-rose, streaked pure white; a most novel color.

Tempest—A brilliant orange, still the nearest approach to yellow among the single Geraniums; very dazzling color.

Telegraph—An American production of great promise as a pot plant and bedding. A strong, vigorous grower, compact and shapely always. Foliage dark green with distinct dark olive zone. Large single flowers in nicely rounded trusses, a rich orange-cerise.

Tiffin—A fine seedling first offered this season, after a distinct test of the past summer for the excellence and great beauty of its flowers. It is a Geranium that one never tires of. Dazzling orange-scarlet, petals, slightly cupped, giving it the appearance of a beautiful ring.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
IVY-LEAVED GERANIUMS

A splendid class of Climbing or Trailing Geraniums; adapted for baskets, vases, rock work and trailing on trellises.

Double Flowering Varieties.

Price, 10 cents each; any six for 50 cents.

Achievement—Another grand English novelty belonging in the class with P. Crozy, being a true cross between the Ivy and the Zonal class. It has the habit and texture of the Zonal, with the form of Ivy foliage, and also of the Ivy bloom. Color, pure self-rose with white eye, immense in size, on long stems, freely produced.

Charles Turner—Best bloomer. Color, light scarlet, with soft rose tint, two upper petals veined with maroon-crimson. For general purposes there is not one in all the list of Ivy Geraniums that can compare with this superb variety, which our immense stock enables us to offer very low this season.

Camille Flammarion—A beautiful variety and a general favorite with all the lovers of the Ivy-leaf varieties. Flowers large, full, cup-shaped and a deep rose color.

Col. Baden-Powell—This is the grandest variety of Ivy Geraniums yet sent out, and is destined to become exceedingly popular. The flower is of enormous size—the largest among the Ives. It is semi-double, of elegant, showy form. The color varies at times from pure white to soft blush; exquisitely beautiful. It is a very free bloomer and a splendid grower.

Incomparable—Trusses very large; florets immense and very regular in form; quite full; the color is an exquisite shade of rosy-carmine; nothing finer.

Mrs. Hawley—A deep pink colored Ivy-leaf Geranium, with vigorous habit. Flowers large, in fine trusses on long stems; has all the good qualities of the best varieties with a beautiful new color. Everyone will appreciate this delightful novelty.

Joan of Arc—This is one of the most beautiful plants it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy green leaves making it a most effective background for the great clusters of snow-white flowers.

Richmond Queen—Most remarkable in size and in beauty of the color arrangement, which is a dainty lavender-pink flamed and dotted in crimson; very large in size of bloom; a good grower, with handsome foliage.

Paladan—(Ivy.) Flowers full of rosette form, bright salmon colored, very large and fine and a good grower.

New Hybird Geranium, Peter Crozy—A cross between the Ivy Geraniums and the Zonals. The foliage shows the blending of the two races, having the form of the Ivy and the substance and size of the Zonals. The flowers are brilliant scarlet, borne in the greatest profusion, the trusses measuring six inches across and the individual florets two inches. The habit is dwarf and compact, the flowers are semi-double and last a long time.

BRONZE GERANIUMS.

Price 15 cents each; four for 50 cents.

Black Hawk—Golden-yellow with broad red zone; red flowers.

Corinne—Clear golden-yellow foliage, with elegant zone, double, fiery orange-colored flowers.

Crystal Palace Gem—Broad golden-yellow margin with a central disk of green; dwarf and free.

Exquisite—Large chocolate zone, large golden-yellow center; edges variegated, flowers salmon.

Prince Bismarck—Foliage yellowish-green, with narrow zone of deep chocolate; flowers salmon, tipped white; a splendid variety.

FANCY-LEAVED, GOLD AND SILVER, TRI-COLORED GERANIUMS

Happy Thought—A tri-colored Geranium, with very dark green foliage, having a light, creamy, almost pure white center, with a dark zone. Flowers bright scarlet. Price, 10 cents each.

Mrs. Pollock—A magnificent variety, the green leaf disk overlaid by a beautiful bronze-red zone, banded with bright crimson and outwardly margined with golden-yellow; very fine for the parlor or conservatory during the winter and spring. Price, 15 cents each.

Mount Sinai—Of the finest of this class for ribbon lines or missing; the center of the leaf is bright green, the outer margin broadly marked with silver-white; one of the whitest leaved sorts; flowers are bright scarlet. Price, 15 cents each.

SWEET-SCENTED GERANIUMS

Are not grown for their flowers or bloom, but exclusively for the fragrance of their foliage. Indispensable for cut flower work, buttonhole bouquets, etc. We offer the following choice varieties.

Lemon-Scented—Small leaves, with delightful lemon scent; one of the most pleasing varieties. Price, 10 cents.

Tobacco—One of the most fragrant. Somewhat resembles the Apple Geranium in growth and fragrance. Price, 8 cents.

Rose—Too well known to need description. They are indispensable in the formation of bouquets. We have two varieties; one is broad leaved and the other with fine-cut leaves. Price, 8 cents each.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
PELARGONIUMS.
(Lady Washington Geraniums)
Price, 20 cents each; six for $1.00.

These are more commonly known as Lady Washington Geraniums. The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June they are very beautiful and ornamental either as pot plants or in the garden. Although their time of blooming is short, their great beauty, while in flower, makes them very desirable.

**CHAMPION**
White delicately shaded blush, small carmine blotch on lower petals, upper feathered maroon and red.

**DOROTHY**
Beautiful fringed variety. Flowers large; rosy-salmon with dark maroon blotch on upper petals, richly shaded plum color around the throat. Its fringed and ruffled edge gives the flower a very light and delicate appearance.

**MRS. ROBT. SANDIFORD**
The flowers are three inches across, of the purest snow-white, and perfectly double and very free in bloom. You cannot imagine anything prettier.

**MADAME THIBAUT**
The flowers are three inches in diameter, perfectly double, of the brightest pure pink, beautifully ruffled edges. Very free in bloom.

**SANDIFORD'S WONDER**
A splendid semi-double white flower of great beauty; very pure in color, occasionally showing a small rich maroon spot in upper petals. The flowers are beautifully fringed and are produced in great profusion all through the blooming season. Price, 25 cents each.

**H. M. STANLEY**
A very soft lake shade, upper petals deeper with maroon blotch, dwarf habit.

**W. T. BRUSH**
Large showy flower, dark purplish upper petals edged with white, lower petals lighter in color.

Pansy Geranium.

**MRS. LAYAL.**
(The genuine "Pansy Geranium") Rounded, satiny, exquisitely marked and colored, this variety is truly Pansy-flowered. Its colors range from a large crimsoned chocolate center through pink to white at the edges. Growth characterized by compactness and sturdiness. Price, 20 cents each; six for $1.00.

TUBEROUS ROOTED BEGONIAS.

The Tuberous Rooted Begonia is the fashionable plant of the day, and richly does it deserve its honors, for in addition to very handsome foliage, it bears a never-ending profusion of the most ravishingly beautiful flowers the whole summer, and then with the coming of cold weather, very obligingly takes a nap until spring, asking no further care through the winter than to be packed in soil away from frost. The enormous size and intense brilliancy of the flowers astonish those who have never seen any but the ordinary house Begonia. The bulbs can be started from March to June and will soon be in full bloom. Must be kept from direct sunshine. A good place for them is on the north side of a house or grape arbor.

Single, Separate Colors, white, scarlet, pink and yellow, 10 cents each; six for 50 cents.
Double, Separate Colors, white, scarlet, pink and yellow, 15 cents each; four for 50 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
BEGONIAS

Flowering Varieties

This beautiful class of plants is deservedly popular. They are suitable for pot culture in the window or the outdoor plant stand. During the greater portion of the year the plants are, in the different varieties, covered with a profusion of graceful, drooping racemes of pink, white, crimson and bicolor blooms that are exceedingly attractive, and having a waxy, coral-like appearance. The plants themselves are of neat, compact habit; with glossy green leaves in some varieties and exquisitely cut ones in others.

Any six for 50 cents; fifteen for $1.00

Argentea Guttata—This variety is an introduction of "Alba" and "Bertha". It produces white flowers in bunches on ends of grown stems. Good for house culture. Price, 10 cents each.

Alba Perfecta Grandiflora—We doubt if there is a flowered variety that equals it. The foliage resembles Rubra in shape, but is lighter green, while the flowers are much handsomer. It is a pure white flowering Begonia of much merit. Price, 10 cents each.

Argyrostigma Pic’ta—A handsome, compact-growing variety. Leaves a silvery-green, dotted white; smooth and glossy. Flowers a lemon-white, produced in corymbs. Magnificent pot plant. Price, 8 cents each.

Bertha de Chateau-rocher—Next to Dewdrop this is the freest-flowering Begonia we have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright currant-red flowers. Price, 10 cents each.

The Beautiful Begonia, Erfordia—There is no equal to it for outdoor blooming. One of the most prolific bloomers in the Begonia family; it is continually covered with rosy-salmon flowers. An excellent variety for outdoor bedding, growing and blooming in our hot sun; equal to the best bedding Geraniums, being a mass of bloom the whole season. Price, 10 cents each.

Fuchsiiodes Coccineus—Elegant, free-blooming variety. Price, 8 cents each.

Hybrida Multiflora—Very free-blooming, beautiful pink flowers. Price, 8 cents each.

Metallica—A shrubby variety, good grower and free bloomer; leaves triangular; under side of leaf and stem hairy; the surface of a lustrous metallic or bronze color, veined darker; flowers white. Price, 15 cents each.

McBethi—Foliage fern-like; panicles of pure white flowers produced in great profusion. Most persistent bloomer of the Begonias; supersedes Richardsonii, which variety it resembles in foliage. Price, 8 cents each.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Sanguinea—Leaves darkest glossy-green or olive, under side dark crimson, flowers white, making a charming combination. Price, 10 cents each.

Rubra—This Begonia is still a great favorite. The flowers are a rich coral-red, hanging in large pendent clusters; these, combined with the rich green foliage, make it one of the best plants for house culture. Price, 10 cents each.

Pink Rubra—If you only have one Begonia, let it be a Pink Rubra, for it will prove a constant delight. It is so fast-growing that it will in a year or two reach the top of your window, sending up heavy stiff canes an inch in diameter, and rising beside them will grow strong slender branches, gracefully drooping under heavy waxen sliver spotted leaves and pendent panicles of pink-colored flowers as large as a hand. Price, 10 cents each.

New Trailing Begonia, Marjorie Daw—This Begonia is distinct from all other Begonias, for instead of growing upright it droops. It bears great clusters of large, shining pink flowers that drop from long stems, making a beautiful sight. For single specimen pot plants or for baskets and vases “Marjorie Daw” is proving one of the best plant introductions in years. Price, 15 cents each.

Nitida Alba—One of the most showy Begonias we grow. Blooms in good-sized clusters of large flowers; white, sprinkled marbled rose. Price, 10 cents each.

Purity—The finest pure white Begonia grown. Its marvelous freedom of bloom and close, compact growth combine to make it one of the finest pot plants. Should be included in every plant collection. Price, 10 cents each.

President Carnot—A strong growing variety of stiff, upright habit; foliage large, somewhat in style of B. Rubra, but more than twice as large; upper side deep green, under side purplish-red; flowers beautiful coral-red in large pendent panicles. Price, 10 cents each.

Robusta—This is one of the most peculiar Begonias grown. The stock, stem and under side of the leaf are purplish-red; the upper side of the leaf glossy olive-green. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose. Price, 8 cents each.

Sandersoni—Bushy growing variety; glossy deep green leaves; flowers in clusters of drooping, scarlet, heart-shaped buds. Price, 8 cents each.

New Begonia, Wettstein—A beautiful upright growing sort with attractive foliage peculiarly indented, and a lovely shaded coloring, dark, marbled green, shading lighter; flowers bright coral-red in pendent panicles; very free flowering. Price, 10 cents each.

Zebrina—An erect-growing variety, with a beautiful profusion of pendent leaves. Besides its graceful form, the leaf is distinguished by its glistening, silver shading following the leaf, the body being a very dark velvety-green; under side plum color, vein green. Flowers pure white. A beautiful variety. Price, 8 cents each.

Begonia Thurstoni.

Thurston—The under side of leaves is a rich, purplish-red, the veining very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy metallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine habit. Price, 10 cents each.

Rex Begonia.

REX BEGONIA

The Begonia Rex is the king of foliage plants, for outshowing all others. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation. Do not allow the sun to strike the leaves while wet, and do not over-water. Nothing can surpass them for the window or conservatory culture; they may be planted in a shady situation under trees or alongside the house. Rex varieties make immense leaves. We can furnish Rex Begonias in six choice sorts at 10 cents each; set of six for 75 cents.
ORNAMENTAL BEGONIAS

**Semperfloreens Gigantea Rosea**—A superb variety; strong, upright; grows large flowers of clear cardinal-red; the bud only exceled in beauty by the open flowery stem, on a strong, thick stem. The leaves are smooth and glossy and attached closely to the main stem; both leaf and stem quite upright, growing and forming a shrubbery round plant. **Price, 25 cents each.**

**Begonia, Ricinifolia Maculata, or Star Begonia**—The leaf is very large, will average a foot or more in diameter, and is separated into seven or nine points, carried on or near long stems, eighteen inches or more in height. Color rich brown, blotched with pale green, surface velvety. In bloom it is magnificent, the panicles composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of the foliage. **Wonderfully effective. Price, 25 cents each.**

**Mrs. C. A. Townsend**—This new Begonia is indeed one of the most beautiful varieties that we ever have had the pleasure to offer our customers. It belongs to the Ricinifolia family. The leaves are of the Rex nature, rather irregular, or a charming lustrous metallic-green color, the under surface deep crimson at the ribs, shading out to a carmine. An unusually produse bloomer; flower light pink, borne on long foot stalks. **Price, 25 cents each.**

**Rubella**—A very ornamental Indian species, belonging to the Ricinifolia section. The leaves are irregular and blotched red, on a palid ground; ribs banded with a purplish-brown, under surface red. This makes a grand specimen plant, and will enrich any collection of Begonias. The flowers are borne on strong stalks one foot above the foliage, in large panicles of pink and white. **A superb Begonia. Price, 20 cents each.**

**Speculata**—Quite a novelty in the Rex type. Leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole plant banded with silver. This is magnificent, the panicles, composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of the foliage. **Price, 10 cents each.**

**CALADIUMS (Fancy-Leaved)**

Plants are especially valuable for decorating conservatories, windows, boxes and specimen plants. Leaves are cardinal-red, cream, pink, white and various shades of green displayed in the veining and blotches of the leaves cannot be obtained in any other class of plants. **SPECIMENS, extra large bulbs, 20 cents each, any six for $1.00.**

**Beethoven**—Uniform green ground thickly speckled and spotted with white; midrib white or with faint pink line.

**Christiani Ottonti**—Leaves white suffused with green and splashed crimson. **Lovely.**

**Cream and Crimson**—Body of leaf cream, slightly suffused green, marked with light pink spots that are bordered white. Delicately beautiful.

**Richenbachian**—Medium green ground, ribs pale pink, center rich rose-pink bordered gray, the whole marked with a few small scarlet spots.

**Rossini**—Ribs and center of leaf rich crimson; body of leaf rich deep green, with a few large, irregular, bright, blood-red blotches which look as though varnished. Very beautiful.

**Guadalajara**—Cream ground shaded green, thickly marked with white blotches and spots changing light pink. Delicate and beautiful.

**Harold**—Medium green ground, spotted and splashed white; center of leaf gray, ribs deep crimson.

**Rone**—(Meaning autumn.) Ribs deep lustrous crimson widely bordered purple-madder shading off to a speckling of crimson. Deep green ground specked, spotted and blotched crimson in a manner which suggests its name.

**Houtoti**—Deep green ground; white ribs and center, both thickly spotted white.

**Jupiter**—Deep green ground, mottled and spotted with crimson splashed; stems chestnut.

**Dr. Augustine de Castro**—Green ground specked, spotted and splashed white suffused pink. Ribs deep scarlet. A handsome sort.

**Orense**—Light pink ribs and veins bordered white and gray. Green ground shaded and veined gray.

**Grandum**—Green ground mottled, spotted and shaded pink. Light crimson ribs bordered rich crimson.

**Haley**—White ribs, shaded pink in later growth. Deep green ground thickly spotted deep scarlet.

**Captive**—Ivory-white ribs and zone. Deep green ground thickly nerved and veined white and uniformly marked with deep crimson and pink spots.

**Chopama**—Rich scarlet ribs and veins, White ground, edged green outlined and nerved scarlet and white.

**Ourense**—Ribs deep scarlet bordered light purple shading to white. Green ground suffused scarlet and white.

**Caliosa**—Zone of light crimson shading to green at edge of leaf. Ribs rich scarlet. A few bright crimson blotches and spots over entire leaf.

**Trinidad**—A heavy leaf with pure white ground overspread with a network of green veins and nerves.

---

Please read schedule of club rates and exceptions on page one before sending order.
CARNATIONS THE DIVINE ... FLOWER

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground quickly make large specimens, and when brought indoors in the fall, produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive. Don't buy them—grow them yourself. Pinch the plants back frequently during the growing season.

Price, 10 cents each; any six for 50 cents; fifteen for $1.00

**FLAMINGO**

The color is brilliant, flower large, and comes on long, stiff stems. It seems to rank among scarlets as Enchantress does among pinks. Holds its color finely.

**FAIR MAID**

One of the most promising novelties of the year. Flowers large and of a beautiful light pink color, about the color of Daybreak Carnation; very free flowering and a strong, vigorous grower. We recommend it as the best of its color. This is a new variety and very scarce. We have a fine stock of this variety.

**G. H. CRANE**

Regarded by many as the finest scarlet Carnation. In color it is the most intensely brilliant scarlet, showing no tendency to fade; stems long and firm, holding the flowers erect.

**MRS. FRANCIS JOOST**

This has proved to be one of the most satisfactory and profitable Carnations introduced in years. Color, a soft shade of pink; it is a strong, vigorous grower, and is generally recognized to be one of the most profitable Carnations, A No. 1 in every respect, and a variety that we can recommend in the highest terms.

**MRS. POTTER PALMER**

Color, soft scarlet; of good size; form, high-built center, perfectly round and full; calyx, non-bursting; habit, strong and vigorous; transplants well, even after a dry season; early, free and continuous.
HARLOWARDEN

The largest and best of its color, a bright dazzling crimson. Flowers often measure three inches in diameter, and are well supported on long stiff stems. A wonderfully free bloomer, always full of buds.

MRS. THOMAS W. LAWSON

This famous and much-advertised Carnation is so well known that it is hardly necessary to describe it. This variety has created a sensation on account of its wonderful size and beautiful color—dark cerise-pink, lighting up beautifully under artificial light. It has been awarded five silver cups, two silver medals and numerous certificates of merit.

MORNING GLORY

Without exception the leader of all the light pink Carnations; a good-formed flower, not crowded with petals, on strong wiry stems. Its pure, bright color and early and continuous blooming have in the past two seasons fully proved its commercial value as one of the best pink Carnations of recent introduction.

MRS. E. A. NELSON

Pure, glistening pink, similar to the shade of Mrs. Francis Joost. An early and continuous bloomer, reaching three to four inches in diameter when grown for specimen flowers.

New Fancy Carnation, PROSPERITY

This is the largest Carnation ever offered. It is a wonderfully free bloomer, considering the monster size that the flowers attain. White, overlaid with pink, in colors reminding one of the beautiful tints seen in Azaleas.

ROBERT CRAIG

An ideal scarlet, with enormous bloom, strong, vigorous and free; three and one-fourth to three and one-half inches; a healthy grower with long stiff stems. A descendant of Mrs. Lawson.

SUNBEAM

An ideal Carnation for the amateur grower, one of the most prolific bloomers of all the yellows; flowers of good size and beautiful form; color, golden-yellow, slightly penciled red.

VIOLA ALLEN

One of the most showy of the whole collection of fancy Carnations. Flowers very large and full, with center petal standing erect, giving the bloom a beautiful, well-rounded form. Habit of plant strong and vigorous. An even and constant bloomer from early till late. Color clear white, heavily edged and striped with bright scarlet.

ELEPHANT EAR (Caladium Esculentum)

One of the most beautiful and striking ornamental foliage plants. In cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring three feet in length by two and one-half in breadth, smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during winter, out of danger from frost. Good bulbs 10 cents each; six for 50 cents; large size 20 cents, six for $1.00; extra large 30 cents, six for $1.50.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER
**DOUBLE FLOWERING VARIETIES.**

**Price,** 10 cents each; any three for 25 cents.

*Gloire des Marches.*—It is nearly perfection as to free growing and habit, being strong and bushy. The tube and sepals are deep scarlet, the corolla is very large and double, and pure white.

*Rosaire Patri.*—Strong and bushy, beginning to bloom quite early in the spring and continuing very late. The tube and sepals are brilliant, scarlet, thick and leathery in texture; corolla is very large, double and pure white.

*Avalanche.*—Beautiful golden foliage and dark, double violet-purple corolla.

*Purple Prince.*—Fine double variety; sepals scarlet; corolla a beautiful distinct blue; very dwarf.

* Sapley Freres.*—Erect grower; very large flower; corolla very double of rosy-violet; long, recurving sepals of bright coral-red.

**SINGLE FLOWERING VARIETIES.**

**Price,** 10 cents each; any three for 25 cents.

*De Mirble.*—Sepals relieved, bright red, quite large corolla, rose and violet.

*Lord Beaconsfield.*—This is really one of the most charming and desirable Fuchsias in cultivation. Vigorous growing, free flowering; beautiful habit. The blooms are three inches in length and of great substance. Tube and sepals are a light rosy-carmine; corolla deep carmine.

*Lovely.*—The tube and sepals white; corolla single; brilliant crimson; tinted magenta.

*Speciosa.*—Well-known variety, producing large flowers two inches in length, tubes and sepals of which are bluish, the corolla crimson. Some plants of this variety grown in eight or nine inch pots, will produce from 300 to 500 flowers from December to May.

*Wave of Life.*—Foliage bright yellow, corolla bright violet; sepals scarlet.

*Trailing Queen.*—The young plants, as they commence growth, creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The flowers are borne in large, drooping clusters; very large, long, graceful.

Phenomenal.—The largest double Fuchsia we have yet seen. The tube and sepals are bright coral-red, beautifully formed. The corolla, nearly two and one-half inches across, is of the very richest violet shade. The habit is remarkably free, and it blooms more freely than any other large variety.

Phenomenal.

**Black Prince.—** This is without question, the very finest single Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.
PALMS AND OTHER CHOICE DECORATIVE PLANTS.

Palms have become an almost indispensable feature in all decorations, whether for apartments, conservatories, or for tropical bedding in summer. The following varieties of Palms are of easy culture in the parlor or conservatory. No home should be without one or more.

It might be well to state here that young Palms do not always resemble the illustrations; the characteristic leaves usually appear the second year. We deliver the small plants by mail, postpaid; the large plants must be sent by express.

PANDANUS UTILIS (Screw Pine)

For majesty of form and gracefully arranged foliage, this is without a peer, while its vigorous constitution enables it to stand more neglect, without serious injury, than almost any other plant we know of. As an ornament for the window, its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it cannot be surpassed. It is also largely used to decorate the halls in our finest private residences; shows grandly on the lawn when grown to sufficient size. Price, 35 cents each; large plants, by express, 75 cents each.

DRACENA TERMINALIS

Superb species; rich, crimson foliage, marked with pink carmine and creamy-white. Words cannot describe the exquisite coloring. This is one of the most admired of decorative species, its elegant habit and extremely beautiful, lively coloring giving it marked value. It is a rapid grower, and for room adornment or as a vase plant for out-of-door use it is indispensable. Price, 25 cents each; larger size, 50 cents.

ARAUCARIA EXCELSA—Norfolk Island Pine

As a decorative plant for the house this is one of the handsome and most serviceable. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. Our importation of these this year was exceptionally large and fine selected stock, especially in the medium size, for which there is always a demand. Price, nice plants, twelve to fifteen inches high, three tiers, 75 cents each; larger plants, eighteen to twenty inches high, four and five tiers, $1.25 each; extra large plants, $1.75. These can be sent only by express.
These beautiful plants are now generally cultivated. Their great diversity and gracefulfulness of foliage make them much valued as plants for vases, baskets or rock work, or as specimen plants for parlor or conservatory. Keep them out of the direct sunlight and water carefully, that the delicate roots lying near the surface may never become dry.

Our four-inch pot Ferns of the Boston, Piersonii, Eleagnissima, Scottii and Barrowisi are especially fine. You cannot go wrong in purchasing one or more of these beautiful Ferns.

**ADIANTUM CUNEATUM**

Maiden Hair Fern. A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work. Price, 15 cents each.

**ASPIDIUM TSUSSIMENSE**

Without question the most valuable of all Ferns yet introduced for fern dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other Fern we know. A clear, good grower and very ornamental. Price, 10 cents each.

**CYRTOMIUM FALCATUM**

Holly Fern. We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is coarser than the Tremula Fern, it is very graceful and is becoming very popular. The leaf is a rich glossy green, and each leaflet is about the shape and size of a rose leaf. The fronds are fine for cutting on account of their lasting quality. Price, 15 cents each.

**A NEW PIERSONI**

*(Nephrolepis Barrowesi.)*

Of the "Piersoni" type—an admirable improvement over the original form. The fronds on Barrowesi are shorter and lighter, giving the whole plant greater stability and symmetry; finer indentation of the pinnae, making a dainty ruffle. A new, but powerful rival of Piersonii. Price, 15 cents each; large plants, 35 cents each.

**WHITMANI**

The Newest and Finest Fern Yet Introduced.

This Fern makes its first appearance this spring, not having been offered until now by any firm. It is the best Fern of the Boston type yet introduced. It is somewhat similar to the Fern Eleagnissima, but much finer, more compact and shorter in its growth. Being a new variety, the price is yet comparatively high. Fine, healthy plants, from 2½-inch pots, 50 cents each; 4-inch, $1.00 each.

**NEPHROLEPIS SCOTTI**

A Grand New Dwarf Boston Fern.

This beautiful and novel Fern is a decided improvement on the popular old Boston Sword Fern. The plant is very dwarf, only about half the height of the Boston and of very much more compact and symmetrical habit. Its many good points make it a welcome addition to our list of plants. Taking it altogether, it makes one of the most exquisite plants, and one of the most valuable for table decoration. The wide, spreading habit of the Old Boston is much admired, and is indeed its most valuable feature, where a large, spreading plant is needed. The Scotti, because of its compact, symmetrical habit of growth, is especially adapted for the small window garden, where there is not room for large spreading plants. In this respect it is a wonderful improvement over the Boston Fern, which it resembles only in the character of its fronds. It has been exhibited before many Horticultural Societies and has received the highest possible awards. We can most heartily recommend this grand novelty in Ferns. Price, 15 cents each; larger size, 35 cents; fine large specimen, 50 cents.

**PTERIS TREMULA, or SHAKING FERN**

One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds. It makes magnificent specimens, easily grown and very popular. Price, 15 cents each; nice large plants, 35 cents each.
young growth produces an exquisite mossy effect, exceedingly beautiful and attractive, and quite as noticeable in small plants as in large ones. It is a quick, rapid grower, not subject to insects or disease. Price, fine strong plants, 10 cents; larger size, 35 cents, post-paid. Extra size plants, 50 cents, by express.

A Frond of Nephrolepis Piersonii
THE GRAND NEW OSTRICH PLUME FERN.
Nephrolepis Piersonii

We have much pleasure in offering this grand new Fern, which we believe is the finest plant novelty introduced for many years. It resembles the Boston Fern in some ways, but is indescribably more beautiful, and being equally hardy and more easily grown, will at once take its place as one of the grandest and most beautiful decorative plants for house and conservatory culture yet produced. Our photograph gives some idea of its feathery plume-like fronds, though the plant has to be seen to fully appreciate its wonderful beauty. It has taken the highest honors that can be bestowed in this country on any new plant. The fronds are large and heavy, arching in the most graceful manner, and showing two distinct shades of green, which with the

Boston Sword Fern.
The Popular Boston Sword Fern,
NEPHOLEPIS EXALTATA BOSTONIENSIS

In the vicinity of Boston no other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. Price, nice plants, 10 cents each; larger size, 35 cents; fine, large specimens, by express only, 50 cents.

PTERIS WIMSETTI

A very pretty and useful Fern for specimen or dish. Green leaves, with the ends very peculiarly crested. Price, 15 cents each.

The Exquisite Moss Fern.
THE BEAUTIFUL MOSS FERN
(Selaginella Emiliana.)

A new upright growing Moss with numerous feathery stems branching from the base and forming a dense tuft. Well grown plants attain a height of twelve to fifteen inches. We know of no Moss superior to it. Price, 15 cents each.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
THE AMERICAN WONDER LEMON
The Largest Edible Lemon in the World.

Superb fruit has been taken from the tree weighing over three pounds each. In addition to its fruit-bearing qualities it makes a very handsome specimen plant for house culture. The dark green foliage is very large and handsome, and the pure waxy-like flowers with yellow stems are as fragrant as Orange Blossoms, which it greatly resembles. The lemons have very thin rind and are full of rich acid juice. One is equal to eight or ten ordinary lemons. It makes delicious lemonade, and for culinary purposes has no equal. It is of the very easiest culture, flowering andfruiting in any good ordinary soil. Price, for very strong, young plants, 10 cents each; second size, splendid two-year-old plants, 25 cents each; extra large plants, 50 cents.

OTAVEITE ORANGE
A grand pot plant, and one of great beauty and novelty. It blooms most freely during the winter, though it is likely to bloom at any and all times of the year. The fruit is about one-half the size of ordinary oranges, and very sweet and delicious. Price, 10 cents each; large, strong plants, 25 cents each.

Ficus Elastica.

VICUS ELASTICA—India Rubber Tree
Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long, coral-red envelope looking like a great red flower bud. Price, 12 inches high, 35 cents; 18 inches high, 50 cents; 2 feet high (by express only), $1.00.

AZALEA INDICA—Chinese Azaleas
No plant has increased in popularity during recent years with such amazing rapidity as the Chinese Azalea. A few years ago the annual importation of these from Belgium into the United States would hardly exceed twenty-five thousand. Today it reaches five hundred thousand. At Easter they are seen in every church and in the windows of our finest residences. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the spring time in any ordinary living room. We give their time of flowering, so you can have a succession of bloom. In summer set out of doors in the shade and keep moderately wet. Plants twenty-four inches in circumference, 60 cents each; any size for $3.50. Large specimen plants, forty-five inches in circumference, $1.00 each.

Empress of India—(Late.) Salmon, with white border. Magnificent variety.
Helene Thuleman—Very double, rose, extra fine. Early.
Madame Van der Cruyssen—(Late.) Glossy rose, tinted with amaranth. By many thought to be the best of all.
Noble—Double, white, very fine variety. Early.
Simon Mardner—(Early.) Intense velvety rose.
A grand variety.

Schrijveriana—(Late.) Very double, pink and white, with darker center. Splendid.
Vervaeneana—(Early.) Clear pink, white margin, very large flower.

Hardy Azalea, MOLLIS
A beautiful species from Japan, with large flowers of fine shape. The colors run through all the shades of orange, yellow and carmine. Fine bushy, snowy, hardy plants, used extensively in parks and public grounds. The brilliancy of the flowers is not approached by anything in the line of hardy shrubs. Excellent for the front of borders or clumps of taller growing shrubs. Price, extra strong, well set with flower buds, by express, only 50 cents each; three for $1.00.

DWARF AZALEAS ON OWN ROOTS.
50 cents each; the three dwarf Azaleas for $1.25.
Charles Encke—Single rose salmon, margins with white; very fine.
Marie Louise—Single white, slightly tinted rose.
Hexe—Double, crimson-scarlet. Early.
SWEET-SCENTED JASMINES

The Jasmine is a favorite greenhouse or house plant everywhere. In the South it is perfectly hardy. It is the idol of the poets, and one of the sweetest flowers. Among the species are found equally desirable subjects for decorating the greenhouse and the outdoor border, combining in every instance freedom and elegance with the most delicious fragrance.

Grandiflorum—Foliage fine. Flowers white, star-shaped and fragrant. Blooms from November until May. Easy culture. Price, 8 cents each.

Grand Duke of Tuscany—Easily grown, even small plants bearing a profusion of double, creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmines, it is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive out of doors and bloom through the season. A magnificent plant, and one of the most valuable and popular pot plants. It can be stored in a dry cellar in winter. It will please you. Try it. Price, fine plants, 15 cents each; larger plants, 35 cents each. Extra large bushy plants, eighteen to twenty-four inches high, by express only, 50 cents each.

Gracilium—A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white fragrant flowers; in bloom from October to February. Price, 8 cents each.

Poetica—Similar to Jasmine Grand. Flowers smaller, but borne on large spikes. Makes a valuable climbing plant, though if desired can be grown bush form. Price, 8 cents each; fine bushy plants twelve to fifteen inches high, 25 cents each.

Revolutum—A strong climbing plant, with glossy leaves and single, deep yellow, fragrant blossoms. A beautiful plant and easily grown. Almost hardy in this latitude. Price, 8 cents each.

Sambac—(Arabian Jasmine.) Foliage resembles the Grand Duke, white flowers are more like Maid of Orleans, but smaller; flowers white, very fragrant; the most profuse bloomer of all the Jasmines. Price, 15 cents each; larger size, 25 cents.

Maid of Orleans—In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Of easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. If you only have one Jasmine, let it be this one. Price, 15 cents each; larger size, 35 cents.

RHYNCOSPERMUM JASMINOIDES, or AFRICAN JASMINE

A beautiful greenhouse plant, with glossy evergreen foliage, producing masses of pure white Jasmine-like flowers, of delightful fragrance. Of climbing habit, and presents a beautiful appearance when properly trained. Flowers are desirable for bouquets. Price, 10 cents each; large size, 25 cents each.

CAPE JASMINE, or Gardenia Florida

A lovely pot Shrub producing an abundance of large, double white, wax-like blossoms of great beauty and renowned fragrance. Nothing else like it, and for delicate beauty and fragrance it is unrivaled. Price, fine large plants, 40 cents; smaller size, 25 cents each.

PITTOSPORUM TOBIRA

An evergreen winter-blooming Shrub, of easy culture, producing small, white flowers of exquisite fragrance, not unlike the orange. Suitable for house culture. Nice plants from three-inch pots, price, 25 cents each.
Asparagus Plumosus.

**ASPARAGUS PLUMOSUS NAUS—Lace Fern.**

One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality when cut is very marked, retaining their freshness for weeks; hence it ranks as the most valuable plant we have for this purpose, surpassing Maidenhair Fern in grace, finesness of texture and richness of color. (See illustration.) Price, 10 cents each; large size, 25 cents.

**ABUTILON (Or Flowering Maple.)**

The Abutilon or Flowering Maple is a plant of as easy culture as the Geranium and quite as satisfactory. It is beautiful both in leaf and flower, and is very profuse in bloom. Price, 10 cents each, except where noted; three for 25 cents.

Arthur Belsham—Has a long pendent flower of clear crimson without markings, flower stems of unusual length and flowers of good shape; a charming sort. 

Eclipse—A new, variegated Abutilon. Foliage large and beautifully variegated. Of robust growth, will stand the sun, and as an edge for sub-tropical beds it is unsurpassed, being distinct and a decided acquisition.

Infanta Eulalia—It would be difficult to find a more unique flowering plant than this. Unlike the ordinary Abutilon of aprasy growth, it is very compact and short-stemmed, making a very neat pot plant. The flowers are the most beautiful we have seen among Abutilons, being very large, yet short and beautifully cupped, and of the most lovely pale saffron-pink color imaginable. It produces its flowers by the score both summer and winter.

Souvenir de Bonn—A very distinct and striking new plant, with large, bright green leaves, distinctively edged with a pure white band. The long-stemmed flowers are bright orange, veined with crimson, and stand well out beyond the foliage, producing a very pleasing effect. An excellent plant for large vases and porch boxes.

**SWEET ALYSSUM, DOUBLE WHITE**

The trusses are enormous, measuring at times one inch in diameter and five inches long. The flowers are perfectly double and of delightful fragrance. Price, 8 cents each; four for 25 cents.

**AGAPANTHUS UMBELLATUS**

Blue African Lily, or Lily of the Nile—A splendid ornamental plant, bearing clusters of bright blue flowers on long flower stalks and lasting a long time in bloom. There is no finer plant for outdoor decoration planted in large tubs on the lawn. Price, 15 cents each.

Umbellatus Albus—A beautiful white flowering variety of the above. Price, 15 cents each.

**ALTERNANTHERA**

Beautiful dwarf plants of compact habit, growing about six inches high, and admirably adapted for edges, beds or ribbon lines. Always attractive and highly ornamental.

Aurea Nana—Bright golden-yellow. Price, 8 cents each.

Parychoideas Major—When at its best the color of this variety is a clear carmine, the delicate foliage making a dense but soft cushion. Price, 8 cents each.

Asparagus Sprengeri.

The Charming, New Decorative Plant,
**ASPARAGUS SPRENGERI**

Not only is it useful for cutting in sprays for fine cut flower work, more particularly in connection with large Roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations as, for example, in the decorations of mantels, nothing can equal it. Price, 10 cents each; large size, 25 cents.

**ALOYSIA CITRIOODA**

Lemon Verbena—This plant has the most fragrant foliage of any plant grown. The fragrance is that of the Lemon. One plant will scent up a whole yard. Grows rapidly; exquisite. Price, 10 cents each.

**ACALYPHA TRIUMPHANS**

Fine large foliage, dark olive margined rose. A very desirable variety, standing upright in hot and dry weather. Price, 10 cents each; three for 25 cents.

**ACALYPHA MARGINATA**

Very bright, ovate, pointed leaves, light red, shaded and marbled darker. Price, 10 cents each; three for 25 cents.

**ACALYPHA PUBLICA**

Fine large foliage, leaves variegated in yellow and white, the leaves in the center of the foliage being green. Price, 10 cents each; three for 25 cents.
AGTERATUMS

Very free-blooming plants, suitable for either summer or winter bloom, and bearing their flowers in great profusion. They are of the easiest cultivation, requiring but ordinary care. Very useful for bedding or borders, flowering continually during the summer.

Stella Gurney—A short, compact grower, well branched and extremely free bloomer. The individual tufts are very large and dense; the color is the most intense blue, of as an agreeable shade as we have in Ageratum. Price, 5 cents each.

New Ageratum, Princess Pauline—A novel variety, dwarf, compact habit. Its peculiarity consists of both blue and white being combined in the same flower, the body of the flower being white, while the stamens, forming an outer ring, are sky-blue, giving the flower a pretty variegated appearance. Price, 5 cents.

ACHYRANTHES

For brilliancy and grace, this class of foliage plants rivals the Coleus, and is much less liable to burn; thrives in any soil; and is not easily killed by frost. They make intensely bright beds, and show off splendidly in borders to taller growing plants.

Brilliantissima—Transparent leaves of rosy-carmine, intensely brilliant.

Emersoni—Leaves of glittering garnet, reverse side purple wine-color; veins and stems carmine.

Biemuleri—Dark metal-red, lightened by prominently arched veins of carmine.

McNally—Red stemmed; bright, rich green with yellow arching veins.

Price, 10 cents each; twenty for $1.00. By express, $4.00 per 100.

CUPhea PLATYCENTRA

(Cigar Plant.)

This is a well-known ever-blooming plant of neat habit, growing twelve inches in height. The tube of the flower is scarlet, with the end partly white and crimson. These plants thrive beautifully in hanging baskets, vases, etc. They are also valuable as pot plants in the window. Price, 8 cents each; four for 25 cents.

THE CHINESE PAPER PLANT

This beautiful, free-flowering plant was introduced recently, and on account of its free-blooming qualities has become very popular, especially as a plant for Easter decoration. It is of a strong, rapid growth, and the brilliant, rosy-crimson blossoms in large clusters are produced from early March until midsummer, making a floral display that is really dazzling; in fact, a well-grown specimen will frequently flower the greater part of the year. Altogether a most desirable subject for the conservatory or window garden; very rare. Price, 20 cents each; extra large, by express, 50 cents each.

OESTRUM, or NIGHT-BLOOMING JASMINES

These beautiful Shrubs are cultivated for the delicate fragrance of their elegant flowers, which are borne in clusters; of easy cultivation.

Laurifolium—A handsome plant, with large, glossy foliage and pure white flowers. Price, 8 cents each.

Aurantiacum—A winter-flowering variety of night-blooming Jasmine, with pure orange-colored flowers. Price, 10 cents each.

Parqui—An excellent garden plant, growing rapidly. Foliage long and of a deep green color. Produces its richly fragrant flowers at every joint. Sweet only at night. It is also well adapted to house and window culture. Price, 10 cents each.

CLERODENDRON BALFOURI

We can safely recommend this great Clerodendron as one of the most satisfactory plants for window culture now known. It is a vigorous, rapid, healthy grower, and produces an abundance of blooms, which are bright crimson surrounded by pearly-white petals, producing a striking contrast against the dark green foliage. It can be used for a fine specimen pot plant, and can be grown to fine form by cutting off the ends of the growing shoots. A partially shaded position is conducive to rapid growth. Price, 10 cents each.

UMBRELLA PLANT

(Cyperus Alternifolius.)

An ornamental grass throwing up stems about two feet high, surmounted at the top with a whorl of diverging horizontally, giving it a very curious appearance. It is splendid for the center of vases or as a water plant. Price, 10 cents each, three for 25 cents.
FANCY-LEAVED COLEUS

Certainly the most popular colored foliage plants. Whether grown as single specimens or in masses of ribbon lines, they are equally attractive. Plants should be set about a foot apart, so that when the size of the bed is ascertained it is easy to figure how many plants of each kind are needed in a row. We do not advise the ordering of Coleus after the fifteenth of March as they are easily chilled. For massing in solid colors we suggest either red, green, or yellow.

Price, 5 cents each; any twelve for 50 cents; by express, thirty for $1.00. Price of Coleus by the hundred when sent by express, $3.00.

Admiration—Foliage large and finely serrated, color rich purple and carmine; very distinct.
Amethyst—Center clear amethyst-purple; blotch of deeper hue; green edge, bordered and veined bronze.
Beckwith's Gem—A beautiful fancy variety; with large leaves of heavy texture and finely scalloped edges. The center of leaf is dark, velvety maroon, bordered with fiery red; the edge is green, changing to creamy-yellow at the point of leaf.
Butterfly—A crimson-bronze, old gold and green.
Combination—Blotched and spotted maroon, green and yellow. Attractive and excellent for pot culture.
Count Cuvier—Center fiery red, surrounded with deep maroon, edged olive-green, serrated edge.
Dunera—The grandest Coleus of recent years; has a deep violet texture. Color, crimson-maroon center; beautifully scalloped edge of light red; a fine, showy borderer. A magnificent variety that will sell on sight.
Empress of India—Crimson, with golden edge.
Fire Crest—The major portion of the foliage is a bright carmine-crimson shade; the edge is slightly marked with golden-yellow, which heightens the coloring; the center of the leaves is blotched with deep bronze.
Golden Bedder—Clear yellow when well developed, edge somewhat crinkled with center rib of lighter yellow.
Golden Verschaffelti—This is a beautiful yellow variety, with scalloped edge, tinted delicately with bright red.
Hero—A deep jet black.
James Barnshaw—Yellow and crimson, striped.
Miss Petta Kirkpatrick—Large white center, shaded with yellow, broad green-lobed margin; large foliage.
Mascot—Crimson-scarlet, dark maroon band, edged with green, serrated, and base of each tooth marked white. Stems white.
Mrs. Hunt—A beautiful carmine center, bordered maroon, with bright green margin.
Progress—A beautiful mottled red, green and bronze.
Royal Mantle—Light brick red, exquisitely fringed with serrated golden edge, sometimes shaded pink.
Shelly's Yellow—One of the best bedding yellow Coleus.
Spotted Gem—Yellow, blotched crimson and green.
Verschaffelti—A rich, velvety crimson; best bedder.
Setting Sun—Crimson, with brightest golden edge.

CROTONS

The Crotons are among the finest decorative foliage plants known. Leaves are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, others are rolled, flat or heart-shaped. They have either broad or short—dark leaved. Some recurve very much, others twisted, corkscrew-like. Crotons love heat, sunshine and moisture. We will send you the following choice kinds at 10 cents each, three for 25 cents.

Acubefolium—Free-growing, dark shining leaves spotted yellow midrib, tinged dark pink.
Chrysophyllum—Rather small, bright golden leaves, free growing and very beautiful.
Interruptum—Very long and wavy foliage, red midrib.
Ingomar—Narrow long leaf with bright yellow midrib and narrow band of green down each side; colors bright.
Lowi—Very bright orange-red and yellow and green, long oval leaf. One of the most beautiful and showy of the free-growing, bright colored varieties.

Splendens—Mottled and margined with crimson and yellow.
Volatum—Deep green, golden bar through center in form of ram's horn.

CACTUS

Epiphyllum Truncatum—A beautiful variety of the Crab or Lobster Claw Cactus, with bright scarlet flowers of large size and unusually bright and showy. These plants we offer are strong, grafted plants with straight stems, twelve to fifteen inches high, making fine drooping specimens. Strong plants, by express, 50 cents; plants on own roots, 20 cents each.

EUCARIS

Amazonica—A splendid hothouse plant, blooming at various seasons. It sends up stalks bearing several pure white, star-shaped flowers, four inches across delightfully fragrant, and is highly prized as a cut flower. Price, 25 cents each.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
**WHITE CALLA**

*Ethiopica—* This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have two sizes. Bulbs to bloom next winter, 10 cents each; strong blooming bulbs, 25 cents each.

"THE GEM"

The Gem is of strong dwarf habit. The foliage is of a lustrous dark green, and is produced in great abundance. Its flowers are produced in the greatest profusion, being literally an ever-bloomer. It will bloom freely all summer out in the open ground; in September it can be lifted and potted, and will continue blooming all winter. Price, 15 cents each.

**CALLA RICHARDA**

*Spotted Calla—* The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with rich chocolate throat. It can either be grown in a pot, planted in a border, or in a vase or rustic stand, the latter being a very effective way of showing its beauty. Price, 10 cents each; three for 25 cents; extra large bulbs, 25 cents each.

**CALLA HASTATA**

This is the yellow Calla. It is just like the others, only the flower is a lemon-yellow. It is very distinct, and will enrich any one’s collection. Price, 15 cents each; four for 50 cents.

**FEVERFEW—Little Gem**

This sort is valued very highly, surpassing the old sort in every way. It is very dwarf, attaining a height of twelve inches. The flowers are large, of perfect form, and of the purest white. Splendid for cutting. Price, 8 cents each; three for 20 cents.

**GENISTA CANARIENSIS—Fountain of Gold**

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate sage-green foliage, and every twig tipped with a long raceme of exquisite bell-shaped blossoms of pure canary color, almost hiding the foliage, and suggesting the name, “Fountain of Gold.” Price, 10 cents each.

**HYDRANGEAS**

*New Hydrangea—OTAKSA MONTROSA*  
A grand novelty. Color of bloom intense rose, shaded white; borne in much larger clusters than Otaksa, quite small plants bearing blooms of enormous size, which are very lasting in quality. The variety is free in growth and very free in the production of bloom; one of the finest novelties of the year. Price, 15 cents each.

*Red Branched Hydrangea—RAMUS PICTUS*  
We consider this variety the most elegant Hydrangea for pot culture or for tubs grown. It is much handsomer than Otaksa, the foliage being darker green, with black stems, making it very distinct, flowers rosy-carmine, changing to blue, the dark green foliage and purple-black stems being in contrast with rosy-carmine flowers. Price, 15 cents each.

*Pure White Hydrangea—THOMAS HOGG*  
A pure white variety with trusses of flowers measuring fifteen inches in diameter. The plants when full grown, attain a length and width of six feet. Perfectly hardy, and is one of the finest plants for cemeteries. Price, 10 cents each.
HELIOPTROPS

These are universal favorites on account of their delightful fragrance. Flowers equally well as bedding plants in summer, or as pot plants in the house during the winter.

Price, 8 cents each; three for 20 cents.

Albert Deleaux—Foliage is a bright golden-yellow, marked slightly with a delicate green.

Diadem—Silvery-pearl and rosy-lilac.

Le Poitevine—Mauve, violet and blue. Beautiful variety.

Mrs. David Wood—It is a very nice, distinct Heliotrope, with large trusses of violet flowers lightening to magenta beyond, specimen heads measuring ten to fifteen inches across. (See illustration).

Prince Charmant—A variety with handsome foliage; extremely free in bloom; color, a lovely tint of bluish-mauve. Like all of the Bruant type, this variety has panicles of bloom of enormous size; is dwarf and compact in growth, and a great advance on older sorts.

HIBISCUS

Large growing tropical shrubs with very glossy foliage. The plants, under the hottest sun, produce enormous flowers in great numbers and make noble specimens. They can be grown in tubs and kept for years. The average plants make five or six inches in diameter, and are gorgeously colored. The plants can be wintered over in a warm, dry cellar.

DOUBLE FLOWERING VARIETIES

Price, 8 cents each, except where noted. Any eight for 50 cents.

Aurantiaca—Large, double orange-colored flowers. Very novel and attractive.

Miniatiss Semi-Plenus—Semi-double flowers of a bright vermilion-scarlet; petals recurved; the flowers noticeable for the absence of formality, but are very handsome.

Peachblow—This is one of the finest plant novelties offered in recent years. The flowers are double and from four to five inches in diameter; of a charming, rich clear plum color, with a small deep crimson center; an entirely new and most beautiful shade. Price, 10 cents each.

Zebirus—Double, outer petals scarlet, edged with yellow; inner petals very brilliant, curiously variegated with creamy yellow-scarlet.

SINGLE FLOWERING VARIETIES

Price, 8 cents each, except where noted. Any eight for 50 cents.

Carminilatius Perfectus—Full, round flower of perfect shape, and of a rich, soft carmine-rose, with a deep crimson eye. A beautiful free-blooming variety.

Decovery—Foliage very large and lobed; flowers enormous, on long stems, of a beautiful rosy-carmine color; the stamens and petals are very showy; the stigma is large, circular and golden-yellow.

Gen. de Courtigis—A very grand, large-sized flower; single light scarlet; very showy.

Grandiflorus—Rich, glossy foliage; blooming profusely through the summer, literally covering the plants with scarlet-crimson single flowers.

Rosa Sinensis—Flowers red and very large, averaging nearly five inches in diameter.

Versicolor—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.
LANTANAS
Or Shrubby Verbenas, the Finest Plants That Grow.
Price, 10 cents each; any six for 50 cents.

Amiel—About one foot high; approaches the trailing variety in habit, as the first growth droops toward the ground, successive growths rise above these until it forms a dome-shaped plant covered solid with bloom of the brightest shade of orange-red with golden centers; a leader among bedding plants.

Aurora—Large, flowered, dark and light shades of pink, with yellow center.

Alba Perfecta—Pure white; very fine.

Emily Bayard—Deep orange-crimson, with yellowish orange center.

Francine—Rosy-lilac, with cream center.

Harkett’s Perfection—A new variety, with beautiful fresh and yellow flowers and golden variegated foliage.

La Pleur d’Or—Small, pure yellow flowers, very dwarf and bushy; very abundant bloomer. This will please you.

Michael Schmidt—Flowers fresh and sparkling, of a brilliant yellow, passing into purple-vermilion.

Mer Jaune—("Yellow Sea.") A beautiful semi-dwarf variety, bearing in profusion golden-yellow blooms; a strong, free-branching grower with rigid stems and extra large umbels, florets large and open; makes a grand border of yellow.

New Weeping Lantana—Fine for baskets, vases, pots or window boxes. Produces a great abundance of delicate, drooping, leafy vines, covered nearly all the time with clusters of lovely lilac flowers with white eyes.

Seraphine—Rose, with yellow center.

Tethys—Lovely cream color, shading to canary.

Trocera—Dwarf and compact in growth; color an odd shade of red, with yellow and orange centers; very bright and pretty; a good, strong color.

LINUM TRIGYNUM
A winter-blooming plant of great beauty, producing in the greatest profusion very large and very showy blooms of a bright yellow color. The plant is a complete mass of bloom for a long time during winter, and is one of the most beautiful winter bloomers it is possible to have. The flowers are about the size of a Morning Glory, and no matter how small the plant is it will bloom profusely and each year as it grows into size it becomes more beautiful. Price 10c each.

The Charming Ever-Blooming Impatiens

This is most distinct and beautiful, either as a winter-blooming pot plant or for the border in the summer. It is of compact, neat habit of growth, with good constitution and a perpeul bloomer. The flowers are of a brilliant, rosy-scarlet color, of a peculiarly distinct, but most effective hue, and are produced singly or in twos and threes from the axils of the leaves, especially toward the summit of the stems, but so freely that a well-grown specimen appears to be quite a ball of fire. Price, 8 cents each; four for 25 cents.

New Impatiens Hosti—One of the finest Impatiens in cultivation; has no equal in its color. The individuals flowers are of immense size and most perfect circular form; beautiful, rich orange-shade of the most brilliant hue. Price, 15 cents each.

Impatiens (The Queen)—We are among the first to offer this beautiful and rare novelty in Impatiens, which is given to the public this year for the first time. In form and foliage it is like Sultana, but color of flower is a handsome shade of salmon, tinged with pink. Price, 10 cents each; three for 25 cents.

Impatiens (Fairy Queen)—Rich vermilion-scarlet, with orange shadings. An attractive variety, carrying immense spherical clusters of flowers. Price, 10 cents each; three for 25 cents.

IVY CANARIENSIS—ENGLISH IVY
An excellent variety for cultivation in the house, being a free grower, and very beautiful, broad, glossy green leaves. Price, 10 cents each; three for 25 cents.

GERMAN OR PARLOR IVY
A rapid-growing and succulent plant, well adapted for covering trellises; works quickly or training in the parlor. Leaves glossy green and flowers yellow, in clusters. Price, 10 cents each; three for 25 cents.

JUSTICIA

Justicea Sanguinea—Light red flowers. Price, 10 cents each.

Justicea Hydranoides—Large flowers, lilac and white. Price, 10 cents each.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
MoenFloweRs

Ipomea Grandiflora—(The True Moenflower.) This plant has become very popular and is certainly a wonderful annual climber. It grows rapidly and blooms profusely. A very rapid summer climber, blooming the first season. No insects attack the leaf. The flowers are immense, pure white, sweet-scented, five inches in diameter, borne very profusely, and, as they open at night, are very striking. Being a free bloomer, the effect on a moonlight night is very charming. Try it. Price, 10 cents each; three for 25 cents.

The Blue Moenflower, Ipomea Learii—From Ceylon. Handsome, quick-growing perennial climber. Often flowers in bunches of a half dozen; the individual flowers are trumpet-shaped, about four inches across, of a rich violet-blue, with five purple rays. Grows about twenty-five feet in one season, and is a most attractive climber. Price, 10 cents each; three for 25 cents.

OleANDERS

These old-fashioned shrubs are becoming immensely popular again. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar.

Oleander Rosea—Has double pink flowers. The old favorite. Very sweet. Price, 10 cents each.

Lillian Henderson—Has double white flowers of the largest size. Fragrant like the old double pink. Price, 10 cents each.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
The Baby Primrose
(Primula Forbesi.)

It is a wonderfully free-blooming plant, commencing to flower as soon as born. It is raised from divisions; also from the seed, though the latter method is inadvisable owing to the uncertain and variable character of the seedlings. It forms a dense rosette of somewhat fleshy leaves, from which spring the flowering stems, twelve, fifteen, and even twenty inches tall, supporting three tiers of whorls of dainty flowers of a delicate rosy-lilac, with eye of pale gold. The flowers are not more than half an inch in diameter, but they are produced in such great abundance that a few plants present a dense mass of bloom, which continues without interruption and with increasing vigor until June. Price, 10 cents each; three for 25 cents.

PRIMULA OBCONICA

A lovely perpetual blooming Primrose and admirably adapted to growing in a cool greenhouse. The flowers are not large, but are profusely borne in loose trusses and are of a delicate rosy-lilac, shading to white, and possess the true primrose fragrance. It is in bloom fully nine months of the year and some plants have kept up a succession of bloom during the entire season. Price, 10 cents each.

CHINESE PRIMROSES

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suitting it best. Care should be taken in watering it that no water gets on the buds, as it causes them to decay. In the summer they can be turned out into a shady border. The plants we offer are fine, and the colors, will please. White and pink. Price, 10 cents each; three distinct sorts for 25 cents.

Large Flowering PETUNIAS

Double Fringed
The Double Petunia is one of the finest bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom. Price, 10 cents each; three for 25 cents; any six for 40 cents.

Achille—Dark purple, each petal tipped white.

Aristides—Rosy-purple, beautifully frilled; edges white.

Gem—A large flower, beautifully variegated, carmine-rose and white.

Pink Beauty—A very handsome shade of pink, the only pink variety known.

Striking—Rich, purple, mottled and edged white.

Sea Foam—The finest Petunia grown; color a sea-foam white; flower of the largest size and beautifully frilled.

RUSSELIA MULTIFLORA

This is a grand new plant. The primary stems are strong and greasy. The flower particles are extremely long and are covered with tassels of flowers one over the other. Color a rich coral-red. The flowers are tubular, and about one inch in length, and are produced so freely as to cover the entire plant. It is well named many flowered. Always in bloom. No better plant is grown for baskets, vases and window boxes. Price, 10 cents each.

PASSIFLORA—PASSION FLOWER

Climbing plants for greenhouses and windows.

Pfori—A beautiful sort; blue flowers. Price, 10 cents each.

New Hardy Passion Flower, Constance Elliot —This beautiful variety has flowers very large and pure ivory-white. Excellent for cemetery purpose.
GIANT FLOWERING PANSIES

It is impossible to do justice to these lovely flowers in a printed description. Cold type cannot convey an idea of the indescribable richness, the varied and exquisite coloring, the large size, perfect form and great substance of the blossoms. Plants are compact and bushy, and produce great quantities of flowers borne well above the foliage on strong stems. Owing to their vigor, this strain withstands the hot and dry weather better than any other variety, and produces its great, beautiful blossoms in profusion all summer. The plants we offer are from seed of selected flowers of the Giant Trimardeau, Bugnot and Cassier strains in the following named colors: Brilliant fine red, margined, striped, golden, purple, black, white, violet and gold. Price, 3 cents each; 30 cents per dozen.

TWO BEAUTIFUL PLUMBAGOS
Light Blue and Cream White

The Plumbagos are always satisfactory plants, either for pot culture or for the garden. They are constant bloomers and their delicate and graceful flowers are very useful for cutting.

Capensis—A well-known favorite, and always valuable because it produces large trusses of beautiful light blue flowers. Price, 10 cents each.

Capensis Alba—The counterpart of Plumbago Capensis, excepting in color, which is creamy-white. A constant bloomer; a splendid new sort. Price, 10 cents each.

STROBLANTHES DYERIANUS—Royal Purple

This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus, Begonias or Bertolonias in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms, with which the plant is covered in mid-winter, greatly enhance its value, beauty and usefulness. The undulation on the surface of the foliage is furnished with a bluish metallic hue, shading into light rose with a light green margin. (See illustration.) Price, 10 cents; three for 25 cents.
**Salvia—Flowering Sage**

The Salvia is of easy culture, attaining a height of two to three feet. The flowers are very attractive, and fine for bedding, the scarlet variety especially.

A Splendid New Dwarf Salvia, Mrs. Page,—The grandest addition to our list of bedding plants. It forms a compact bush, completely covered with rich scarlet flowers. As a border or vase plant it will be indispensable. Price, 10 cents each; three for 25 cents.

Salvia Splendens—The standard sort for bedding; flower spikes of the most brilliant scarlet. Price, 6 cents each.

Alba—A white variety of Splendens, identical in every respect except in color, which is pure white. Price, 8 cents each.

**Solanum Jasminoides Grandiflora**

A beautiful plant of climbing habit, attaining a height of three to five feet, but can be grown in bush form. Its flowers are star-shaped and borne in clusters, large, pure white, with a violet tinge on back of petals and on the buds. In pots it is a continuous bloomer both summer and winter. Price, 8 cents each.

**Saxifraga Sarmentosa, or Beefsteak Plant**

A handsome plant of low habit. Leaves nearly round, and striped freely with silvery bands. Blooms white, of great beauty, and borne in spikes nearly twelve inches high. Adapted for hanging baskets, vases, etc. This is also known as strawberry Geranium. Price, 8 cents each.

**Vinca Variegata**

A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy white; flowers blue. Price, small plants, suitable for hanging baskets, 5 cents each; 12 for 50 cents; larger plants, 15 cents each; extra large, for vases, 25 cents each.

**Vinca Harrisoni**

A variety of strong growth, margin of leaves rich dark green, with the central portion light green, furnishing an abundance of star-shaped, light blue flowers. Price, small plants, suitable for hanging baskets, 5 cents each; 12 for 50 cents; larger plants, 15 cents each; extra large for vases, 25 cents each.

**Poinsettia Pulcherrima**

A tropical plant of gorgeous beauty. On well-grown specimens the cluster of leaves or bracts that surround the flower is a foot in diameter, of the most dazing scarlet. Price, 15 cents.

**Sansevieria Zeylanica**

This beautiful house plant is well adapted for decoration of sitting-rooms, halls, etc., as it stands dust and neglect of watering with impunity. Leaves grow to a length of from three to four feet, beautifully striped crosswise with broad white variegation on a dark green ground. A rare and beautiful plant, and should be abundantly grown for positions out of sunlight, where other plants do not thrive. Price, small plants, 10 cents each; large, handsome plants, 25 cents each.

**Swainsonia Galegifolia Alba**

We bring prominently before flower planters this very distinct climbing protected spots in the flower is extremely graceful, and the vines trained up at the side of a window or on a trellis, present a lovely sight of light green feathery foliage and a splendid profusion of pure white sprays of fairy-winged flowers somewhat resembling Sweet Peas in form. Easily grown, and under favorable conditions it is almost a perpetual bloomer. There is certainly no climbing vine for house or conservatory culture today that is more desirable than this fine new plant. Fine plants, 15 cents each.

**NEW SWAINSONIA SPLENDENS**

Same as the above, with bright scarlet flowers. This is the only true scarlet variety. Price, 15 cents each.

**THE TWO SWAINSONIAS FOR TWENTY-FIVE CENTS**

---

**PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE Sending ORDER.**
Of all the delightful perfumes, that of Sweet Violets is the most delicate and pleasing. If grown in the house for winter flowers, they should be kept at a low temperature, as they will not bloom freely where it is too warm. If left in the open ground during winter protect with a covering of leaves.

Price, 10c EACH; ANY 3 FOR 25c

CALIFORNIA
The largest of all Violets. This is the largest and most productive Violet in cultivation. For richness, purity of color and fragrance of flower it is unequaled. It is a single flower, and it has that sweet simplicity peculiar to the Violet. The color is pure rich violet-blue, that does not fade. Extremely free-flowering, a single plant producing hundreds of flowers throughout the season.

Violet Swanley White.

SOUTHERN BEAUTY
Is in shape almost identical with Princess of Wales, while the color is creamy-white. The lower petals toward the center are a soft, purplish-blue, while the upper petals are of a deep maroon. Plant is a vigorous grower, and the flowers are produced in greatest abundance.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Mammoth Verbenas

The Verbena is one of the prettiest and most popular of all flowering plants suitable for forming beds on the lawn. Commences to flower and spread from the first day plants are set until late in autumn, every day becoming better and more handsome. Colors range through all the different shades of scarlet, purple, crimson, pink, white, etc. Price, 5 cents each; 50 cents per dozen.

OUR LIBERAL 50 CENT COLLECTIONS

WE GROW only the best sorts of plants in large quantities. The kinds below named we can afford to sell at greatly reduced rates, but make ONE INvariable CONDITION—THAT THE SELECTION OF VARIETIES MUST BE LEFT ENTIRELY TO US. These collections are made up of fine strong plants of the best varieties. Every plant is plainly labeled, and there are no two varieties alike in the same collection. When ordering, use the Collection Number Only. We cannot make any change in these collections, and the Club Rates do not apply to them.

FOR 50 CENTS WE WILL SEND, POSTPAID, ANY ONE OF THE FOLLOWING COLLECTIONS; ANY THREE COLLECTIONS FOR $1.75; ANY FIVE COLLECTIONS FOR $2.00. (Remember, these collections must not be included in Club Rates.)

Collection 1—10 Beautiful Ever-blooming Roses. In this collection we will send the very best varieties, and such as will give the best results in your locality.

Collection 2—10 Double-Flowering Geraniums. All different.

Collection 4—10 Lovely Carnations—All colors.

Collection 5—5 Newer Begonias. We have an extra fine lot of flowering Begonias, and will send an elegant assortment in this collection.

Collection 6—12 Superb Chrysanthemums. All new varieties and different colors.

Collection 7—10 Assorted Flowering and Ornamental Plants for Pots. Try this collection; it will surprise you.

Collection 8—10 Hibiscus. Double and single flowers.

Collection 9—10 Mammoth Scented Verbenas.

Collection 10—10 Canna Austria.

Collection 11—10 Annuals—Assorted Colors.

Collection 12—10 Bedding Bells.

Collection 13—10 Stocks.

Collection 14—10 Campanulas.

Collection 15—10 Gladiolus.

Collection 16—10 Dianthus.

Collection 17—1 Ever-blooming Tea Rose, 1 Asparagus Plumosus Nanus, 1 Flowering Begonia, 1 Carnation, 2 Chrysanthemums, 1 Geranium, 1 Heliotrope, 1 Hibiscus, 1 Sweet-Scented Violet, 1 Sweet-Scented Jasmine, 1 Salvia.

Collection 18—10 Cannas, including the giant "Austria.

Collection 19—10 Assorted Chrysanthemums, 1 Carnation.

Collection 20—10 Assorted Chrysanthemums, 1 Carnation.

Collection 21—10 Assorted Chrysanthemums, 1 Carnation.

Collection 22—10 Assorted Chrysanthemums, 1 Carnation.

Collection 23—10 Assorted Chrysanthemums, 1 Carnation.

Collection 24—10 Assorted Chrysanthemums, 1 Carnation.

Collection 25—10 Assorted Chrysanthemums, 1 Carnation.

Collection 26—10 Assorted Chrysanthemums, 1 Carnation.

Collection 27—10 Assorted Chrysanthemums, 1 Carnation.

Collection 28—10 Assorted Chrysanthemums, 1 Carnation.

Collection 29—10 Assorted Chrysanthemums, 1 Carnation.

Collection 30—10 Assorted Chrysanthemums, 1 Carnation.

Collection 31—10 Assorted Chrysanthemums, 1 Carnation.

Collection 32—10 Assorted Chrysanthemums, 1 Carnation.

Collection 33—10 Assorted Chrysanthemums, 1 Carnation.

Collection 34—10 Assorted Chrysanthemums, 1 Carnation.

Collection 35—10 Assorted Chrysanthemums, 1 Carnation.

Collection 36—10 Assorted Chrysanthemums, 1 Carnation.

Collection 37—10 Assorted Chrysanthemums, 1 Carnation.

Collection 38—10 Assorted Chrysanthemums, 1 Carnation.

Collection 39—10 Assorted Chrysanthemums, 1 Carnation.

Collection 40—10 Assorted Chrysanthemums, 1 Carnation.

Collection 41—10 Assorted Chrysanthemums, 1 Carnation.

Collection 42—10 Assorted Chrysanthemums, 1 Carnation.

Collection 43—10 Assorted Chrysanthemums, 1 Carnation.

Collection 44—10 Assorted Chrysanthemums, 1 Carnation.

Collection 45—10 Assorted Chrysanthemums, 1 Carnation.

Collection 46—10 Assorted Chrysanthemums, 1 Carnation.

Collection 47—10 Assorted Chrysanthemums, 1 Carnation.

Collection 48—10 Assorted Chrysanthemums, 1 Carnation.

Collection 49—10 Assorted Chrysanthemums, 1 Carnation.

Collection 50—10 Assorted Chrysanthemums, 1 Carnation.

Collection 51—10 Assorted Chrysanthemums, 1 Carnation.

Collection 52—10 Assorted Chrysanthemums, 1 Carnation.

Collection 53—10 Assorted Chrysanthemums, 1 Carnation.

Collection 54—10 Assorted Chrysanthemums, 1 Carnation.

Collection 55—10 Assorted Chrysanthemums, 1 Carnation.

Collection 56—10 Assorted Chrysanthemums, 1 Carnation.

Collection 57—10 Assorted Chrysanthemums, 1 Carnation.

Collection 58—10 Assorted Chrysanthemums, 1 Carnation.

Collection 59—10 Assorted Chrysanthemums, 1 Carnation.

Collection 60—10 Assorted Chrysanthemums, 1 Carnation.

These collections must not be selected as premiums or included in Club Rates.

Beautify your Lawn with a bed of Cannas

"THE KING OF BEDDERS" BED OF BEAUTIFUL YELLOW ORCHID FLOWERING CANNA AUSTRIA and SCARLET SALVIA, MRS. PAGE

Nothing makes a finer appearance on a lawn than a bed of Canna "Austria" surrounded by Scarlet Salvia. We will send fifteen of these Cannas and fifteen plants of the Scarlet Salvia, sufficient for a circular bed five feet in diameter, by express only, for $1.75. Plants should be placed one foot apart each way. Must not be included in Club Rates.

If preferred, we will send either Charles Henderson, Philadelphia, Black Prince, Florence Vaughan, or Shenandoah in place of Austria. For full description of these Cannas, see page 30 and 31.
GLADIOLUS, OR SWORD LILY

The Gladiolus is the most attractive of all summer-flowering bulbs. By cutting the spikes when two or three of the lower flowers are open, and placing them in water, the entire spike will open in the most beautiful manner. Set the bulbs from six to nine inches apart and about four inches deep. Plant from middle of April till first of June. It is a good way to plant at two or three different times, ten days or two weeks apart. This will give a succession of blooms from July to November.

OUR "SUPERB" MIXTURE OF SELECT GLADIOLI

Includes all colors found in Gladiolus. We recommend a free and liberal planting. They are so good and so cheap that we know the bulbs will give a magnificent return, while the spikes of bloom are always in demand as cut flowers. Price, two for 5 cents; twelve for 25 cents.

GLADIOLI UNDER COLOR

Price, 4 cents each; twelve for 40 cents.

Pink—This class comprises a wide range of color, from bright orange and very deep rose through various shades of pink to light rosy blush, large, well-formed flowers.

Shades of Red Mixed—This mixture embraces various shades of red; makes a very bright effect in bedding.

White and Light—Containing the very lightest color in Gladioli, some of them very nearly pure white.

Yellow—Various shades of yellow and golden among most beautiful of all Gladioli.

Variegated—Most brilliant color and marking; very handsome and striking.

AMARYLLIS TREATEA

The Beautiful Fairy Treaty

Stems about a foot high, flowers very large, pure white, sweet scented. Perfectly hardy south of Baltimore; can be left in open ground over winter. In Northern States bulbs should be lifted in October and stored in cellar over winter, like Gladioli, or can be planted in pots. Beautiful plants either for summer or winter. Price, 5 cents each; six for 25 cents.

FORMOSISSIMA

(Amaryllis Lily)

A quaintly shaped, beautiful flower of grand dark scarlet, free bloomers; forces well and can be grown in water like Hyacinths. If the bulbs are kept dry during winter, they can be planted in the open ground in the spring, and will flower during the summer. 10 cents each; three for 25 cents.
GLOXINIA

The coloring is exquisite—the ground of many is pure white, with throats of blue, scarlet-rose, crimson or velvety purple; or the tubes are of bright color, with white throat. The bulbs should be started in a warm place, and kept growing in a partially shaded place, protected from hard rains. They will bloom until late in summer, when they should be dried off, letting the leaves die, and can be kept over winter in a cellar free from frost. Dry bulbs, price, 10 cents each, three for 25 cents.

DAHLIAS

We may safely say that perfection has been attained with this splendid flower. The Dahlia succeeds best in a strong, loamy soil, and if the soil around the plants is mulched with coarse manure it will assist them very much during the heat of the summer. Plants should be set about four feet apart. Price, 15 cents each; any four for 50 cents.

DECORATIVE VARIETIES

Black Beauty—Dark velvety-maroon.
C. W. Bruton—Canary-yellow, immense size.
Eureka—Deep rose, quilled petals.
John Elitch—Dark, rich maroon.
Lynchurst—Vivid scarlet.
Miss May Lomas—Waxy white, edged lavender.
Perle d'Or—Pure white, fine form.
Sundew—Bright orange-scarlet.
Wm. Agnew—Intense dazzling scarlet.

CACTUS VARIETIES

Austin Cannell—Deep crimson-rose.
John H. Roach—Light lemon-yellow.
Matchless—Very dark crimson-maroon.
Winsome—Fine creamy-white.

SHOW VARIETIES

A. D. Livoni—Sea-shell pink.
Arabella—Sulphur tipped pink.
Bon Ton—Deep garnet.
Camelliaflora—Dwarf, white, very productive.
Dame—Dark maroon, tipped white.
M. D. Hallock—Clear, pure yellow.
Ruby Queen—Rich ruby red.
White Swan—Pure white, long stems.

POMPON VARIETIES

Allie Mourie—Pinkish white, tipped deep pink.
Catherine—Pure yellow.
Snow Queen—Small, dwarf white.
Sunshine—Brilliant scarlet.

SINGLE VARIETIES

Gold Standard—Pure deep yellow.
John Downie—Intense glowing crimson-scarlet.
Snow Queen—Pure white.
OXALIS

Beautiful for edging walks in the garden. Plant three inches apart. They will make a solid mass of foliage and flowers. Easily grown thus or in pots.

FINE LARGE BULBS—Any of these kinds, 15 cents per dozen; three dozen for 40 cents.

OXALIS

TUBEROSE

Dwarf Excelsior Pearl.

This pure white, perfectly double, delightfully fragrant flower, invaluable for bouquets, is too well known to need any description. It delights in a strong, rich, deep, well-drained warm soil; manure, heat and water are essential to its perfect development. This variety grows only 24 inches, about half the height of the old double sort, and the flowers are nearly twice the size, and imbri-cated like a Camellia; deliciously fragrant. Extra size bulbs, 4c each; 8 for 25c.

HARDY LILIES FOR SUMMER BLOOMING.

LILIUM AURATUM

The Golden-Rayed Lily

This grand summer-flowering sort is now considered the Queen of the Lilies. It produces its handsome richly colored flowers in large clusters, as shown in the engraving, and blooms profusely from June to October. When expanded, flowers measure from eight to ten inches in diameter; are composed of six pure white petals, each of which is distinctly striped the whole length with a clear yellow-golden band and thickly studded with crimson spots. Gracefully formed, deliciously fragrant. Large, sound bulbs, imported direct from Japan. Price, 20 cents each, three for 50 cents.

Speciosum Monstrosum Album—Among the showiest of all Lilies, and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy, with broad, flat stems and immense heads of flowers—often fifty flowers in a cluster. No garden complete without some. Price, 20 cents each, three for 50 cents.

Longiforum—(Bermuda grown) Widely used for forcing for Easter holidays. Its flowers have more substance and last longer in bloom than the Bermuda Lily. Quite hardy and beautiful in the open ground, blooming in June and July. Flowers snow-white and trumpet-shaped; very fragrant. (For illustration see page 64.) Price, 15 cents each, three for 40 cents.
DOUBLE TIGER LILY
Tigridium Fl. Pl.
This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color deep fiery red, spotted with black. Price, 15 cents each.

LILY SPECIOSUM RUBRUM
One of the most popular and satisfactory of all Lilies; is considered by many as the finest of all Lilies. Flowers are bright crimson and white spotted. Splendid large flowers, borne in clusters; stem two to three feet. Price, 20 cents each.

WEIGELIAS
Shrubs that bloom in July. Flowers produced in such great profusion as to almost entirely hide the foliage.
Candida—This is the very best of all the white-flowered Weigelas; a strong, upright, erect grower; flowers pure white and produced in great profusion. Price, 15 cents.
Rosea—One of the most conspicuous shrubs that we cultivate; flowers pink. It is a dwarf grower and admirably adapted to small lawns or gardens. Price, 15 cents.
Van Houtte—Deep crimson; very prolific. Price, 15 cents.

SPIREAS
Billardii—Strong-growing, pink-flowered, late blooming; 15 cents each.
Van Houtte—(Queen’s Wreath.) Strong grower; flowers pure white, large. Price, 15 cents each.
New Crimson Spirea, Anthony Waterer—It surpasses all the Spireas in brilliancy of color—a bright crimson. It makes a low, compact bush fifteen to eighteen inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers. When scarcely three inches high it begins to bloom. Price, 15 cents each.
Blue Spirea, Caryopteris Mastacanthus—Blue Spirea is a fitting name for this remarkable new hardy plant. It is a sturdy, upright grower, and is extremely floriferous. The dense flower heads are of a rich lavender-blue, a rare color among flowers. Price, 15 cents each.

HARDY PERENNIAL PLANTS
FOR PERMANENT PLANTING IN BORDERS OR BEDS.
There is an increasing demand for plants that are perfectly hardy, and do not have to be taken up every fall or replaced every spring. The following list has been selected with great care, and contains a fine assortment of plants that make valuable permanent plants. They flower at different periods, so that a succession of bloom may be obtained from early in summer until after frosts in the fall.

New Double White Anemone, WHIRLWIND
A beautiful semi-double form of the autumn-blooming White Anemone. Strong growth and healthy foliage and free bloomer. The flowers are two and one-half to three inches across, with several rows of large white petals; very durable, lasting much longer than those of a single variety. The plant is perfectly hardy, having stood the past five winters in the vicinity of Rochester, N. Y., without the slightest protection. One of the finest hardy plants for cemetery planting, and excellent for cut flowers. Price, 15 cents each, two for 25 cents.
Queen Charlotte—A grand new variety of Anemone, with large semi-double, delicate pink flowers two to three inches in diameter, on upright stalks two and two and one-half feet high; perfectly hardy. It blooms in September. Price, 15 cents each, two for 25 cents.

AQUILEGIA OR COLUMBINE
N w. Large-Flowering Hybrids
The flowers of this new strain are greatly enlarged, and the range of colors and shades has been increased. They, of course, are hardy perennials, luxuriating in the moister situations in the garden, where they form permanent clumps, growing from one and one-half to two feet high. The large, unique, long-spurred flowers, gracefully hung on long stems, are not only brilliantly effective on the plant, but equally as desirable when cut for vase and house decoration. (See colored illustration on insert.) 15 cents each, four for 50 cents.

NEW ACHILLEA—THE PEARL
A hardy perennial, the top dying down to the ground every winter. A plant will produce hundreds and even thousands of flowers, and admirably adapted for planting in the shrubbery; frequently have more than five hundred flowers at one time. It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers. Price, 10 cents each; three for 25 cents.

HYACINTHUS CANDICANS
An excellent bulbous plant for summer and autumn flowers. Its white, pendent, bell-shaped flowers are produced on flower stalks three to four feet high, each stalk having from twenty to thirty flowers. Price, 8 cents each, four for 25 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
IISFALLeN
OREENHOUSES,
SPRINGFIELD,
OHIO.

Coreopsis.

COREOPSIS
Lanceolata Grandiflora—This handsome perennial is now probably the most popular perennial plant in cultivation. It begins to flower early in June, and continues in flower until cut down by severe freezing weather; it is continually one mass of golden-yellow. The flowers, which are of graceful form, are invaluable for cutting for decorative purposes; it is easily grown, is perfectly hardy, and succeeds in almost any position, and after once planted takes care of itself. Price, 15 cents each.

Bleeding Heart.

DIELYTRA SPECTABILIS
(Bleeding Heart.) These pretty spring bloomers, with their graceful, drooping sprays of heart-shaped pink and white flowers, are very ornamental, and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year, and should have a place in every garden; large clumps. Price, 20 cents each, three for 50 cents.

Funkia Gordata Alba.

WHITE DAY LILY—Funkia Alba
The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. Price, 20 cents each.

DELPHINIUM—Hardy Larkspur.
The hardy Larkspur is one of the most important and most satisfactory plants in the herbaceous garden, and should be planted extensively even in the smallest garden. Their long spikes of flowers are produced continuously from June until late in the fall if the precaution is taken to remove the flower stems before they can produce seed.

Formosum—Probably the best known and most popular of the Larkspurs, producing long spikes of deep blue flowers with white eye; one of the best. Price, 15 cents each.

DIGITALIS—Foxglove
(Gloxiniae flora.) These are among the most satisfactory of our early summer-flowering hardy perennials, succeeding under almost all conditions; and with but trifling attention will give a wealth of flowers during July and August. The Glxiniae flora varieties have been used extensively, with very good effect, in a number of our larger public parks for naturalizing in shrubberies and other semi-shady situations. This strain embraces a wide range of color, from pure white to deep pink. Price, 15 cents, four for 50 cents.

Please read schedule of club rates and exceptions on page one before sending order.
EULALIAS, OR PAMPAS GRASS
These are beautiful hardy grasses, forming large clumps from two to six feet high; perfectly hardy in all sections of the country.

JAPONICA VARIEGATA.
A hardy perennial from Japan, with long, narrow leaves, striped with green and white. Price, 15 cents each, four for 50 cents.

JAPONICA ZEBRINA.
This is one of the most beautiful and distinct hardy plants in cultivation. The foliage is distinctly marked with broad yellow bands. It grows from five to seven feet in height, forming a most striking and graceful plant. Plant entirely hardy. Whether used as a single plant or groups on lawns, it has no equal. Price, 15 cents each; four for 50 cents.

GRACILIS UNIVITATA.
An extremely graceful and beautiful hardy plant with narrow green leaves and silver-white midrib. Nothing is more beautiful than a well-developed clump of this variety; can be grown in any soil. Price, 15 cents each, four for 50 cents.

GAILLARDIA

GAILLARDIA GRANDIFLORA
Gaillardias are among the showiest and most effective of hardy perennial plants. Beginning to flower in June, they continue one mass of bloom the entire season; they will thrive in almost any position or in any soil, but respond freely to liberal feeding; being perfectly hardy, they require absolutely no protection, taking care of themselves. The flowers are large, from two and one-half to three and one-half inches in diameter; they are produced on long stems, and are excellent for cutting and of the most gorgeous coloring. The center is dark red-brown, while the petals are variously marked with rings of brilliant scarlet-crimson, orange and vermilion, and often a combination of all these colors in one flower. Price, 15 cents each.

GYPSOPHILA—Baby’s Breath.

Paniculata—Grand herbaceous plant, good for cutting as well as a first-grade border plant. Flowers are small, pure white, produced in immense panicles. Blooms in August and September, months when flowers are none too plentiful. One of the most attractive and hardy plants grown. Price, 15 cents each, two for 25 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Hollyhock.

DOUBLE HOLLYHOCKS.
Few hardy plants combine as many good qualities or lend themselves as readily to varied uses as the Hollyhock. For planting in rows or groups on the lawn or interspersed among shrubbery they are invaluable. The flowers, which are as elegant in shape as Camelias, form perfect rosettes of the most lovely shades of crimson, yellow, pink, orange, white, etc. They require a deep, rich soil and will repay in quantity and beauty of bloom any extra care. We offer a fine assortment in separate colors of double pink, red, white and yellow. Price, 15 cents each, set of four for 50 cents.

Single Flowering Mammoth Fringed Hollyhocks
A grand new class of Hollyhocks. Flowers extra large, four to six inches across; petals finely cut and fringed; colors shell-pink, rose and ruby-red—not kept separate, therefore cannot supply any particular color. They have a long season of bloom, from June until frost. Entirely different from all other Hollyhocks. Price, 15 cents, four for 50 cents.

TRITOMA
Flame Flower, or Torch Lily.
Splendid summer and fall flowering plants, with stately flower scopes and magnificent dense terminal spikes of highly colored flowers, familiarly known on account of their shape and glowing colors as the "Red-Hot Poker Plant."

Pfitzeri—A grand improvement on Tritoma Uvaria Grandifloras. The flowers, spikes, which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently four and one-half feet high, with heads of bloom over twelve inches long, of a rich orange-scarlet, shading to salmon-rose on the edges; a first-class acquisition. Price, 20 cents each.

GERMAN IRIS
Blooms earlier than Japan Iris. This variety is the true "Fleur de Lis," the national flower of France. They are perfectly hardy, thrive anywhere, deliciously fragrant and fine for cutting. In beauty the flowers rival the finest Orchids, the colors ranging through richest yellows, intense purples, delicate blues, soft mauves, white and bronze of every imaginable shade. We offer five distinct colors. Price, 10 cents each, three for 25 cents.

JAPAN IRIS
The magnificence of these new Iris surpasses description. The flowers are of enormous size, averaging eight to ten inches across, and of in-describable and charming hues and colors, varying like watered silk in the sunlight, the prevailing colors being white, crimson, rose, lilac, lavender, violet and blue, each flower usually representing several shades, while a golden-yellow blotch, surrounded by a halo of blue or violet at the base of the petals, intensifies the wealth of coloring. The Japan Iris is perfectly hardy and flowers in great profusion in July and August. Price, Japan Iris, in mixed colors, 8 cents each, four for 25 cents.

PYRETHRUM
(lyridium flor, pl.) Their main season of blooming is in June, but if the old flower stems are removed they will give a fair sprinkling of flowers in the autumn. The bloom is similar to that of an Aster, and ranges in color from pure white and the various shades of pink and red to deep purple. Price, 15 cents each, four for 50 cents, ten for $1.00.

HARDY SCOTCH OR SWEET MAY PINKS
These are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground; flowers perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy.

Price, 8 cents each.
Abbotsford—carmine, marbled with white; rich clove fragrance.
Essex Witch—White, with rich maroon and carmine markings.
Scotch Pink—Her Majesty

DOUBLE WHITE PINK—Her Majesty
Unquestionably one of the finest of the century, and one that will hold its own as long as Pinks are cultivated.
LILY OF THE VALLEY

Extra select large-flowering bulbs, German grown, strictly first-class stock, 3 cents each, 30 cents per dozen.

LATHYRUS LATIFOLIUS
(Perennial Pea)
Hardy climbing Pea, blooming from spring until fall. One of the most useful and ornamental of all hardy plants. May be trained to climb on trellis, wall, rockery, or anywhere climbing vines can be used. Flowers grand for cutting. We offer three separate colors, red, pink and white. Price, 20 cents each.

SALVIA PRÆTENSIS
(Meadow Sage)
A strong-growing hardy plant of upright habit; valuable as a background to more dwarf perennials in beds or for grouping in mixed borders; flowers deep blue. Price, 10 cents each.

SAGE
Holt's Mammoth—Plants of strong growth. Leaves very large, borne well above the ground, are of unusual substance, strong flavor and superior quality. Price, 10 cents each, three for 25 cents.

YUCCA FILAMENTOSA
Adam's Needle—A tropical-looking plant; long, narrow leaves, that remain green the entire year. It throws up a long flower stem in the summer three or four feet high, bearing large spikes of creamy-white, bell-shaped flowers that retain their beauty a long time. Price, 15 cents each, two for 25 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Peonies

THE "PINEYS" OF OUR MOTHERS' GARDENS.

Herbaceous Peonies are among the showiest and most useful of hardy plants and are fast becoming popular with the public. They are hardy and admirably adapted to the climate of the Northern States growing well in almost any situation of soil, although the flowers will be finer and color brighter if planted in a deep, rich loam, well manured. We offer three distinct new sorts:

Rubra Plena—Vivid red.
Rosa Plena—Beautiful rose color.
Queen Victoria—An extra fine white.

Price, 30 cents each, three for 75 cents.

Type of Best Peonies.

Hardy Perennial Phlox

Price, 10 cents each, any three for 25 cents.

Amorite—White and lilac; medium.
Bayard—Bright rosy-lilac; dwarf.
H. Menier—White suffused mauve; dwarf; very fine.
Jacinda—Lavender; tall, extra fine.
Lanibore—Rosy-scarlet.

Phlox Maculata—Tall, bright rosy-crimson; one of the showiest for permanent borders; glossy foliage, always clean and bright; enormous trusses; should be in every collection.

Virgo Marie—Unblemished white; rooty and vigorous.

DWARF SPECIES

Phlox Sublata Aiba—(White Moss Pink.) Low spreading stems and narrow, moss-like leaves; in April and May presenting an unbroken mass of bloom, like a drift of snow. Price, 15 cents each.

Phlox Amona—A compact, massy grower, covered in early spring with a profusion of beautiful star-like rosy-pink flowers. Price, 15 cents

Platyodon

Chinese Bell Flower

Grandiflorum—Blooms constantly from July until late in September; flowers large, bell shaped, of a deep shade of blue. An extremely rapid-growing plant; will do well in any ordinary garden soil. Perfectly hardy, making a dense branching bush two to three feet high. Price, 10 cents each, three for 25 cents.
RUDBECKIA PURPUREA
(Giant Purple Coneflower)
One of the good old hardy perennials, introduced more than a century ago, but has been lost sight of for many years. We consider it one of the most interesting plants in our entire collection of hardy perennials. It is of easy culture, succeeding in any soil, forming large, broad, bushy plants, producing from midsummer until late autumn a constant succession of large, showy, reddish-purple flowers about four inches across, with a remarkably large cone-shaped center of brown, thinly set with golden tips in spiral lines. Price, 15 cents each.

GOLDEN GLOW
(Rudbeckia Lacinata)
A hardy perennial plant, growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color and as large as Cactus Dahlias. It grows vigorously, throws up strong branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance without any of the stiffness in habit of blossoms peculiar to sunflowers. It is the most effective flowering plant for August and September in cultivation. Price, strong plants which will bloom freely this season, 10 cents each, three for 25 cents.

SHASTA DAISY
This is a grand large-flowering Daisy originated by Luther Burbank, first by crossing the largest-flowered European and Japanese Daisies and then further improved by careful selection. The plants are entirely hardy in any climate, are very robust in growth, and produce larger and finer flowers each season as the plants increase in strength. Small plants do not flower until late the first summer, but when well established large flowers are produced freely throughout the second season. The flowers measure fully four inches in diameter, and while single have three or more rows of long, slender, much-white petal-like rays, surrounding a small golden-yellow center, or eye, so that while they have the same form as the common white Daisy, they are greatly superior in size, grace of form and general effectiveness. As the large flowers come singly on a stiff, slender stem nearly two feet in length, they are especially useful as cut flowers to arrange in tall vases, etc., as well as most showy bloomers for planting in beds or borders of perennial or hardy flowers. Price, 10 cents each, three for 25 cents.

STOKESIA CYANEA—Stoke's Aster
One of the prettiest and most distinct hardy plants in our collection. It produces large, showy, Aster-like, deep lavender-blue flowers in clustered heads from early in summer until cut down by severe frost in late fall. About eighteen inches high. Price, 15 cents each, two for 25 cents.
Hardy Ornamental Climbing Vines

APIOS TUBEROSA

A hardy tuberous-rooted climber, closely resembling the common Wistaria in vine and foliage, and having clusters of deep purple flowers, which have a strong violet fragrance. Plant the bulbs near a trellis, fence, tree or any place where you may wish a climber. They grow to a great height and bloom profusely. The bulbs are perfectly hardy, and should not be taken up over winter. Price, 8 cents each, four for 25 cents.

Chinese Cinnamon Vines.

CHINESE CINNAMON VINES

PRIDE OF THE FLOWERY KINGDOM

This Oriental Gem of the Far East comes to us a marvel of beauty and fragrance. Its rapid growth, abundant foliage and modest, sweet-scented flowers, give it supremacy over all foreign and domestic climbers. The handsome, glossy, heart-shaped leaves and clusters of fragrant white flowers make a window, arbor or veranda a perfect bower of beauty. They stand the severest winter, and burst forth in all their beauty and splendor very early in the spring. No one should miss planting this charming vine. Once planted, it will last a lifetime. Price, of Cinnamon Vine Tubers, or Roots, extra quality, sure to grow, 8 cents each, four for 25 cents.

HONEYSUCKLES

The dear old Honeysuckle is never out of place, at the rich man's mansion or the poor man's cottage. For a cheap, hardy, robust yet lovely vine it is the chief standby.

Aurea Reticulata—A variety with beautiful variegated foliage; the leaves are netted and veined with clear yellow; flowers yellow and fragrant. Price, 10 cents each.

Chinese Twining—Blooms at intervals through the summer and retains its foliage late in winter; flowers nearly white, quite distinct. Price, 10 cents each.

Scarlet Trumpet—A strong, rapid grower; blossoms very freely the entire season; bright red trumpet-shaped flowers. Price, 15 cents each.

One each of the three Honeysuckles for 25 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Climbing Vines

AMPELOPSIS VEITCHII—Boston Ivy
This very attractive clinging vine will be readily recognized by our readers when we remind them that its glossy ivy leaves overlap each other and its long, delicate shoots stretch up the stone wall of our finest city residences. The tendrils at nearly every joint cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine possible for growth on house walls, especially the foundation and first story, round the doors and windows. It is quite hardy, but some protection of straw may well be used immediately around the plant in winter. Price, extra heavy roots, 30 cents each, three for 75 cents.

HARDY CLEMATIS

The Clematis we offer this season are exceptionally fine. Many failures in the growing of Clematis are the result of too shallow planting; the crown of the roots should be set at least three inches below the surface of the soil. They delight in a rich, cool soil in an open sunny position. For covering walls, trellises or verandas, old trees or ruins, or as specimens on the lawn or for massing in large beds on the lawn, they have scarcely an equal, certainly no superior.

Jackmanni—The flowers, when fully expanded, are from four to six inches in diameter; intense violet-purple, with a rich velvety appearance and distinctly veined. Flowers continuously from July until cut off by frosts. Large imported three-year-old roots, 45 cents each.

Henryi—Fine, large creamy-white flowers. A strong grower and very hardy, one of the best of white varieties; a perpetual bloomer. Price, large imported three-year-old roots, 45 cents each.

CLEMATIS, PANICULATA
We cannot well say too much in praise of this vine. A clean, thrifty, robust-growing vine of graceful habit, with attractive glossy foliage, and covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. No other vine so completely covers itself with flowers. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and what makes it the more striking is that nearly all other vines have ceased blooming at that time. Perfectly hardy, grow rapidly. Price, field-grown plants, 15 cents each, three for 40 cents; extra large size, 30 cents each, three for 75 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Hardy Ornamental Flowering Shrubs

Catalpa, Japan Hybrid.

**CATALPA**

*Tea's Japan Hybrid*—Large, luxuriant foliage, handsome white flowers, with purple dots and a touch of yellow around the throat, with a pleasant, delicate fragrance; a tree in bloom not only presents a magnificent spectacle to the eye, but also fills the air quite a distance with its agreeable odor. In rapidity of growth it rivals the most luxuriant trees of temperate climate. **Price, 15 cents each; four for 50 cents.**

Hydrangea Paniculata Grandiflora.

**The Hardy Hydrangea, PANICULATA GRANDIFLORA**

Suitable for lawns. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses nearly a foot long and nearly a foot in diameter. It blooms in midsummer and remains in bloom two or three months. Attains a height of three or four feet and is perfectly hardy. **Price, strong one-year-old plants, 15 cents each, four for 50 cents; strong two-year-old plants, 25 cents each, five for $1.00; extra large size (by express only), 40 cents each, three for $1.00.**

Viburnum Plicatum

*Japan Snowball*—A new variety of Snowball from Japan, and one of the grandest shrubs. Growth upright and compact; foliage olive-green through the summer, but toward fall it turns much darker and remains on the plants for some time after the first frost. Flowers four to six inches across. **Price, 25 cents each.**

Althea, or Rose of Sharon

Flowers of large size, bell-shaped, double, full and of brilliant and striking colors, borne in great profusion in August and September; make beautiful ornamental hedges; double rose and double white. **Price, 15 cents each.**

**CALYCANTHUS**

The well-known sweet-scented shrub. It bears in May a profusion of double purple blossoms, which have a strong, delicious pineapple fragrance, very popular. **Price, 15 cents each.**

**PHILADELPHUS, Mock Orange or Syringa**

*Coronarius*—A medium-sized shrub bearing an abundance of white, sweet-scented flowers last of May. **Price, 15 cents each.**

**DEUTZIAS**

**Price, 15 cents each; three for 40 cents.**

Gracilis—A charming shrub. Flowers pure white, bell-shaped, delicately fringed, and borne in such profusion as to cover the branches. **15 cents each.**

Crenata—Four feet in height; flowers double, a pure white, beautifully tinged with rose. **15 cents each.**

Candidissima—This elegant variety resembles Deutzia Crenata, except that the flowers are pure white. Excels all others in size of flower and bloom. **15 cents each.**

For Weigellas and Spireas, see page 64.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
SELECT FLOWER SEEDS

All the seeds herein offered are grown for us by the most experienced seedsmen of this country and Europe, and are the best that money can buy. Every ounce of seed we send out is fresh. We buy the best, send out full sized packets and sell as cheaply as is consistent with honest goods. Most flower seeds germinate well in a fine, sandy loam, partly protected from the sun. Heat and moisture are the two essential points to start life in seeds. A general and fatal error is to start the seed too deep; small seeds should be barely covered with fine earth; large seeds by about half an inch. After sowing, the ground should be watered with a very fine sprinkler, regularly. Many seeds are killed by drought.

**ARMEARIA MARITIMA**
Thrift or Sea Pink—These handsome plants are well adapted for ornamenting rock work and edging walks. May also be grown in pots. Hardy perennials; six inches high. Price, per packet, 3 cents.

**Aquilegia, Columbine**
Popular hardy perennials that bloom very freely during spring and early summer. Mixed Double, best and finest colors. Price, per packet, 5 cents.

For named varieties, see colored insert and descriptions on page 4.

**ALYSSUM**
Little Gem—Plants of dwarf; only three to four inches high, and each plant spreads over a large space. They soon become one mass of white, remaining in full bloom from spring to fall, covered with beautiful miniatue spikes of sweet-scented flowers; fine for bordering; hardy annual. Price, per packet, 3 cents.

Sweet Alyssum—Fragrant, white, hardy annual; one-half foot. Price, per packet, 5 cents; one-quarter ounce, 15 cents.

Golden Saxatile—Hardy; golden-yellow bloom. Price, per packet, 5 cents.

**Asparagus**
(Illustrated on page 49.)
Sprengeri (Emerald Feather).—A most lively trailer; invaluable as a pot plant for baskets and vases. Fine cut leaves of rich green, retaining their freshness for weeks when cut; white flowers followed by red berries. A fine house plant, as it withstands dry atmosphere. Price, 10 cents per packet.

**Antirhinum (Snapdragon.)**
One of the most constant bloomers of all the hardy perennials, and it flowers very freely the first year from the seed. The flowers are produced on long spikes. Very popular in cut-flower market.

Mixed Tall—Twenty kinds and colors. Price, packet, 3 cents.

AMPELOPSIS VEITCHII (Japan or Boston Ivy)
(Illustrated on page 41.) A hardy perennial climber, with glossy green leaves, which change to scarlet in the autumn. The most valuable climber for covering walls. Price, per packet, 3 cents.

**Allegheny Vine**
Mountain Fringe or Adlumia Cirrhosa—This is a hardy climbing plant, native of the Allegheny Mountains; very attractive and picturesque; dainty, feathery, pale green foliage; flowers delicate rose-pink and white. Price, per packet, 5 cents.

**Agrostemma (Rose of Heaven.)**
An attractive free-flowering hardy perennial of easy culture, producing bright colored flowers on long, slender stems like a single pink; blooms the first season; fine for cutting; one to two feet; mixed varieties. Price, 5 cents per packet.

**Arctotis Grandis**
A remarkably handsome new annual from Africa, growing luxuriantly and forming profusely branched bushes of about two to two and a half feet in height and breadth. The leaves are soft and white. Its flower-heads, borne on long stems and rising well above the foliage, are large and showy, from two and a half to three inches across; being pure white on the upper surface, reverse of petals pale Lilac. Under the influence of bright sunlight the flowers spread out almost flat, and the pure white of the ray florets contrasts beautifully to the light blue disc with its slightly projecting white stamens, a lovely combination of colors. The plants produce their splendid flowers most abundantly and in constant succession from early summer to the autumn. Price, per packet, 10 cents.
**ASTERS**

The acknowledged queen of autumn annuals. Indispensable for the flower garden, fine as a show plant for fairs and exhibitions, and charming pot plants. Very profuse bloomers, with exceedingly beautiful flowers of most exquisite colors and almost perfect form. For an autumn display it has no successful rival among the annuals. Given a deep, rich soil, mulching with coarse manure, produces elegant flowers. Ten inches apart is a proper distance to make a showy bed.

**VARIOUS ASTERS**

**Queen of the Market**—The earliest of all Asters. Grow about nine inches high and very branchy; the fine double flowers are produced very freely on long stems, making it valuable for cutting. The colors are deep blue, white, pink, and deep rose. We offer seed in the finest mixture of the above colors. **Price, 5 cents per packet.**

**German Quilled Asters**—These are great favorites on account of their free-blooming qualities, and the low price of the seed recommends them to many who want a nice aster for cutting. **Price, 5 cents per packet.**

**Victoria**—A strain in which the petals curve outward, overlapping like those of the double Dahlia. Plants about eighteen inches high and very free-flowering; flowers very brilliant in color. Good for pot culture. **We offer this in white, scarlet and mixed, 10 cents per packet.**

**Truffaut's Peony Flowered**—A valuable and standard variety. The most perfect Peony type known. Tall growing, and bearing an enormous quantity of extra large double flowers beautifully incurved and of every shade, from pure white to glowing crimson. Twenty colors or more mixed. **Price, 8 cents per packet.**

**Dwarf Queen**—A large-flowering dwarf Aster; very double; one foot. Excellent for ribbon borders, beds or pots. **Finest crimson, 8 cents per packet.**

**Christmas Tree Aster**—This Aster has the shape of a miniature tree, growing about fifteen inches high, but covering an area of from twenty inches to two feet in diameter. **Perfect double flowers, all colors, mixed. Packet, 8 cents.**

**Triumph**—A dwarf-growing Peony-flowered Aster; flowers perfectly double, of faultless form. **Deep scarlet. Very rich. Packet, 8 cents.**

**Perennial Mixed**—(Starworts, or Michaelmas Daisies.) Single flowering; hardy herbaceous plants, thriving in any garden soil. If sown early in the spring they will flower the first season. **Price, 6 cents per packet.**

**HOHENZOLLERN ASTERS**

This new race of Asters closely resembles the Giant-Flowering Japanese Chrysanthemums. The flowers are very large, with beautifully curled and twisted petals and long stems, which makes them invaluable for cut flowers; it is also a very fine bedding and pot plant. White, pink and mixed. **10 cents per packet.**

**GIANT COMET ASTERS**

The plants grow about eighteen inches high on long, stiff stalks, bare in abundance their beautiful flowers. These flowers, with their long, twisted petals, strikingly resemble Japanese Chrysanthemums, of very large size, larger, in fact, than those of any other Aster, so that, all in all, they are ideal Asters for cut flowers.

- Wh te, packet .......... 10c
- Peach Colored, packet .... 10c
- Rose, packet ............ 10c
- Crimson, packet .......... 10c
- Light Blue, packet ....... 10c
- Dark Blue, packet ...... 10c
- One packet each of the above six Giant Asters, 50 cents.

**GIANT OSTRICH PLUME**

Pure white. This magnificent class of Asters bears some resemblance to the Giant Comet, differing somewhat in the candelabrum form of growth. Its greatest merit, however, is in the flowers which are of immense size, made up of very long, loosely formed petals, rivaling the best Japanese Chrysanthemums. **White and Pink, each 10 cents per packet.**

**WASHINGTON**

This splendid variety is the largest Aster grown, bearing flowers five to six inches in diameter; very double; mixed colors. **Price, 10 cents per packet.**

**BRANCHING ASTERS (Late Flowering)**

The branching Asters are quite different in several respects from other Asters. They are of very strong, vigorous, branching habit. The flowers are of very large size, each flower being carried on a long, upright stem, making them great favorites for florists' bouquets, etc.

**Bright Pink, Pure White and Purple, each 10 cents per packet.**

All colors, mixed, packet 10 cents.

**PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.**
Queen Set of Asters

Comprising eight distinct types of this most interesting flowering flower.

This set of Asters was shown in colors on cover of our 1906 catalogue, and we have received so many expressions of delight from among the thousands who purchased it, that we have decided to again offer it exactly as given last year. Description on previous page.

PRICE, ONE PACKET EACH OF THESE 8 SPLENDID ASTERS, 50 CENTS. SINGLE PACKET, 10 CENTS.

Mammoth Brilliant Pink Ostrich Plume—A magnificent novelty.

Giant Comet—White. Handsomest of all the tall-growing sorts.

Dwarf Queen—Large deep crimson.

Daybreak—Grand in every way.

Washington—Largest Aster grown.

EXCELSIOR MIXTURE OF TALL ASTERS

This is a mixture of the most beautiful, striking and distinct colors of all the above tall-growing Asters, selected from the cream of Truffaut, Victoria, Crown and other desirable sorts, and includes many kinds especially purchased for this mixture. This is the finest mixture of tall Asters ever offered, and the most critical lover of this flower will be astonished at the wide range of colors and varieties given in this truly Excelsior strain. Price, 10 cents per packet.

DOUBLE BALSAAM

(Lady’s Slipper)

Purple—Beautiful shade. Price, packet, 5 cents.

Pink—A superb sort, a clear, deep color. Price, packet, 5 cents.

Lavender—Very fine.

Light Lemon—A fine shade of light sulphur or lemon. Price, packet, 5 cents.

Splendens—Intense, brilliant crimson-scarlet, very bright and showy. Price, packet, 5 cents.

Fancy Spotted—Exceedingly showy. This strain shows rare and beautiful shades of coloring, almost unknown in other flowers, and all spotted with pure white. Price, packet, 5 cents.

Crimson—Prized—Many colors, finest mixed. Price, packet, 5 cents.

Extra Choice Double Mixed—Price, packet, 5 cents.

Collection of above eight separate Double Balsam, 30c. Large Flowering Tuberous Rooted BEGONIAS

(illustrated on page 37)

Single, Large-Flowering, Mixed Colors—From choicest erect-flowering varieties. Price, packet, 10 cents.

Double, Large-Flowering, Mixed Colors—From prize varieties. Price, packet, 10 cents.

BALOON VINE (Love in a Puff)

Annual. A rapid growing climber; flowers white; seed vessels look like miniature balloons. Price, packet, 3 cents.

ABUTILON (Chinese Bell-Flower)

Free-flowering plants with drooping, bell-shaped flowers, some varieties being richly veined and striped. They are of easy culture, and are well adapted to the garden in summer and the house or greenhouse during the winter. Tender perennials. Exceedingly fine grown, from the finest hybrids. Price, per packet, 8 cents.

AGERATUM

(Illustrated on page 50) Very effective plants for bedding, remaining in bloom throughout the entire summer. They grow in almost any soil and in any location. Tom Thumb, Blue, 3 cents; White, 3 cents; Mixed, per packet, 3 cents; ½ ounce, 15 cents.

ACHILLEA (Double White Yarrow)

One of the best Hardy white perennials in the list. Grows about two feet high, and from spring till frost covered with heads of pure white double flowers. A splendid plant for cemetery decoration. Easily grown from seed. flowering the first season if sown early. Packet, 5 cents.

CAMPANULA—BELL FLOWER

(Canterbury Bells)

When planted in quantity for outdoor effects these are glorious.

Double Mixed—Finest varieties. Packet, 5 cents.

Carpatica, Mixed—Free-flowering blue and white mixed, continuing in bloom the whole season; hardy perennial. Packet, 5 cents.

Calycantha—The handsomest of all the Campanulas, bearing very freely blue and white flowers resembling a cup and saucer. Mixed, packet, 5 cents.

CLEMATIS

(illustrated on page 72)

Large Flowering—Beautiful climber with lovely flowers in blue, white, purple. Ort Hardy; can remain in permanent situation. Mixed, price, packet, 10 cents.

CROZY’S DWARF CANNAS

(illustrated on page 30)

These new dwarf French Cannas bloom freely the first year from seed. The roots can be kept in the cellar over winter, and each clump will give six to eight good roots for planting out the following spring. The mixed seed we offer has been saved from the finest varieties of all Cannas. Price, packet, 5 cents.

CASTOR BEAN (Ricinus)

New Zanzibar Bean—A new form of Ricinus, of short jointed, stout growth and extraordinary large leaves, which are produced in such an abundance that the plant is a perfect pyramid of beautiful foliage. Seeds are of extraordinary size, beautifully mottled and speckled. White, pink, blue, crimson, etc. The seeds are as beautiful to look at as are many flowers. Price, packet, 7 cents; ½ ounce, 25 cents.

Castor Beans—Many sorts mixed. Ounce, 25 cents; packet, 3 cents.

CINERARIA

A wonderfully beautiful greenhouse plant and not at all hard to grow. Seeds germinate quickly and easily and young plants grow on without any trouble. Keep in a shady place over summer, and remove to house in fall. Use insecticides to keep free from aphids, and summer buds show, give good light.

Grandiflora, Mixed—Large flowering prize varieties. Price, packet, 10 cents.
Cyclamen

Persicum—Extra fine strain, all colors mixed. Price, packet, 10 cents.

Giganteum—Grand, large-flowering, mixed. Price, per packet, 20 cents.

Cobea Scandens

Elegant, rapidly growing climbers attaining a height of twenty to thirty feet. Can be grown in the garden in summer, or in the greenhouse or conservatory in winter. Their luxuriance renders them particularly desirable for covering arbors, walls, etc.; flowers large and bell-shaped.

Mixed Colors—Packet, 6 cents.

Candystuft, Hyacinth-Flowered

Sempervirens—Extra fine for cemetery use, as the plants are a solid mass of white at just the time when flowers are most scarce. Price, packet, 5 cents.
Margaret Carnation.

CARNATIONS

Seeds sown in open ground in May or June will flower splendidly the next season. They are nearly everywhere hardy, but in very cold situations should be protected by straw or a few boughs.

German Extra Fine, Double Mixed—First quality. Packet, 8 cents.

Double, Perpetual Flowered—Fine for winter blooming. Seed saved from the choicest double flowers. Mixed, 10 cents per packet.

New Dwarf Double Carnation, Margaret—Its rapid development, flowering as it does four months after sowing the seed, its profusion of bloom, variety of beautiful colors, and delicious perfume, will insure its popularity in all gardens. Packet, 6 cents.

New Giant Margaret Carnation—Will bloom in about four months after sowing, and the plants will continue to flower all through the summer. The flowers are of a very large size. The colors include all the shades of white, pink, crimson and striped. Packet, 15 cents.

CENTAUREA (Cornflower)

The Blue Bottle, or Bachelor's Button, is one of the most attractive of all hardy annuals, the graceful beauty of its old-fashioned flowers being universally admired.

New Double Mixed Colors—Flowers of many beautiful colors and generally double. Packet, 3 cents.

Centaurea Named Varieties—Entirely distinct from Cyanus type. The plants grow eighteen inches in height, quite bushy and stiffly erect. Flowers are of large size, purest white in color. Packet, 3c. Dwarf—Fine for beds, beds, vases, hanging baskets and pots; also extensively used for margins; fine cut, silvery-gray foliage. Packet, 3 cents.

CALCEOLARIA

Very handsome and showy plants for the greenhouse or house culture. The plants grow about eighteen inches high, and during spring and summer are covered with a great many curious pocket-like flowers. Price, packet, 12 cents.

DAHLIAS

(Illustrated on page 62.)

Dahlias can be raised from seed and will bloom the first year. The seed we offer, if sown early, will bloom profusely all the autumn.

Choice Double Mixed—Many colors. Packet, 6 cents.

Cactus Dahlia, Mixed Colors—Double flowers of distinct and remarkable appearance, the petals being quilled and curved, loosely and gracefully arranged in large double oval heads of bloom; the seed that we offer will produce many beautiful varieties, including several colors. Packet, 6 cents.

CHINESE LANTERN PLANTS

The plant produces white flowers, which are followed by large inflated husks, much the shape of Chinese lanterns, at first a green color, changing to brightest scarlet. They present a most novel and beautiful appearance. In these husks or "lanterns" a fruit is borne, in color a deep ruby-red, and good either for cooking, preserving or eating raw. Packet, 5 cents.

CALLIOPSIS OR COREOPSIS

(Illustrated on page 65.)

A very showy border plant, producing flowers in nearly every shade of yellow, orange, crimson, red and brown. Height two feet. Hardy annual.

California Sunbeams—Showy large yellow flowers. Price, packet, 5 cents.

Double Sorts, Mixed—Packet, 5 cents.

DOUBLE DAISIES (Bellis Perennis)

Daisies are easily raised from spring-sown seed. Indispensable for cool, shady places. With protection they will stand the winter.

Longfellow—Remarkable for the unusual size and doubleness of its dark-rose flowers. Packet, 5 cents.

Snowball—Large flowers, perfectly double, of purest white. Packet, 5 cents.

Shasta Daisy—The flowers are single, pure white, of monstrous size, on stiff upright stems. Once planted it will take care of itself, and increase in size and beauty from year to year. They will bloom the first year from seed. Price 10 cents per packet.

ESCHSCHOLTZIA (California Poppy).

ESCHSCHOLTZIA

The California Poppy is a showy free-flowering plant of low-spreadinig growth, with finely divided foliage, blooming throughout the season.

Mixed—Single cup-shaped flowers in shades of bright yellow, deep orange and silvery-white. Packet, 3 cents.

FUCHSIA

(Illustrated on page 43.)

Fuchsias are as easily grown from seed as cuttings, and from seed many new varieties are obtained. They will flower freely the first season in open ground, while the plants can be taken in the house in the winter, where they will flower still more freely. Finest single and double varieties, mixed Price, packet, 15 cents.

FOUR O'CLOCKS (Mirabilis, or Marvel of Peru)

Large growing shrub-like plant, with funnel-shaped flowers of many colors. Named from the curious habit of expanding in the afternoon.

Four O'Clock Mixed—Including variegated leaved sorts. Packet, 3 cents.

New Dwarf Sorts—These are fine plants, growing about twelve inches high, each forming a bush covered with flowers. All colors mixed. Packet, 5 cents.

FORGET-ME-NOTS, or MYOSOTIS

Pretty little clusters of fine delicate flowers. They succeed best in a damp, shady situation, but will thrive well in any garden or soil.

Myosotis Alpestris—Blue. Packet, 3 cents.

Alba—Pure white. Packet, 3 cents.

HARDY DIANTHUS, or PINKS

These beautiful free-flowering, half-hardy plants furnish an abundance of bright and varied-colored flowers almost through the summer and fall. One.

Chinezis fl. pl.—(Double China Pink.) This species is a biennial of dwarf habit; flowers the first year, but the bloom is stronger the second. The colors are very rich and in large beds you can hardly find two alike. Price, packet, 3 cents.

Imperialis fl. pl.—(Double Imperial Pink.) Double variegated, mixed colors. Price, packet, 5 cents.

Laciniatus fl. pl.—Magnificent, large, perfectly double and deeply fringed flowers; finest mixed. Price, packet, 5 cents.

Plumarius, Double Mixed—(Double Pheasant's-Eye Pink.) Double fringed flowers; fragrant, and of white, crimson or purple shades, spotted and variegated, nine to twelve inches. Price, per dozen, 75 cents.

Double Cycllops Pinks—This magnificent new strain of Pinks produces an entirely new series of colors of unapproachable beauty, exquisite combinations of colors, and full development of the flowers. Price, packet, 10 cents.

Crimson Bell—Crimson flower of immense size. Price, packet, 5 cents.

EVER-LASTING FLOWERS

These odd flowers never fade, but if cut in bud and left in a cool place, they will last and retain their rich and brilliant color for many years. They should be cut when in full bloom and dried slowly in the shade, with their heads hanging downward to keep the stem straight. Mixed, per packet, 6 cents.

GLOXINIA

(Illustrated on page 63.)

Most charming greenhouse plants of dwarf habit. Their flowers are produced in greatest profusion, and of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled and blended. Under the commonest culture they bloom continuously for months; one foot. Large-flowering, choice mixed. Price, packet, 13 cents.

GERANIUMS FROM SEED

Zonal Varieties—Several from some of the finest collections and many choice and even new varieties may be had. Price, packet, 10 cents.

Double Mixed—This seed will produce a large percentage of double flowers of extra fine colors. Price, packet, 10 cents.

Mixed Pelargonium—(Lady Washington.) Saved from the finest fancy and spotted large-flowering sorts. Price, packet, 10 cents.

Apple-Scented—This fragrant variety can only be grown from seed to form fine plants. Sow in light soil, and keep moist until they germinate. Price, packet, 10 cents.

GRASSES (Ornamental)

The Ornamental Grasses are valuable for decorative purposes when dried and arranged in connection with the Everlasting Flowers for winter bouquets, etc. Some are curious looking plants, others exceedingly graceful; some neat and compact, others stately and majestic; mixed varieties. Price, packet, 6 cents.

GAILLARDIA

Grandiflora Superba—Splendid new perennial varieties, with very large flowers, dark crimson centers, marked with rings of many brilliant colors. Price, packet, 6 cents.

HELIANTHUS (Sunflower)

(Illustrated on page 67.)

The Helianthus is the well-known old Sunflower, with coarse, tall plants, from four to eight feet in height, and bright yellow flowers. Best double and single varieties mixed. Price, packet, 3 cents.

Mammoth Russian—Enormous flowers. Price, packet, 3 cents.

HELIOTROPE

(Illustrated on page 53.)

It is but little known that seed sown in February and March will produce large flowering plants the first summer. Our mixture contains seed from many named sorts and will produce fine plants with proper treatment. Culture directions on package. Mixed varieties, very choice. Price, packet, 7 cents.

New Heliotrope, Lamoline's Giant Hybrids—Should we devote this entire page to an illustration, it would fail to give an adequate idea of the grand size and rare beauty of the flower heads of this wonderful novelty. Their fragrance is delicious. The colors are from pure white through all shades of violet and blue to deep Indigo. Even before it comes into bloom the foliage is most noticeable; its large and glossy leaves frequently measure from five to seven inches and are borne on strong, erect stems, growing about two feet in height. Price, packet, 15 cents.

HARDY HIBISCUS

Crimson Eye—This grand hardy perennial Hibiscus comes true from seed. It is a robust grower with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is of the purest white, with a large spot of deep velvety crimson in the center of each flower. A well developed plant will produce several hundred of these flowers in a season. Will succeed anywhere, and is perfectly hardy, blooming the first year from seed sown in the open ground. Price, packet, 6 cents.

DOUBLE HOLLYHOCKS

The flowers are as double as a Rose and embrace all shades of red, pink, yellow, crimson, white, etc. We offer seeds from an unsurpassed collection; mixed colors. Price, packet, 6 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
HUMULUS, or JAPANESE HOP
A new Hop from Japan, with finely cut foliage, remaining a beautiful green all summer unaffected by heat or drought; very rapid grower; will cover an immense space in a very short time if given plenty of liquid manure. Annual climber. Packet, 6 cents.

JACOBAEA (SENECIO)
Elegans f. pl.—A showy free-flowering hardy annual. It produces in great profusion branching spikes of bright Cineraria-like double flowers, one and a half inches in diameter, from spring until fall, and will bloom all winter in a cool greenhouse. Excellent for bouquets. Mixed colors. Packet, 5 cents.

KOCIA SCOPARIA
This highly ornamental annual plant grows quickly from seed sown in the open ground, when trees are coming out in leaf, and the plants are always of the rounded or globe-like form shown in our illustration. The plants branch freely, and the stems are clothed with slender light green leaves. Early in the fall the ends of the shoots are thickly set with small bright scarlet flowers—the bushy plants resembling balls of fire. The plants are equally showy planted singly to show the round ball-like form on all sides or grown in continuous rows. Packet, 5 cents.

LANTANA
(Illustrated on page 54.) Fine mixed, rapid growing, constant blooming perennial plant for pot culture in winter or garden decoration in summer; clusters of orange, white, pink, etc. Packet, 6 cents.

LAVENDER
Kochia.
Lavandula Spica — Well-known, sweet-scented, hardy perennial; should be extensively grown in the mixed border; three feet. Packet, 3 cents.

LARKSPURS
This is one of the best known of garden flowers. A vast improvement has been effected, by careful selection and attentive cultivation, in size and color of the blossoms, and the general habit of the plant. Hardy annuals.

Double Dwarf Mixed—Packet, 3 cents.
Double Stock Flowered—A tall, branching variety, with long spikes of flowers. Mixed. Packet, 3 cents.

LATHYRUS (Everlasting or Hardy Sweet Pea)
Showy, free-flowering hardy perennial climbers for covering old stumps, fences, etc., continually in bloom; fine for cutting.

Albus—Pure white, very desirable. Packet, 3 cents.
Splendens—Brilliant rosy-red. Packet, 3 cents.
Mixed—Packet, 3 cents.

LOBELIA
A most elegant and useful genus of plants of easy culture and well adapted for bedding, edgings, pot or rockeries.

Queen of Whites—Pure white flowers; half-hardy annual. Packet, 3 cents.
Crystal Palace—A variety with large blue flowers, half-hardy annual. Packet, 3 cents.
Gracilis—The flowers are bright blue with white center; fine for baskets, vases, etc., trailing gracefully and blooming profusely; half-hardy annual; six inches high. Packet, 3 cents.

Fine Mixed—A number of the choicest and best varieties are to be found in this mixture. Packet, 3 cents.

CARDINALS—Cardinal flower. A native species of very different habit from the above, and growing about two feet high, with spikes of intense brilliant scarlet flowers. Hardy perennial. Packet, 6 cents.

Japanese Morning Glories
GIAN IMPERIAL JAPANESE MORNING GLORIES
These grand new Morning Glories from Japan are remarkable for the large size and exquisite new colors of the flower, with magnificent foliage, often beautifully blotched. Of strong, robust growth, the vines grow quickly to a height of twelve to twenty feet. They are of all shades of red, from the most delicate pink to the most brilliant crimson and maroon, and innumerable shades of blue, from pale lavender to richest indigo and royal purple; also white, yellow, gray, slate, copper color, brown, bronze, almost black, and many other odd shades not found in any other flower. Many varieties have a distinct marginal band of a different color from the rest of the flower and some are as elegantly spotted with pink, crimson, blue, brown, etc., as the finest Gloxinias. Packet, 10 cents; ounce 25 cents.

TALL MORNING GLORIES
Seed of the well-known Morning Glory is socheap, the flowers so bright, and the vines of such rapid growth, that it should be planted largely to cover trellises and unsightly outhouses.

Striped—Flowers variously striped and blotched with red, blue and rose. Packet, 3 cents; ounce, 10 cents.

Fine Mixed—A great variety of colors of the popular old-fashioned Morning Glory. Packet, 3 cents; ounce, 10 cents.

LEMON VERBENA
The delightfully fragrant foliage of this favorite plant makes it very desirable for cutting; it is easily grown from seed. Packet, 6 cents.

MOONFLOWER
(Illustrated on page 55.)
The vines are literally covered with thousands of the immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with pure white flowers, emitting a rich Jasmine odor. Planted in rich ground, in a sunny situation, the vines attain a height of twenty-five feet in a season. Packet, 5 cents.
NASTURTIUMS

TALL OR CLIMBING NASTURTIUMS
Beautiful and luxuriant climbers for trellises and arbors; of easiest culture, bearing gorgeous flowers in profusion until killed by frost. **Price, 5 cents per packet; ounce, 15 cents; set of six varieties, 25 cents.**
Golden-Leaved Scarlet—Flowers dark crimson-scarlet, foliage yellow.
Pearly—Cream-white.
Scarlet—Brilliant scarlet.
Prince Henry—Cream, spotted and tipped scarlet.
Twilight—Large flowers, chamois-yellow, shaded with orange-rose and splashed scarlet.
Butterfly—The color is a light lemon-yellow, marked on the three broad lower petals with a blotch of rich terra-cotta red.
The two upper petals are marked in shades of bright red.
**Tail Nasturtium Mixed**—Of many bright colors; very effective when planted in long rows or masses. **Packet, 5 cents; oz., 10 cents; 1-4 lb., 25 cents.**

**TOM THUMB NASTURTIUMS**
Dwarf or Bedding Varieties
Their neat, compact growth, rich-colored flowers and free-blooming and long-lasting qualities, together with the adaptability to almost any soil or situation, make them unsurpassed for garden decoration. **Price, 5 cents per packet; ounce, 15 cents; set of 25 cents.**
Beauty—Glowing orange, with suffused gold markings.
Cloth of Gold—Compact plants, with bright golden-yellow leaves and brilliant scarlet flowers.
Empress of India—Deep purplish-green leaves; flowers dark rich salmon-scarlet.
Bronze-Colored—Of a peculiar burnished bronze color.
Deep Scarlet—A very bright and vivid scarlet.
Ladybird—Rich golden-yellow, each petal barred with two broad veins of bright ruby-crimson.
**Mixed Tom Thumb Nasturtiums**—This includes many showy colors, having both light and dark foliage in mixture. **Per pkt., 5 cents; ounce, 10 cents; 1-4 lb., 25 cents.**

**CHAMELEON NASTURTIUMS**
When a plant of this novel sort is in full bloom one can find upon it flowers of almost every shade of color and form of marking known to Nasturtiums. No matter what color a flower may be when it opens, it is continually changing until it fades. Unlike many flowers which are notable because curious, those of the Chameleon Nasturtium are always beautiful and attractive. **Dwarf Chameleon—Packet, 5 cents; ounce, 15 cents.**
**Tail Chameleon—Packet, 5 cents; ounce, 15 cents.**

**SCARLET IVY-LEAVED NASTURTIUMS**
The plants are of strong running growth; the leaves are deep, rich green, veined with silvery-white, closely resembling in form and veining those of the hardy English Ivy. The flowers are of the deepest and richest scarlet, the petals being slender, finely feathered. **10 cents per packet.**

"SPECIAL" MIXTURE OF DWARF NASTURTIUMS
This mixture contains eighteen different varieties of Dwarf, or "Tom Thumb," Nasturtiums, and no better annual exists; for filling beds or borders with a continuous supply of flowers they are unequalled. Their handsome foliage shows a variety of green shades, including both light and very dark blue-green leaves with distinct veins, as well as the old well-known tints, and the flowers are also greatly improved in coloring and in marking. Both this mixture and the "special" mixture of Tall Nasturtiums include varieties having blooms of a velvety texture new to the species, and some showing odd colors heretofore unknown among flowers. **Price, large packet, 10 cents; ounce, 20 cents; two ounces, 35 cents; 1-4 lb., 50 cents.**

**New Climbing Nasturtiums.**

MME. GUNTER'S HYBRIDS
For richness and variety of color these new hybrids have no equal among Nasturtiums. It would be impossible to describe all the different colors. The foliage is mostly dark, and contrasts very effectively with the rich colors. They are climbers and free and continuous bloomers. **Large packet, 10 cents; two packets for 15 cents, 50 cents.**

Our Special Mixture of TALL NASTURTIUMS
This mixture is composed of seeds from flowers of different colors in proportions that will produce the best results. The mixture cannot be surpassed. A most beautiful strain, flowering profusely, and having a wide range of bright and distinct colorings. Embracing rose, pink, salmon, purple, velvety dark maroon, light yellow and deep orange in self colors, as well as most showy striped and blotched varieties. These are all of strong, vigorous growth, throwing out running shoots that can be trained upon strings or wires, or be readily made to climb the ordinary paling fences or wire netting. They are also very showy planted at the top of a steep slope and allowed to run down the bank. They are equally beautiful simply trailing on level ground. **Price, for large packet, 10 cents; ounce, 20 cents; 1-4 lb., 50 cents.**

Marigold, Eldorado

**MARIGOLDS**

Eldorado—Immensely flowers ten to fourteen inches around, exceedingly double; curled like a Dublin, primrose, lemon, orange and golden shades; three feet. **Packet, 5 cents.**

Pride of the Garden—Immensely flowers, densely double, color golden-yellow. **A feature of this variety is the compact, dwarf habit. Packet, 5 cents.**

**DWARF DOUBLE FRENCH MIXED**—Yellow, brown and crimson, beautifully striped; two feet. **Packet, 5 cents.**

**MIGNONETTE**
Large-Flowering—The common Sweet Mignonette. **Packet, 5 cents.**

**New Mixed Sorts**—A fine mixture of a lot of new large-flowering sorts. A most magnificent mixture, and will give varied and beautiful bed. **Packet, 8 cents.**

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Nicotiana Sanderae.

NICOTIANA SANDERAE
(Carmine Tuberose-Flowered Tobacco.)

Bushy, much-branched plants two feet high, the whole plant laden with flowers from base to summitliterally ablaze with handsome carmine-red fragrant blossoms, thousands of which are produced on a single plant, having a short, stout tube, they do not close up in the daytime, but remain open all day; the fragrance is decidedly delicious. Price, packet, 10 cents.

PRIMROSES (Fringed Chinese Primrose)
This charming and beautiful flowering plant is indispensable for winter or spring decorations in the home or conservatory. It is one of our most important of winter-blooming pot plants.
Alba Magnifica—The finest pure white, with bright yellow eye, beautifully fringed. Packet, 10 cents.
Chiswick Red—Large, brilliant scarlet. The brightest of all. Packet, 10 cents.
Striped—White striped with rose. Packet, 10 cents.
Choicest Mixed—This mixture contains nothing but the finest sorts and cannot fail to give entire satisfaction. Packet, 8 cents.

HARDY PRIMROSE
Veris—(English Cowslip.) Flowers of different colors, yellow, brown and yellow edged, etc.; very fragrant; six inches. Packet, 3 cents.
Vulgaria—The common yellow English Primrose; flowers fragrant and of a light canary-yellow color. Packet, 6 cents.
Auricula—(Primula Auricula.) A well-known favorite of great beauty, half-hardy perennial; six inches; mixed. Packet, 6 cents.

PRIMULA OBCONICA
(Illustrated on page 65.)
Primula Obconica is as near an everblooming plant as is possible to obtain. It has been known for twelve months without a break. Packet, 10 cents.

OXLASIS
(Illustrated on page 62.)
Exceedingly free-blooming little plants, with lively foliage and entirely covered with bright flowers from June to September. Very useful for edgings; choice mixed. Packet, 3 cents.

PEONY (Double Chinese Herbaceous)
(Illustrated on page 69.)
Grand, hardy, herbaceous plants, well-known ornaments of our gardens, with large double flowers in pink, crimson and white.

Mixed Colors—Packet, 10 cents.

LARGE SINGLE FLOWERING PETUNIAS
Giants of California—Gigantic flowers often five inches in diameter, of every conceivable shade of crimson, pink lavender, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veining in the throat. Many of the flowers have a clear yellow throat, while others have a pure black one, so deep that it seems to show no veining. Packet, 15 cents.

Blotted and Striped—Flowers with star-shaped blotches of symmetrical form; fine for bedding and window boxes. Price, packet, 3 cents.

Finest Mixed—A choice strain, including many of the large flowering varieties. Packet, 5 cents.

Good Mixed—Many colors. Packet, 3 cents.

Double Striped and Blotted—Finest varieties. Sure to produce a good percentage of double-flowering plants. Packet, 15 cents.

PHLOX DRUMMONDI NANA
This new strain is of dwarf, compact habit, growing about six inches high; splendid for pot culture or for ribbon lines and for massing.

Dwarf—In choicest mixtures. Packet, 5 cents.

PHLOX DRUMMONDI GRANDIFLORA
Or large-flowered section. These are decided improvements over the old class, with much larger flowers, a better range of colors and more compact growth.

Alba—Pure white; very large. Packet, 5 cents.
Large Blood-Red—The darkest colored. Packet, 5c.
Eclipse—Bright rosy-purple to violet. Packet, 5c.
Grandiflora—Choice mixed; all colors. Packet, 5c.

STAR-SHAPED PHLOX
Star of Quedinburgh—Of dwarf habit, bearing pretty star-shaped flowers, varying from violet-blue to deep rose and blood-red, margined with white; choice mixed. Packet, 5 cents.

HARDY PHLOX
(Illustrated on page 69.)
Phlox Decussata—These rank among the finest herbaceous perennials for beds or borders. Mixture of the finest colors. Packet, 6 cents.
GIANT PANSIES

Giant Trinardeau—Largest of all. The blossoms are simply enormous, perfect in form, and run through all the various colors, from the lightest shade to the darkest purple. Packet, 10 cents.

Giant Odler, Cassier and Bugnot—A superb mixture of these famous, large-flowered, spotted Pansies. The petals are large, of various colors, in the center of these or sometimes of all five of which are dark, velvety blotches, shading out toward the edges and ending in fine, hairy lines. Packet, 10 cents.

Giant Peacock—A striking variety, the upper petals being of a beautiful ultramarine-blue, while the lateral and lower are of a deep claret, with white margins. Packet, 10 cents.

International Mixture of Pansy Seed

The result of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare our International Mixture. It consists, besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier and Trinardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver-edged, marbled, mahogany spotted, claret-red, and many others. Our International Mixture will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, packet, 10 cents.

Mixture of Scarlet and Red Pansies

This is a mixture of special selections of Pansies with red and scarlet flowers. It is partly made up of such varieties as Meteor, Red Riding Hood, Cardinal, Fiery Faces and also from some special selections we had made for this mixture by several Pansy specialists. A bed of these Pansies presents a striking and beautiful effect and will please every lover of this favorite flower. Packet, 10 cents.

Any three packets of above named Pansies for 25c.

Bedding Pansies

A selection for bedding purposes, large flowers of good substance:

Packet, 3 cents; any four packets, 10 cents; or the whole collection for 25 cents.

Fine Mixed Bedding Pansies—Packet, 5 cents.

POPPIES

Well known hardy annuals and perennials flowering in great profusion throughout the summer. As early in spring as ground can be worked sow the seed where flowers are to bloom and cover lightly, since if planted too deep the seed will not germinate and the annual varieties do not bear transplanting. To insure a continuous bloom during a long season the flowers should be cut regularly and no seed pods allowed to form.

Snowdrift—Flowers as pure as the driven snow; large, double and full, yet soft and loose, like a great ball of snow. A mass of it in bloom is a grand sight. Its habit of growth is stout and compact, not attaining the height of most other large Poppies, which makes its enormous blossoms show to better advantage. Packet, 5 cents.

Fairy Blush—The flowers have the effect of a large, white feather ball, overcast with a rosy shade. Packet, 5 cents.

Shirley—A lovely single Poppies, with petals that seem stamped out of the most lustrous silk, and of the softest, most delicate colors or of the most brilliant hues, each flower widely margined with some other shade. No one can help admiring these beauties. Packet, 5 cents.

Carnation Flowered—Brilliant, large, showy, double flowers of various colors. Packet, 3c.

Peony Flowered—Splendid large double flowers, all colors mixed. Packet, 3 cents.

Special Poppy Mixture

Comprises not only all the Double and Single Poppies described, but also a number of other sorts, specially purchased for this mixture, including some entirely new ones. Will make a grand display. Packet, 10c.

ICELAND POPPIES

These Poppies produce flowers the first year from seed. The colors range from the purest white to the deepest orange and scarlet and have a delicious fragrance. For vase or house decorations they rank among the loveliest single mixed. Packet, 5 cents.

Double Mixed—Packet, 10 cents.
Portulaca.

PORTULACA
There is scarcely any flower in cultivation that makes such a dazzling display of beauty as a bed of many-hued brilliant colored Portulacae. They thrive best in a rather rich, light loam or sandy soil and an exposed sunny situation. Half-hardy annual.
Double Mixed—All colors. Packet, 5 cents.
Single Mixed—All colors. Packet, 3 cents.

Pyrethrum.

PYRETHRUM
Hybridum fl. pl.—Too much cannot be said in favor of this grand hardy perennial. Their main season of blooming is in June, but if the old flower stems are removed they will give a fair sprinkling of flowers in the autumn. The bloom is similar to that of an Aster, and ranges in color from pure white and the various shades of pink and red to deep purple; mixed. Price, packet, 5 cents.

Scabiosa.

SCABIOSA (Mourning Bride, or Sweet Scabiosa)
One of the handsomest summer border plants, producing in great profusion very double flowers in a variety of shades and colors; a splendid flower for table bouquets, etc. Hardy annual; one to two feet.
Double—All colors mixed. Price, packet, 5 cents.
Double Mixed Colors—Dwarf habit; fine colors. Price, packet, 5 cents.

Snowball—The plant is a strong grower, and the flowers are very large, perfectly double, and as white as snow. They are produced very freely. Packet, 5c.

Sweet William (Dianthus Barbatus.)

SWEET WILLIAM (Dianthus Barbatus)
For display in the garden, the Sweet William is unsurpassed. The seed can be planted very early in the spring, in open ground, and will bloom in autumn.
Fine Mixed—Packet, 3 cents.
Mixed Double—A great variety of colors. Packet, 5c.

SALVIA SPLENDENS
(Illustrated on page 58.)

Splendens—Large, scarlet; exceedingly showy and useful for cutting and for ornamental beds. Price, per packet, 5 cents.

Schizanthus.

SCHIZANTHUS (Butterfly, or Fringe Flower)
The Schizanthus has been called the "poor man's orchid" on account of their easy culture and resemblance in form and variety of coloring to some of the floral aristocrats. May be sown out of doors in spring where they are to remain, or started inside and transplanted when the weather is suitable. A sowing made in autumn will give an abundance of bloom through the winter. We offer a splendid mixture of this interesting flower at 5 cents per packet.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Select Named Large Flowering Sweet Peas

General List Price 5 cts per packet, any six for 25 cts, or entire collection of 21 packets for 75 cts. One ounce of any one variety 10c; ¼-lb, 30c.

Apple Blossom—Bright rosy-pink, beautifully blended white.
America—Bright blood-red striped on a white ground.
Blanche Burke—The finest white yet introduced. Flowers pure white; immense size. Profuse bloomer.
Blanche Ferry—Two weeks earlier than any other sort. Wings are nearly white, while the standards are a deep rose-pink. Hardy, vigorous and a dwarf grower.
Sunbeams—The large, finely formed flowers are a primrose or even yellow shade, very striking and attractive. An early forcing variety.
Venuse—Rosy buff-pink, wings a shade lighter, distinct and fine.

Countess of Cadogan—New; bright shining violet, wings pure sky-blue.
Dainty—White, daintily edged with pink.
Duke of Westminster—Standard clear purple; wings purple, with tint of violet.
Emily Henderson—Flowers large, pure satin-white, on long, stiff stems. Free and persistent bloomer.
Flora Norton—A very bright blue, quite different from kindred varieties, being a brighter blue and clearer color.
Jeanie Gordon—A fine rose delicately shaded with cream.
King Edward—Bright scarlet. A solid deep color and very large sized flower.
Little Dorrit—Pink, wings white.
Lovely—The flowers are very large and of fine form. A delicate shell pink tinged with yellow, producing a very warm soft color of exceeding beauty. There are often four flowers on a stem.
Maid of Honor—White edged with lavender-blue.
Mrs. Knight Smith—Finest pink.
Majestic—Fiery carmine, wings rose-madder.
Mars—Bright crimson. Large and gorgeous flowers.
Prima Donna—Soft pink; a fine shade and grand flower.
Senator—The finest dark striped flower. White ground, almost entirely covered with heavy stripes of brown and chocolate.

Please Read Schedule of Club Rates and Exceptions on Page One Before Sending Order.
TEN-WEEKS STOCKS

One of the most popular plants, either for bedding, massing or pot culture; for brilliancy and diversity of color or profusion and duration of bloom is unsurpassed. The Ten-Weeks Stocks are generally cultivated, and bloom from ten to twelve weeks after being sown; they grow from six to eighteen inches high, and when grown in light, rich soil, they bear an immense quantity of bloom, each plant forming a perfect bouquet of delightful fragrance. Half-hardy annual.

Early Ten-Weeks Stocks—Twelve of the finest colors mixed. Packet, 8 cents. Early Ten-Weeks Stocks—Pure white; very sweet. Packet, 5 cents.

TORENIA FOURNIERI

Lovely little annuals desirable for vases, pot culture, or for the open ground in beds or masses. Often used as a border plant. The blossoms are peculiar bell-shaped flowers of a velvety, porcelain-blue, with three large spots of a still darker blue, and a golden throat.

Price, 3 cents.

VIOLET

(Illustrated on page 59).

A fine collection of many fine varieties and colors—blue, lavender, white. Many of the finest scented varieties are included; mixed sorts. Packet, 6 cents.

VERBENA

(Illustrated on page 60.)

For garden beds or massing, the Verbena is unrivaled; flowers of the most brilliant colors, blooming continually from spring until late in the autumn. Although perennials, these form luxuriant plants and bloom profusely the first season.

Verbena White—(Sea Foam.) Large and sweet-scented. Packet, 5 cents.

Defiance—Scarlet. Packet, 5 cents.

Italian Striped—Packet, 5 cents.

Lutea—(Primrose.) Straw-yellow. Packet, 5 cents.

Shades of Blue, Mixed—Packet, 5 cents.

Extra Choice Mixed—Packet, 5 cents.

Mammoth Verbenas—The individual florets on properly grown plants over one inch across—or larger than a 25-cent silver piece. They bloom freely, are vigorous in growth, and contain all of the beautiful new colors and shades. Mammoth mixed colors. Packet, 10 cents.

WILD CUCUMBER

A very rapid growing climber which reaches a height of thirty feet in one season. It is covered with beautiful clusters of white sweet-scented flowers followed by an abundance of ornamental prickly seed pods. It will quickly cover a trellis, pillar, an old tree or an unsightly building, and will reproduce itself from self-sown seed every year. Hardy annual. Packet, 5 cents.

WALL FLOWER

Exquisitely fragrant, long spikes of single or double flowers. Single, large flowering, mixed, packet, 3 cents; double, large flowering, mixed, packet, 6 cents.

WILD FLOWER GARDEN

Each packet contains a great variety of pretty annual flowers of easy growth. The mixture will be found to be both interesting and useful. Interesting because new flowers open daily, “and you know not what a day may bring forth.” One ounce, 25 cents; one-quarter pound, 75 cents; pound, $2.50; packet, 10 cents.

Special Mixtures of Flower Seed

Flowers for Bouquets—This mixture contains seeds producing flowers suitable for cutting for vases and bouquets, nearly all having long stems and will furnish a constant supply of cut flowers throughout the entire season. Packet, 10 cents.

Mixture of Climbers—A packet of seeds containing over twenty beautiful annual climbers, useful for covering outhouses, trellises, etc. Packet, 10 cents.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
Other Standard Flower Seeds

needless to say that the seed of each is the best it is possible

Abria Umbellata—Ropy-like; very pretty trailing plants. Packet, 3c.

Ambrosia—Hardy annual with long spiral stems. Packet, 3c.

Anemone—Windflower. Producing large flowers early in the spring; fine for bouquets; mixed colors. Packet, 6c.

Asparagus Ve—A beautiful climber, having feathery foliage and scarlet berries which are quite ornamental. Hardy perennial; about ten to fifteen feet high. Packet, 5c. BYU yellow; very pretty; flowers suitable for edging or pot culture; blooms profusely throughout the summer. Packet, 3c.

Bryophyllum—White mixed. Packet, 3c.

Bryanopsis—An ornamental climber of the Gourd family, bearing green fruit, which changes in color as the season advances to a rich, rich white. Packet, 3c.

Cacti—Mixed sorts; thirty to fifty kinds. Packet, 10c.

Calendula—(Pot Marigold). Very beautiful annuals, resembling Double Asters; of rich colors and rapid growth; fine mixed. Packet, 3c.

Canary Bird Creeper—This handsome annual climber belongs to the Gourd family. The vines grow to a height of twenty feet, and are thickly covered with flowers, which are of clear golden-yellow. Packet, 3c.

Ceanothus—Beautiful climber. Packet, 3c.

Cyperus or Umbrella Plant—Grows finely in water with rich soil or mud, throwing up long stalks with narrow green leaves and many white seed heads. Packet, 6c.

Cypress Vine—Finely cut foliage and brilliant flowers. Packet, 3c.

Cynoglossum Celestis—(Blue Day Flower). Packet, 3c.

Datura—Mixed varieties. Packet, 3c.

Delphinium—(Perennial Larkspur). Showy and well-known hardy perennials, producing splendid spikes of flowers throughout the summer. Packet, 3c.

Euphorbia Margarita—(Snow-on-the-Mountain). Packet, 3c.

Ferns—Mixed; spores of many varieties. Packet, 13c.

Fiori Alba—Very easily grown from bulbs, which can readily be produced from seed. The flowers are pure white, with yellow throat; excellently fragrant. Packet, 6c.

For the following we have made up a series of mixed sorts to suit the most varied tastes and to secure a choice of colors and shades; that the gardener may have a wide range of choice from which to select. The list is so large that it is not possible to give a complete account of them. See下列的Forty Fresh for all the latest and most desirable varieties. Packet, 3c.

In this list we name, with prices, other Standard Flower Seeds. These are generally in lack of space, were omitted from the preceding descriptive list. It is

Feverfew—Double White Bachelor’s Button. Packet, 6c.

Gordian—Showy annuals, dwarf, compact growth bearing flowers of shades of blue, each with four inches across, of exactly the same colors and shades that gilt in the sunlight like satin; finest mixed. Packet, 3c.

Zinnias—All colors mixed.

Any Ten of the above named Varieties of Seed for 25c.

VELVET LAWN GRASS MIXTURE

Nothing adds more to the attractiveness of a home than a well-kept, close, velvety lawn. Our lawn grass seed is the best quality mixture of the finest varieties of natural grasses, embracing such as are of neat growth, hardy and best adapted to produce a permanent and fine turf. The quantity of seed required per acre is from three to four bushels. Our Velvet Lawn Mixture is a compound of grasses that ripen successively, thereby always presenting a green and cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun, and remain in that condition until the cool months of autumn revive them. Our Velvet Lawn Mixture will not be relied upon to produce the finest results, etc., Qt. 30c, postpaid; by express, $1.25.

PLEASE READ SCHEDULE OF CLUB RATES AND EXCEPTIONS ON PAGE ONE BEFORE SENDING ORDER.
STANDARD VEGETABLE SEEDS.

NURSERY DEPARTMENT

CHOICE FRUITS AND ORNAMENTALS.

NOT ALLOWED IN CLUB RATES—Prices on NURSERY STOCK are placed very low and we cannot allow them to be included in Club Rates, nor must they be taken as premiums. The trees here offered are young and thorny and fruit trees or shrubs are received before they can be planted, they may be safely kept for any length of time by having the roots packed in boxes of moist soil and stored in a cool cellar or shed. It is important to order foliage starts.

All nursery stock must be sent by express, unless otherwise stated in the offer. When offered by mail, postage is paid by us; if by but larger stock will be sent.

SPECIAL NOTICE—As our Nursery is a separate necessary that all nursery stock orders be shipped to kindly keep such orders separate from the Nursery stock will not be shipped with other plants. SHIPPING—APPLES AND OTHER LARGE TREES OR PLANTS CANNOT BE SHIPPED UNTIL SPRING OPENS, USUALLY ABOUT MARCH 1ST; AFTER THAT DATE ORDERS WILL BE FILLED WITHIN 10 DAYS OF RECEIPT. GRAPE VINES AND OTHER SMALL FRUITS CAN BE SENT WHEN DESIRED.

TREES BY MAIL—We have a choice lot of small one-year-old trees suitable for mailing to our customers in distant States, thus saving them heavy express charges. We know many will avail themselves of this opportunity of getting trees who could not otherwise do so.

THE BEST NEW APPLES

YELLOW TRANSPARENT.

The best early Apple grown. Ripens in June and is fit to cook before any other Apple. Bears abundantly at an early age. Frequently yielding fruit at two years old in the nursery row. Price, 3 cents each; $3.00 per dozen. Mailing size, 20 cents each; $2.00 per dozen.

WINTER MAIDEN BLUSH

This variety is identical with Fall Maiden Blush, except in time of ripening and keeping qualities, it being a winter Apple and a splendid keeper. The value of such a variety cannot be over-estimated. From the weight of testimony in its favor, we have decided to grow it in quantities to supply the increased demand. Price, 35 cents each; $3.00 per dozen. Mailing size, 30 cents each; $3.00 per dozen.

BISMARCK

The Apple Novety.

Tree in dwarf form bears at two years old. Fruit large, handsome, yellow, sometimes shaded red cheek; flesh tender, pleasant sub-acid. Price, 35 cents each; $3.00 per dozen. Mailing size, 30 cents each; $3.00 per dozen.

OPALESCENT

The New Century Apple.

All who have examined the Opalescent regard it as the handsomest Apple grown. It is not only highly colored, but susceptible of a very high polish, reflecting objects near it like a mirror. This feature makes it a highly prized sort for fruit stands. The flesh is yellowish, tender, juicy and good; size large to very large, and color light, shading to very dark crimson. Season December to March. Price, large size, 75 cents each (by express only). Mailing size, 35 cents each; $3.00 per dozen.

NURSERY STOCK MUST NOT BE INCLUDED IN CLUB RATES.

THE BEST CHERRIES

MONTEREY

A valuable market sort; 10 days later than E. Richmond. Splendid for canning. Very large, dark red; rich flavor. Splendid for home or commercial planting. Price, 50 cents each; $5.00 per dozen. Mailing size, 30 cents each; $3.00 per dozen.

MONTEREY

Dye House, Early Richmond, Montmorency, May Duke, Windsor, Yellow Spanish, Governor. Price, large size, 75 cents each (by express only). Mailing size, 35 cents each; $3.00 per dozen.

Please read schedule of club rates and exceptions on page one before sending order.
THE BEST PEACHES

Matthews’ Beauty—A large, yellow Peach. Fruit is of the largest size; skin a beautiful golden-yellow; flesh firm, of excellent flavor, freestone. Ripens about two or three weeks after Elberta, at a season when Peaches of this class bring high prices in the market. Price, first-class, 25 cents each; $2.50 per dozen; $12.00 per 100; medium, 20 cents each; $2.00 per dozen; $9.00 per 100; small, mailing size, 20 cents each, postpaid.

Admiral Dewey—The Admiral Dewey is a perfect freestone Peach. The flesh is of uniform color and texture to the pit. The tree is strong, symmetrical grown, and as near perfection as we can obtain in a single variety. Price, one-year-old trees, by express, 25 cents; $2.50 per dozen; mailing size, 20 cents each.

Lorentz—This is one of the ironclad varieties, and has never failed a crop yet. Fruit is unusually large, season late. It is a freestone of the best quality and bears enormously. Price, first-class, 25 cents each; $2.50 per dozen; medium, 20 cents each; $2.00 per dozen; small, mailing size, 15 cents each.

Stump the World, Wonderful
Elberta, Yellow St. John.

APRICOT

Harris Hardy—“The Harris Apricot is being largely grown for commercial purposes, and is a market success. The fruit is fully as large as the best Apricot grown in California, and so much better quality as to make and hold a place in the market against the very best from California.”

Price, 25 cents each; $3.50 per dozen.

NECTARINE

A most delicious smooth-skinned fruit, which thrives wherever peaches will grow, but is liable to be stung by the curculio, and requires the same treatment as plums. Price, 25 cents each; $2.50 per dozen.

THE BEST PLUMS

Shipper’s Pride—Large, dark purple, very showy, often measuring 2 inches in diameter; fine, juicy and sweet. Splendid for eating out of hand or for canning. Very profitable market sort. Small pit. Very prolific. Price, 35 cents each; $3.50 per dozen. Mailing size, 25 cents each; $2.50 per dozen.

QUINCES

Price, mailing size, 25 cents; first-class, two years, 30 cents each, $3.00 per dozen, by express.

Meech’s Prolific—Good grower, productive, bears young, fruit large, yellow, showy; good for cooking.
Orange—Large, roundish bright golden-yellow; cooks tender and is of excellent flavor; very productive; the most popular and extensively cultivated variety. October.

Champion—Originated in Connecticut. A prolific and constant bearer; fruit larger than the Orange, more oval, as good and a longer keeper. October and November.

THE BEST PEARS

Konce Pear—Fruit medium to large; skin yellow, with a very handsome blush. Ripens two weeks earlier than Harvest Belle. Price, first-class, 40 cents each, $4.00 per dozen; medium, 30 cents each, $3.00 per dozen.

Vermont Beauty Pear—An annual and abundant bearer. The fruit approaches that most delicious Pearl, the Seckel. It is full-medium size, yellow; flesh melting, rich, juicy, aromatic. Price, first-class 40 cents each, $4.00 per dozen; medium, 30 cents each, $3.00 per dozen.

Rosnessy—In size medium to large; very fine grained, flesh melting, Juicy, very sweet. Ripens two weeks after Bartlett. Price, first-class, 50 cents each; second-class, 40 cents each.

GENERAL LIST OF PEARS

Each. Dozen.

VERMONT BEAUTY

NO EXTRA ALLOWED ON FRUIT ORDERS.
Our line of Small Fruits is the finest in the country. This class of goods can all be sent by mail, postpaid, if desired. Note carefully the amount extra for postage if wanted sent in that way.

RASPBERRIES

If wanted by mail add 40 cents per 100 for postage.

Earhart Everbearing—One of the best of the ever bearing Raspberries, producing a moderate crop on last year’s canes at the usual season, and a second crop in September upon the new canes. The plants are vigorous and healthy. The fruit is glossy black; quite firm. Price, 25 cents each; $2.00 per dozen, postpaid.

King Raspberry—The earliest Red Raspberry on record. It is the early Red Raspberry that makes the big money—often selling for 25 cents per quart. You want to add this one to your collection. Round, medium size; light crimson color; moderately firm and of excellent quality. The King Raspberry is fine, indeed—large firm, beautiful color, prolific, and all that can be desired in the way of an early Red Raspberry. Price, 10 cents each; $1.00 per dozen by mail, or $3.00 per 100 by express.

OTHER VALUABLE NEW RASPBERRIES.

10 cents each; $1.00 per dozen, by mail, or $3.00 per 100 by express.

Cumberland, Cardinal, Gault, Munger, Haymaker.

GENERAL LIST OF RASPBERRIES.

Price, 50 cents per dozen; $1.50 per 100. Add 40 cents per 100 if wanted by mail. By the dozen, postage paid.

Eureka, Greg, Lotta, Palmer, Souhegan, Conrath, Kansas, Ohio.

—Red, Yellow and Purple Varieties—

Brandywine, Golden Queen, Miller, Shafter Col, Turner, Hansel, Cuthbert, Marlborough, Loudon, Columbian, Rancocas.

CURRANTS

THE CHAUTAUQUA CLIMBING CURRANT.
The Greatest Wonder of the Age.

This remarkable new Currant differs from all other Currants in its habit of growth. It will cover a trellis like a grapevine or grow to a height of 14 to 15 feet if trained to some building. The fruit is of the very largest size, sweet and prolific. It attracted much attention at the Buffalo Exposition, where it was on exhibition for six weeks and was awarded a silver medal as an expression of its opinion of the worth of this fine currant. Price, 50 cents each, 12 plants for $5.00.

NEW VARIETIES—Red Cross, Pomona and Wilder.

Price, 15 cents each; $1.50 per dozen, postpaid.

OTHER VALUABLE VARIETIES.

Price, 10 cents each; $1.00 per dozen, postpaid; $6.00 per 100, by express. If wanted by mail, add 40 cents per 100 for postage.

Cherry, Fay’s Prolific, Red Dutch, Victoria, White Grape, North Star.

VALUABLE $1.00 CURRANT COLLECTION.

We will send by mail, postpaid, two plants each of the following named extra fine Currants, best of the list, for only $1.00: 2 Wilder, 2 Red Cross, 2 Pomona, 2 Fay’s Prolific, White Grape and 2 North Star—12 plants in all for only $1.00.

Or, we will send 12 plants of each by express (not prepaid) for only $5.00. This is a grand collection and should be in every garden. They succeed everywhere.

GOOSEBERRIES

Industry—The popular English variety; excellent quality; very large. Price, 15 cents each; $1.50 per dozen.

Redjacket—Best new American sort; does not mildew; excellent quality. Price, 15 cents each; $1.50 per dozen.

Downing—Very popular; large, pale green. Price, 15 cents each; $1.50 per dozen.

Houghton—Well-known red variety. Price, 10c each; $1.00 per doz.

Pear—This is a very desirable American variety. It is very hardy, entirely free from mildew, superior in size and quality and more productive. Price, 15 cents each; $1.50 per dozen.

VALUABLE $1.00 GOOSEBERRY COLLECTION.

We will send by mail, postpaid, 2 plants each of the above-named varieties for only $1.00. THINK OF IT—2 Industry, 2 Redjacket, 2 Downing, 2 Houghton and 2 Pear, for only $1.00. 12 of each by express (not prepaid) for $5.00.

GRAPE VINES

For varieties and prices see page 4, also illustrated in colors on insert page.
STRAWBERRIES

NOTE—The blossoms of those marked with (p.) are destitute of stamens and are termed pistillate, and unless a row of perfect flowering variety is planted at intervals not exceeding a rod, they will produce imperfect fruit, and but little of it; but when properly fertilized, as a rule, they are more prolific than those with perfect flowers.

REPEATER

New Strawberry.
(Two Crops Produced in One Season.)
Fruit has been picked in the open field in September from the same plants that produced a bounteous crop in June. The fruit is very large when well grown, a glossy crimson, oblong and of a point. In its favor is that it is very easily hulled. It is a perfect blossomed variety, medium to late. Price, 50c per dozen, postpaid; $1.50 per 100, by express; if by mail, 20 cents extra per 100 for postage.

NEW MARIE

Beyond doubt the most prolific and profitable berry in existence today. In yield we will put it up against any new or old variety. The blossom is perfect; season same as Bubach and Haverland. The berries are round as a ball, dark crimson in color; flesh dark, quality first-class, holding up in size to the very last pickings. Price, 50c per dozen, postpaid; $1.50 per 100, by express; if by mail, 20 cents extra per 100 for postage.

NEW VARIETIES.
Price, 50c cents per dozen by mail; 100 for $1.50 by express. If wanted by mail, add 20 per cent per 100.

Pineapple, Senator Dunlap,
Rough Rider, Kansas,
Sunshine, Uncle Jim.

GENERAL LIST OF STRAWBERRIES.
Price, by mail, 25 cents per dozen; by express, 75 cents per 100. If wanted by mail add 20 cents per 100 extra.

NOTICE—Our Blackberries by mail in any quantity if 40 cents per 100 extra is added for postage.

Some Choice Fruit Novelties

THE LOGAN BERRY—A hybrid between the Raspberry and Blackberry. The fruit is as large as the largest Blackberry, and is produced in immense clusters. The color is a clear, dark red. It partakes of the flavor of both the Blackberry and the Raspberry—mild, pleasant, vinous flavor. Delicious and peculiar to this berry alone. Seed small, soft and few. Berries very firm, and carry well. Strong grower; enormous bearer. Fruit ripens early, just after Strawberries. Price, 20 cents each; $2.00 per dozen, by mail, postpaid.

CRYSTAL WHITE BLACKBERRY—Berries of fine, translucent white, of good size, sweet and pleasant. Canes prolific, but not entirely hardy. Should be planted near other sorts to fruit well. Price, 10 cents each; 75 cents per dozen.

IMPROVED DWARF JUNE BERRY—A good substitute for the large or Swamp Huckleberry. The fruit is borne in clusters, and is reddish-purple in color changing to a bluish-black. In flavor it is a rich, sweet sub-acid, excellent as a dessert fruit or canned. Price, 10c each; $1.00 per dozen, by mail, postpaid.

BUFFALO BERRY—Perfectly hardy everywhere. Grows 5 to 6 feet high. Fruit valuable for pies and canning. Price, 25c each; postpaid, $2.00 per dozen.

ROCKY MOUNTAIN CHERRY—This shrub originally grew wild in the Rocky Mountains. The fruit has been greatly improved by cultivation, and is claimed to be, when fully ripe, the best fruit of the season. It is jet black and about as large as English Morello Cherry. Price, 20 cents each; $3.00 per dozen.

JAPANESE WINEBERRY—This interesting plant belongs to the Raspberry family. The fruit is borne in large clusters and each berry is at first tightly enveloped by the large calyx, forming a sort of burr. For jelly making, canning and preserving, it is without an equal. Price, 10 cents each; $1.00 per dozen, by mail, postpaid.

NEW DEW BERRY PREMO—Much like Lucreta, but very distinct, and exceedingly early, being seven to ten days ahead and all cleaned off before Lucreta is beginning. Quality and size uniform. Was found in a Lucreta patch. Price, 10 cents each; $1.00 per dozen.

JAPAN GIANT CHESTNUT—Of the many good fruits introduced from Japan, none are more worthy than the Japan Giant Chestnut. The tree is quite ornamental, hardy, and very productive, of dwarf compact habit, and being too young that the little trees are frequently loaded with fruit while in the nursery rows. The nuts are of enormous size, about four times as large as the common chestnut, and are marketable at high prices. The Japan Giant Chestnut is a tree that every one should plant. It is the best chestnut yet introduced. Its merits will be more and more appreciated as it becomes better known. Price, 25 cents each, 6 for $1.25, postpaid. Two-year-old, 35 cents each, $3.50 per dozen, by express.

Japanese Wineberry.

We have also the American Sweet Chestnut same price as above.
BEAUTIFUL SHADE AND ORNAMENTAL TREES
FOR STREET, ROADSIDE AND PARK

Beautify your homes and add comfort and value to your property by planting trees. He is truly a benefactor who plants and rears a tree where only weeds grew before.

CAROLINA POPLAR

One of the most rapid growing trees; with large, deep green leaves that are glossy and handsome. Excellent for street planting; especially desirable in large cities, where it resists smoke and gas. 8 to 10 feet, 50 cents each, $5.00 per dozen, $35.00 per 100.

Plant all waste places, roadsides, creek banks, gravel hills, etc., to this quick growing timber. It will be worth $100 to $200 per acre in 10 to 12 years.

Horse Chestnut,

HORSE CHESTNUT

A very beautiful, well known tree, with round, dense head, dark green foliage, and an abundance of showy flowers in early spring, and bears beautiful brown nuts in autumn, the delight of children. Price, 6 to 8 feet $1.00 each, $10.00 per dozen.

Norway Maple,

NORWAY MAPLE

One of the finest for street planting or for single specimen on the lawn for permanent shade. It grows slow, but is a beauty when once well started. It makes a beautiful dense shade. Top round and symmetrical. Thrives everywhere. Price, 8 to 10 feet, $1.00 each, $10.00 per dozen.

AMERICAN WHITE ELM

A magnificent, stately tree, with wide spreading head and drooping branches. Price, 75 cents.

SEPARATE SHIPMENT IS MADE OF NURSERY STOCK.
CATALPA BUNGII

Grafted on stems six to eight feet high, it makes an umbrella-shaped top without pruning. Perfectly hardy and flourish in almost all soils and climates. Leaves large, glossy, heart-shaped, deep green; lay like shingles on a roof; always making a symmetrical head. Desirable for lawn, park, and cemetery planting. Price, 6 to 8 feet, each, $1.00.

Beautiful Hedge Plants

Nothing adds so much to a home as beautiful hedge fences.

Hedge of California Privet.

CALIFORNIA PRIVET

A quick, strong growing shrub, yet easy to control by use of shears or knife, to any desired shape. Fine for hedges between city lots, on large rural grounds, parks, cemeteries, in single clumps, or with other shrubs; also as screens to outbuildings, fences, etc. Very hardy, easy to grow on all soils, even in partial shade; almost evergreen, its rich, leathery-green foliage changing to purple in winter. Each, 10 cents; by express, $5.00 per 100; $25.00 per 1,000.

BARBERRY

(Purple-Leaved.)

Foliage and fruit of a violet-purple color, very striking; fine for single specimens; also desirable ornamental hedge plant. 25 cents each.

JAPAN QUINCE

A very showy and popular shrub, which blooms profusely in early spring; flowers dazzling scarlet. Makes an excellent hedge. 25 cents each.

GARDEN ROOTS

ASPARAGUS

Price 50c. Dozen postpaid, or $1.25 per 100, $8 per 1,000 by Express.

Donald's Elmira—This is undoubtedly the largest and best Asparagus grown. In size, color and yield it far surpasses any other variety in cultivation, while we find it to be less susceptible to disease than any other. No one should fail to try it.

Palmetto—A valuable new variety, and is being planted very largely; nearly twice the size of Conover, fully as early and as productive; flavor excellent.

Barr's Mammoth—A variety that comes highly praised. Said to be much more productive than Conover's Colossal.

Conover's Colossal—The old standard and popular variety, a good producer, of large, quick growth, and superb in quality.

Columbian Mammoth White—A distinct variety of mammoth size, great yield and superior quality; remarkable for the clear whiteness of its stalks, which retain their purity of color until several inches above the surface.

RHUBARB OR PIE PLANT

Linnaeus—Large, early, tender and fine. The very best of all. Price, 15c each; eight for $1.00, postpaid; $4.00 per 100 by express.

Queen—Strong, vigorous grower, producing extra large stalks of finest quality, of a decided pink color. For canning or cooking in any way in quality is unsurpassed. Price, 15 cents each; eight for $1.00, postpaid; $4.00 per 100 by express.

HORSERADISH

Sets—Price, per dozen, 25 cents, postpaid, or by express, 100 for $1.25; $8.00 per 1,000.

VALUABLE COLLECTION OF GARDEN ROOTS

Only $2.00 by express (not prepaid), or $2.50 by mail, postpaid. A complete garden collection of health giving roots sure to please you.

25 Donald's Elmira Asparagus. 25 Columbian White Asparagus.
25 Palmetto Asparagus. 6 Linnaeus Rhubarb.
25 Barr's Mammoth Asparagus. 6 Queen Rhubarb.

Think of such an offer for only $2.00—fully worth double that amount.

CLUB RATES ARE NOT ALLOWED ON NURSERY STOCK ORDERS.
MODEL $5.00 FRUIT GARDEN

OR ONE-HALF THE NUMBER $3.00.

BY EXPRESS, PURCHASER PAYING CHARGES.

Varieties so arranged as to have fresh fruit on your table from May 10th to November 1st. Think of such a treat for only $5.00; and fine fruit, too; just as fine as ever went on the table of a Gould or Vanderbilt. If you cannot be a millionaire, there is no reason why you cannot live like one. If properly taken care of you may reasonably expect a yield of 25 to 40 bushels annually from this model garden. Will plant about one-eighth of an acre of ground. Why not interest your boys and girls in profitable horticulture? It is worth five times its cost.

25 Marie Strawberries.
25 Sample Strawberries.
25 Lovette Strawberries.
25 Excelsior Strawberries.
2 Houghton Gooseberries.
2 Downing Gooseberries.
2 Pearl Gooseberries.
3 North Star Currants.
3 Victoria Currants.

250 CHOICEST PLANTS, selected to cover the entire summer with fresh fruit in quantity for any family, with at least $25.00 for sale each season besides, if well cared for.
